Auguste Renoir,Claudia Einecke,Sylvie Patry,Roger Benjamin,2010 This volume is a biography of Pierre Auguste Renoir 1841 1919 Renoir was a French artist who was a leading painter in the development of the Impressionist style This work dedicates itself to the final three decades of Renoir s career in which the painter turned away from Impressionism and toward a more decorative approach informed by his own idiosyncratic interpretation of art history During this period Renoir was initially looking at painters such as Rubens Titian and Raphael and dedicating himself to cheery subjects such as bathers domestic idylls and landscapes that were influenced by both classical mythology and by his relocation to the South of France *Great*

A Companion to François Truffaut Dudley Andrew,Anne Gillain,2013-02-11 A Companion to Fran ois Truffaut An unprecedented critical tribute to the director who in France wound up becoming the most controversial figure of the New Wave he helped found Raymond Bellour Centre National de la Recherche Scientifique This exciting collection breaks through the widely held critical view that Truffaut abandoned the iconoclasm of his early work for

an academicism he had consistently railed against in his own film criticism Indeed if fever and fire were Truffaut's most consistent motifs the essays in this collection live up to his lifelong burning passion for the cinema Written by world famous scholars the essays exhaustively explore the themes and styles of the films as well as Truffaut's relationships to Andr Bazin Alfred Hitchcock and the directors of the New Wave his ground breaking and controversial film criticism and his position in the complex politics of French cultural life from the Popular Front to 1968 and after Angelo Restivo Georgia State University Although the New Wave one of the most influential aesthetic revolutions in the history of cinema might not have existed without him Francois Truffaut has largely been ignored by film scholars since his death almost thirty years ago As an innovative theoretician an influential critic and a celebrated filmmaker Truffaut formulated disseminated and illustrated the ideals of the New Wave with exceptional energy and distinction Yet no book in recent years has focused on Truffaut's value and his overall contribution to cinema deserves to be redefined not only to reinstate him in his proper place but to let us rethink how cinema developed during his lifetime In this new Companion thirty four original essays by leading film scholars offer new readings of individual films and original perspectives on the filmmaker's background influences and consequence Hugely influential around the globe Truffaut is assessed by international contributors who delve into the unique quality of his narratives and establish the depth of his distinctively styled work An extended interview with French filmmaker Arnaud Desplechin tracks Truffaut's controversial stature within French cinema and vividly identifies how he thinks and works as a director adding an irreplaceable perspective to this essential volume
