Rainbow Chronicles:

The Rainbow Chronicles Dave Pipitone, 2004-05 *Rainbow's End* Ellis Peters, 2015-12-22 When an antiques mogul is murdered in an English village there are many suspects and very few tears making it a difficult case for Superintendent Felse. The sleepy village of Middlehope is suddenly jerked into life by antiques mogul Arthur Rainbow. In a whirlwind of activity he extravagantly refurbishes the manor house, joins the golf club, angling society and arts council and in a ruthless coup dislodges the old church organist to take over the position himself. But for all his reforming zeal the Middlehope community rejects Rainbow. And when Rainbow's crushed body is found in the graveyard of Saint Eata's church there is very little surprise or sorrow but much speculation as to whom the murderer could be. After all there are so many candidates from his young beautiful flirtatious wife to the usurped organist and his mutinous choir. It falls upon Superintendent George Felse, newly promoted head of the Midshire CID to solve this most perplexing murder case. *Rainbow's End* is the 13th book in the Felse Investigations but you may enjoy reading the series in any order.

Prologue: Once upon a time in a land far away there was a Kingdom where all was right and good. It was a magnificent place. The land was like a lush garden. The people were blessed with abundance and peace. Everything and everyone was in touch with the Throne of the Almighty. The Rainbow spanned the sky and touched both ends of the Kingdom, east and west. Then one day trouble struck. Half of the Rainbow was stolen and disappeared: the side that touched the east part of the land. The land in the east became desolate and was named Eregon. One end of the Rainbow still rested in the land in the west which flourished and became known as Neer-stazone. The right and good of the Kingdom stayed with Eregon. Yet even with the Rainbow's End touching it, Neer-stazone held a dark, sinister secret locked deep within the land. That division was never intended by The Almighty Who created the Great River to separate and protect the two peoples until the land could be restored. And so our story begins.

My Rainbow Chronicles Phillip H. (Phillip Hardwick) Porter, 1999-01-01 Fiction in the Quantum Universe Susan Strehle, 2000-11-09 In this outstanding book Susan Strehle argues that a new fiction has developed from the influence of modern physics. She calls this new fiction actualism and within that framework she offers a critical analysis of major novels by Thomas Pynchon, Robert Coover, William Gaddis, John Barth.

Margaret Atwood and Donald Barthelme According to Strehle the actualists balance attention to questions of art with an engaged meditation on the external actual world While these actualist novels diverge markedly from realistic practice Strehle claims that they do so in order to reflect more acutely what we now understand as real Reality is no longer realistic in the new physical or quantum universe reality is discontinuous energetic relative statistical subjectively seen and uncertainly known all terms taken from new physics Actualist fiction is characterized by incompletions indeterminacy and open endings unsatisfying to the readerly wish for fulfilled promises and completed patterns Gravity's Rainbow for example ends not with a period but with a dash Strehle argues that such innovations in narrative reflect on twentieth century history politics science and discourse *Words Worth Reading: Issue Four* Diane Wordsworth, 2025-07-30 A collection of short stories serials and serialisations In this issue Short Story Mavis Braithwaite Strikes Again Short Story Killer Queen Complete Novella Stevie Beck and the Body in the Lake Short Story The Ace of Pentacles Novel Excerpt Catch the Rainbow Part 1 of 4 From the Archives Alexandra's Ragtag Band

A shocking revelation in a diva's will leads to murder in this chilling whodunit from the Edgar Award-winning author of the *Chronicles of Brother Cadfael*. It's not surprising that adored British opera star Antonia Byrne would want her death to be as dramatic as the roles she performed on the world's great stages. Even so, the existence of a new will surprises everyone, especially the six loved ones gathered at her deathbed in Vienna. When the mourners' private plane is brought down by a blizzard, trapping them together in the Swiss Alps, they decide to unseal Antonia's final testament rather than wait till they're back home in England. But no one is prepared for what the diva stipulated as her final wishes, especially not her ex-lover Richard, who has been burdened with a most unwanted responsibility. And as the storm continues, keeping the local constabulary snowbound and out of reach, the stranded six will now have to struggle to stay alive. Because suddenly, it's not only nature's fury threatening their survival, but the murderous wrath of one of their own. *The Will and the Deed* is at once an intriguing puzzle and a breathtaking survival adventure from the Edgar, Agatha, and Gold Dagger Award
