Diversity Programming for Digital Youth Jamie Campbell Naidoo, 2014-06-24 Combining information about outreach to diverse populations selection of culturally diverse children s print and digital media and library programming this book is the tool librarians need to promote cultural understanding through engaging children s programs designed for today s culturally diverse youth Today s children live in a culturally diverse and constantly changing digital world New digital media is created every day but librarians and other educators need help in evaluating cultural content in digital apps determining whether they send appropriate social messages to children and learning how to use them in library programs that promote cultural competence Diversity Programming for Digital Youth Promoting Cultural Competence in the Children s

Library provides just the help that is needed This resource is the only one to examine the role of culturally diverse digital media and how it can be used with children s books to promote cultural competence in the library It provides annotated lists of digital media paired with culturally diverse literature to offer librarians and educators a springboard for creating enriching engaging and culturally relevant programs for children from diverse backgrounds The sample digital storytime programs celebrating diverse cultures will benefit busy librarians looking for ways to engage reluctant readers in library storytimes

The Trials of Evidence-based Education Stephen Gorard,Beng Huat See,Nadia Siddiqui,2017-06-26 The Trials of Evidence based Education explores the promise limitations and achievements of evidence based policy and practice as the attention of funders moves from a sole focus on attainment outcomes to political concern about character building and wider educational impacts Providing a detailed look at the pros cons and areas for improvement in evidence based policy and practice this book includes consideration of the following What is involved in a robust evaluation for education The issues in conducting trials and how to assess the trustworthiness of research findings New methods for the design conduct analysis and use of evidence from trials and examining their implications What policy makers head teachers and practitioners can learn from the evidence to inform practice In this well structured and thoughtful text the results and implications of over 20 studies conducted by the authors are combined with a much larger number of studies from their systematic reviews and the implications are spelled out for the research community policy makers schools wanting to run their own evaluations and for practitioners using evidence

Children's Media Market Place Carol A. Emmens,1982 *Rainbow Family Collections* Jamie Campbell Naidoo,2012-04-13 As one of the only highly praised resources on this important topic this thoughtfully compiled book examines and suggests picture books and chapter books presenting LGBTQ content to children under the age of 12 Highlighting titles for children from infancy to age 11 Rainbow Family Collections examines over 250 children s picture books informational books and chapter books with LGBTQ content from around the world Each entry in Rainbow Family Collections supplies a synopsis of the title s content lists awards it has received cites professional reviews and provides suggestions for librarians considering acquisition The book also provides a brief historical overview of LGBTQ children s literature along with the major book awards for this genre tips on planning welcoming spaces and offering effective library service to this population and a list of criteria for selecting the best books with this content Interviews with authors and key individuals in LGBTQ children s book publishing are also featured Library Programs and Services for New Adults Kyla Hunt,2017-10-06 Addressing the needs of new adults those ages 18 29 in the library is an important challenge This book explains the needs and wants of new adults in the public library setting and identifies their preferences in physical space programming and technology According to the Pew Research Center s 2015 Libraries at the Crossroads Report 52 percent of people between the ages of 16 and 29 visited a bookmobile or library within the past year Yet many public libraries programming and outreach skip over this demographic jumping from teen services to older adults Library Programs and

Services for New Adults provides a road map for including new adults into the family of the small public library and offers a variety of resources and programming ideas that librarians can use immediately

Author Kyla Hunt a library technology and trends specialist explains why the needs of new adults are typically overlooked at public libraries defines who new adults are and explains why serving their needs is key to the success of today's public libraries Readers will come away with an in depth understanding of the mindset and needs of patrons who are 18 to 29 years old and be able to cater to their preferences as they pertain to physical space programming technology and marketing

Why Kids Can't Read Patrick R. Riccards, Phyllis Blaunstein, Reid Lyon, 2014-12-18 Nearly forty percent of all fourth graders in this country cannot read at grade level and this number rises to sixty percent for children coming from poor families This gap in learning increases as students go through grade school and is a primary reason for school failure Ironically this problem comes even after comprehensive research demonstrates that nearly all children can learn to read if taught using proven effective instruction Here the authors describe the principles of this research in language that non educators can understand and educators can use It discusses how to recognize whether the research on reading is being used appropriately and if not how to make that happen Through the eyes of parents and educators who have succeeded in their own struggles to change the educational system the book provides the reader with the tools and knowledge for transforming the way reading is taught in their children's classrooms This book takes the reader step by step through an understanding of the research on reading and ways in which a single determined person can make a difference in the learning ability of every student in our nation's schools Part One is a series of chapters written by individuals who discuss what they experienced during these battles and what made them successful Part Two is written by a series of experts who describe how they have overcome the challenges involved in creating widespread change in school systems This second edition also includes information on Common Core State Standards increased testing and accountability efforts and related policy issues that directly impact how children learn to read The appendix is filled with resources people places sample tools a glossary and bibliography to help the reader Some key features of this book include Easy to understand descriptions of research First person stories of how they have helped teach their kids to read Clear understanding of scientifically based reading and how it can be applied to the classroom Summary of reading related Common Core State Standards Sample tools for parent advocates Resource lists of government officials organizations that can help with reading efforts
