Rainer Maria Rilke Siegfried Mandel,1965 **Rainer Maria Rilke** Siegfried Mandel,1965 **The Eroticization of Distance** Joseph D. Kuzma,2016-07-26 In *The Eroticization of Distance* Nietzsche Blanchot and the Legacy of Courtly Love Joseph D Kuzma explores the significance of courtly erotic themes in Friedrich Nietzsche s mature philosophy and in Maurice Blanchot s writings of the 1940s and early 1950s Rather than offering an account of erotic relationality that prioritizes reconciliation fulfillment or release Nietzsche attempts to formulate a nonteleological eroticism that aims at nothing but the perpetual intensification of desire Kuzma suggests that it is Blanchot who carries Nietzsche s courtly erotic tendencies to their most provocative point by highlighting potentials for intimate relationality that might be established through a shared experience of dispossession and loss This first monograph to engage specifically with the theme of eroticism in Blanchot s writings will be of interest not only to students and scholars of Nietzsche Blanchot or French philosophy but also anyone interested in the philosophy of sexuality the history of love theories of the emotions or nineteenth and twentieth century European thought more generally *In the Company of Rilke* Stephanie Dowrick,2011-11-10 Connecting to your inner life through the transformative poetry of Rainer Maria Rilke *In the Company of Rilke* is a rare book about a rare poet Rainer Maria Rilke was a giant of twentieth century writing who remains a visionary voice for our own time captivating readers not only with his brilliance but also his fearlessness about the deepest things Speaking through his own contradictions and ambivalences he gives readers a profound understanding of the complex beauty of human existence Here questions matter more than answers Here a poet can speak directly to God while also doubting God Astonishingly this is the first major study of Rilke from a spiritual perspective even though the greatest of Rilke s gifts was to show how inevitably life centers upon a profound mystery to which we can freely open ourselves Drawing on her deep understanding of the gifts of Rilke s writings as well as her own personal spiritual seeking Stephanie Dowrick offers an intimate and accessible appreciation of this most exceptional poet and his transcendent work [The Poetry of Rilke](#) Rainer Maria Rilke,2024-09-04 Journey into the heart of German poetry with this bilingual collection of work from one of the twentieth century s greatest poets Experience a deep dive into the mesmerizing world of one of the most significant poets of the twentieth century with *The Poetry of Rilke* Uncover an unparalleled collection of Rilke s finest works elegantly translated over the course of two decades by acclaimed scholar Edward Snow This collection brings to light over two hundred and fifty of Rilke s distinguished gems including the complete versions of his towering masterpieces the Sonnets to Orpheus and Duino Elegies From his early poetic explorations in *The Book of Hours* to his visionary verses written in the twilight of his life this collection spans the breadth of Rilke s literary evolution This landmark bilingual edition not only invites you to a breathtaking trip to the heart of lyrical and existential poetry but also serves as a comprehensive platform to appreciate the magical interplay between German and English verses Alongside Rilke s works Snow s enlightening commentaries yield a richer comprehension of Rilke s illustrious

the generational tensions between masters and admirers **Encyclopedia of Life Writing** Margaretta Jolly, 2013-12-04
 First published in 2001 This is the first substantial reference work in English on the various forms that constitute life writing
 As this term suggests the Encyclopedia explores not only autobiography and biography proper but also letters diaries
 memoirs family histories case histories and other ways in which individual lives have been recorded and structured It
 includes entries on genres and subgenres national and regional traditions from around the world and important auto
 biographical writers as well as articles on related areas such as oral history anthropology testimonies and the representation
 of life stories in non verbal art forms Sonnets to Orpheus Rainer Maria Rilke, 2007 Rainer Maria Rilke s Die Sonette an
 Orpheus first appeared in German in 1923 Furtak s translations skillfully evoke the mysterious and enigmatic nature of these
 poems and his introductory philosophical essay guides the reader through the abundant mystical and spiritual insights that
 Rilke s verse contains This new edition of a literary masterpiece is essential reading for anyone interested in the
 philosophical implications of poetry BOOK JACKET *The European Dream* Jeremy Rifkin, 2013-04-24 At one time the
 American Dream was the ideal and envy of the world But today at the dawn of the new Millennium Europe is pointing a new
 way to the future In this major new book best selling author Jeremy Rifkin argues that Europe has a vision of its own and is
 overtaking America as the world s next superpower The American Dream was based on economic growth personal wealth
 and independence It was synonymous with love of country and patriotism frontier mentality and the unbridled exercise of
 power Yet what were once considered prime virtues cherished and idealised not only in America but throughout the world
 are increasingly seen by many as drawbacks and even impediments But while the American Dream tires and languishes in
 the past a new European Dream is being born Today we see a new set of values emerging which are focused on sustainable
 development quality of life and multilateralism More cosmopolitan and less concerned with the brute exercise of power the
 European Dream is better positioned to accommodate the many forces that are propelling us into a more interconnected and
 interdependent world Where does Britain fit into this story The British find themselves betwixt and between a fading
 American Dream and a newly emerging European Dream which is gaining the upper hand in our contemporary global age
 Rifkin argues that Britain is uniquely positioned to play a bridge role between Europe and America and has the potential to
 help create a synergy between the two superpowers of the 21st century But in order to exercise any real influence in world
 affairs Britain must choose to be part of a larger political entity In a globally connected world no people can exist any longer
 as an island unto themselves The only question for Britain is whether it will make its home with America or with Europe

German Literature of the Twentieth Century Ingo Roland Stoeck, 2001 Traces literary developments in the German
 speaking countries from 1900 to the present This study of German literature in the past hundred years sets its subject clearly
 in the artistic and political context of developments in Western Europe during the century It begins with the turn of the
 century aestheticism and visions of decay led by Schnitzler Hofmannsthal and other Austrian writers and the quite different

explosion of new artistic energy in the Expressionist and Dada movements These movements are succeeded by the rise of Modernism culminating in the inter war years the poetry of Rilke Brecht s epic theatre and novels by Thomas Mann Kafka Hesse Musil Doblin and Broch the influence of Nazism on literary production is considered The study of developments after 1945 reflects the struggle to establish a post Holocaust literature and to deal with the questions posed by the political division of Germany Finally the convergence of East and West German literature after unification is addressed Ingo R Stoehr teaches literature at Kilgore College Texas and is editor of the bilingual journal of German literature in English translation Dimension2

The 5 Masculine Instincts Chase Replogle,2022-03-01 Don t trust your instincts there is a better path to becoming a better man It s no secret today s men face a dilemma Our culture tells them that their instincts are either toxic or salvific Men are left with only two options deconstruct and forfeit masculine identity or embrace it with wild abandon They re left to decide between ignoring their instincts or indulging them Neither approach helps them actually understand their own masculine experiences nor how those experiences can lead them to become better men of God The Bible doesn t shy away from the reality of masculine instincts nor all of the ways those instincts can lead to destruction Examining the lives of five men of the Bible The 5 Masculine Instincts shows that these men aren t masculine role models or heroes but are men who wrestled with their own desires and by faith matured them into something better Through this book you ll discover your own instincts are neither curse nor virtue They are the experiences by which you develop a new and better instinct an instinct of faith By exploring sarcasm adventure ambition reputation and apathy The 5 Masculine Instincts shows you how to better understand yourself and how your own instincts can be matured into something better This is the path by which we become better men
