G. Eberle, 2004-02-23 According to Native American legends the White Buffalo Calf Woman s return would foretell a golden era of harmony where men will finally live in peace as brothers in concert with the planet Earth But before this age can begin Grandmother Earth begins to fight back against mankind with natural disasters for polluting her and destroying whole species of animal life Legends speak of one who is a unification of the Red Man and the White Man but destined to represent all Alex Harlow was searching for his past when it came for him and would change his life forever in ways he never dreamt possible Now blessed with powers beyond imagination and the sacred mission to preserve not only life on the planet but Grandmother Earth herself Alex Harlow now faces his destiny as The Rainbow Warrior *A Rainbow Warrior's Way* Dominic Smith, 2008-02-20 A young man s journey of awakening after travelling amidst many paths A book of insights to a broader more grand picture of life Fantasy fact or fiction even Albert Einstein stated truth is sometimes stranger than fiction To which he was also known for his reverence for the imagination Imagine **Rainbow Warriors** Maite Momo, 2014-10-20 Following the lives of the three ships with the name Rainbow Warrior this book written by a long serving Greenpeace activist tells the inside stories of life on board and recounts some of the ship s most exciting adventures and actions It is at once a narrative of real life on board a history of some of the most famous vessels in the world and also a history of Greenpeace itself which goes beyond the oceans and touches on many aspects of the organization s work In the end though it aims to bring out the personal stories and firsthand accounts of the ships adventures tales from the high seas full of action and daring but also of humanity and great compassion Starting with the early life of Greenpeace and the bombing of the Rainbow Warrior I by the French secret service through to the imprisonment of the Arctic 30 by the Russians the stories are brought to life with photos from the Greenpeace archives maps and nautical charts The most symbolic items belonging to the ship s historical inventory are be also included Maite Momo has been a Greenpeace activist for over ten years With the sea in her

Dhyani Ywahoo,2005-07-13 Legend of the Rainbow Warriors is a journalist s account of one of the core myths of America and an electrifying exploration of how that myth is playing out in real time One dominant myth is formed by advertising images of vast luxurious wealth the myth of materialism Another myth is conjured in the bloody sorrowful images that pervade movies music and computer games the myth that the world is hate filled and chaotic beyond redemption The Legend of the Rainbow Warriors offers a spiritual alternative of hope and real possibility based upon respect freedom and responsibility As drawn from dozens of historical accounts the Legend of the Rainbow Warriors relates that when the Earth becomes desperately sick people of all colors and faiths will unite and rise to face the overwhelming challenges with insight honesty caring sharing and respect Veteran writer Steven McFadden weaves the myths and the headlines together seamlessly in a rich work of literary journalism that is adroitly crafted eye opening and soul inspiring **Noah's Arkive** Jeffrey J. Cohen,Julian Yates,2023-06-13 A timely rethinking of the archetypal story of Noah the great flood and who was left behind as the waters rose Most people know the story of Noah from a children s bible or a play set with a colorful ship bearded Noah pairs of animals and an uncomplicated vision of survival Noah s ark however will forever be haunted by what it leaves to the rising waters so that the world can begin again In Noah s Arkive Jeffrey J Cohen and Julian Yates examine the long history of imagining endurance against climate catastrophe as well as alternative ways of creating refuge They trace how the elements of the flood narrative were elaborated in medieval and early modern art text and music and now shape writing and thinking during the current age of anthropogenic climate change Arguing that the biblical ark may well be the worst possible exemplar of human behavior the chapters draw on a range of sources from the Epic of Gilgamesh and Ovid s tale of Deucalion and Pyrrah to speculative fiction climate fiction and stories and art dwelling with environmental catastrophe Noah s Arkive uncovers the startling afterlife of the Genesis narrative written from the perspective of Noah s wife and family the animals on the ark and those excluded and so left behind to die This book of recovered stories speaks eloquently to the ethical and political burdens of living through the Anthropocene Following a climate change narrative across the millennia Noah s Arkive surveys the long history of dwelling with the consequences of choosing only a few to survive in order to start the world over It is an intriguing meditation on how the story of the ark can frame how we think about environmental catastrophe and refuge conservation and exclusion offering hope for a better future by heeding what we know from the past The Book of Genesis Herbert Edward Ryle,1921 *A Century of Spies* Jeffery T.
