career as a female journalist during the sixties offering an inside view of newsweekly rivalries during that tempestuous decade Halasz then moves on to her initiation into the art world her lively interaction with some of its most distinguished denizens and her immersion in graduate school She concludes with what she has learned about art art history and history itself since the early eighties applying that knowledge to better understand the twenty first century Through sharing her life story Halasz encourages others to remain open to new experiences to try different ways of seeing and to use creativity to tackle hurdles

Triangles, Symbols, and Constraints Charles M. Dobbs, 2010 In his five plus years as president of the United States Lyndon Johnson witnessed dramatic power struggles within and between the Soviet Union the People's Republic of China and the United States of America New Soviet leaders were determined to build Soviet power and extend Soviet influence Mao's revolutionary ideology so dominated China that there were few levers to move Sino American relations ahead Johnson wanted to ease Cold War tensions by reaching a range of agreements with the Soviet Union on nuclear weapons and establishing relations with the People's Republic of China in order to end its isolation in the world community However multiple events frustrated Johnson's good intentions The Soviet leadership that overthrew Nikita Khrushchev was committed to expanding its military might before negotiating with Washington it also began focusing more and more on the worsening Sino Soviet split Mao Zedong entered into the Great Proletarian Cultural Revolution and China seemed to devour itself Meanwhile the Vietnam War made negotiations among all three great powers more difficult limiting room to maneuver But Johnson persevered and by 1968 the apparent American retreat symbolized by the North Korean seizure of the USS Pueblo and the Communist Tet Offensive in Vietnam along with the Soviet invasion of Czechoslovakia seemed to change the construct between the great powers Beijing emerging from the worst of the Cultural Revolution increasingly feared Soviet intentions and Moscow wanted to prevent a Sino American rapprochement Although Johnson did not achieve his lofty goals he created the pre conditions that Richard Nixon later harvested for the détente with Moscow and rapprochement with Beijing Johnson's best intentions fell prey to triangles symbols and constraints

The Vietnam War Debate Louis B. Zimmer, 2011-09-16 This book tells the story of how America's

national leadership failed the nation and produced the greatest foreign policy disaster in American history to that time. It is foremost however the story of a great man who tried to halt his nation's drift into what became an American tragedy. It is also a story that has never before been told. As the war escalated a variety of critics emerged to challenge the war policy and thus my book is about the national debate in which University of Chicago Professor Hans J. Morgenthau emerged as the chief opponent of the war. Morgenthau argued relentlessly in teach-ins around the country in public debates and in hundreds of articles that Vietnam was never a threat to America's security and that the war should never have been fought. In the history of the national debate on Vietnam it is Morgenthau who is the hero of the anti-war movement and the centerpiece of my study. Morgenthau had written the basic text on foreign policy *Politics Among Nations* and had established the field of international relations as an independent discipline of study. His arguments against the war derive from these earliest writings and are elaborated in this book, the principles of which remain valid today. The war ended in 1975 as North Vietnamese troops marched into Saigon after over 58,000 American servicemen and millions of Vietnamese had died in the fighting. The war could have been averted. Morgenthau was ignored. American policy makers misunderstood the nature of the civil conflict in Vietnam. As Morgenthau told an interviewer in July 1965: "What I have said recently I have been saying for years without anybody paying any attention."

The Political Fiction of Ward Just David Smit, 2020-07-02. *The Political Fiction of Ward Just: Class Theories of Representation and Imagining a Ruling Elite* uses three theoretical frameworks of representation: literary, political, and diplomatic to demonstrate how the upper class status of the ruling elites in Ward Just's political fiction influences the way they govern. He illustrates how Just's ruling elites develop a coherent upper class form of consciousness that limits their ability as elected officials to adequately represent the interests of all the nation's citizens domestically, especially the poor and working class, and their ability as diplomats to adequately represent the interests of the nation as a whole internationally. In his conclusion the author offers suggestions for ways to make our ruling elites more representative of the interests of the working class and underprivileged groups at home and more sensitive to the cultures of the countries in which they serve abroad.

A Newsman in the Nixon White House Wafa Unus, 2018-11-27. Herbert G. Klein was a significant figure in both journalism and political history during the mid to late Twentieth Century. Klein is best known as longtime advisor to Richard Nixon and was with Nixon at peak moments in his career including the Checkers Speech and Nixon's 1960 and 1962 campaigns. Upon Nixon's election as President, Klein became the White House Director of Communications, a new position. Klein was tasked with designing. For four years, Klein was known as one of Nixon's chief advisors. But then, for reasons historians have never fully explored, he disappears from Nixon's political landscape as well as from scholarly and public prominence. This book establishes Herbert G. Klein as a formative figure in the Richard Nixon White House whose contributions to Nixon's press strategies, their subsequent impact on the president's actions, attitudes, and eventual fall have been largely overshadowed in scholarly literature. It explores the then emerging and now enduring conflict

between journalistic truth and presidential image The work draws from previously unexplored materials on Klein in the Richard Nixon Presidential Library The account is notable for the first examination of Klein's only known oral history lessening a gap in the existing literature on Nixon's aides and his relationship with the media *History Day by Day: 366 Voices from the Past* Peter Furtado, 2019-08-27 A compelling day by day glimpse of highlights from 2 500 years of human history through 366 quotations History Day by Day presents an original perspective on over two millennia of human history through 366 quotations one for each day of the year including leap years Each quotation tied to the anniversary of a significant historical event captures that moment with the immediacy of an eyewitness or the narrative flair of a chronicler Every day becomes a window to the past on March 15 44 BCE Julius Caesar falls victim to Brutus and his coconspirators on May 1 1851 novelist Charlotte Brontë visits London's Great Exhibition on June 28 1919 in the Hall of Mirrors at the Palace of Versailles broken spirited German delegates sign the treaty that brings World War I to its fateful conclusion and on September 11 2001 people across the globe watch in horror as the Twin Towers topple and change the world forever History Day by Day embraces a wide range of voices moods and mediums from the powerful to the impoverished the revolutionary to the reactionary the joyful to the grief stricken and the eyewitness to the diarist Both engrossing anthology and informative overview of world history History Day by Day offers readers entertainment and information in equal measure **The Theory and Practice of Associative Power** Stephen B. Young, 2017-06-19 To succeed in achieving its national security objectives the United States needs to use Associative Power in place of both Hard Power and Soft Power Associative Power is the use of joint ventures and alliances to optimize the forms of power brought to bear in conflicts responding with precision to a spectrum of enemy threats situational challenges and political opportunities Associative Power was wisely and successfully used by the United States in the Vietnam War through the CORDS program of counter insurgency and village development to defeat the Viet Cong insurgency and permit the withdrawal of American combat forces Associative power was not used by the United States nor was the best counter insurgency practices of CORDS in the Iraq and Afghanistan conflicts As a result of this omission interim outcomes in Iraq and Afghanistan did not acceptably accomplish American objectives **Primary Elections and American Politics** Chapman Rackaway, Joseph Romance, 2022-10-01 The last twenty years has seen a series of changes to American party politics polarization negative partisanship decreasing voter turnout and decreasing faith in elections and government In Primary Elections and American Politics Chapman Rackaway and Joseph Romance trace the origins of these and other problems to one of the most controversial reforms in American political history the direct partisan primary election With a comprehensive history of the primary election the authors link the rise of primaries to the many political ills the nation faces today They argue that the Progressives who created the primaries mistook direct democratic reforms like the primary for participatory democratic reforms like deliberative polling or participatory budgeting **A Patriot's History of the United States** Larry Schweikart, Michael Allen, 2014-11-25 Revised

and updated this 15th anniversary edition of the 1 New York Times bestseller salutes America's true and proud history. Fifteen years ago Professors Larry Schweikart and Michael Allen set out to correct the doctrinaire biases that had distorted the way America's past is taught and they succeeded. A Patriot's History of the United States is the definitive objective history of our country presented honestly and fairly. Schweikart and Allen don't ignore America's mistakes through the years. Instead they put them back in the proper perspective, celebrating the strengths of the men and women who cleared the wilderness, abolished slavery and rid the world of fascism and communism. Now in this revised fifteenth anniversary edition, a new generation of readers will learn the truth about America's discovery, founding and advancement from Columbus's voyage to Trump's promise to Make America Great Again.

History's Daybook Peter Furtado, 2011-11-01 Every day of the year carries the memory of great and terrible events. From the founding of Rome to the 21st century's war on terror, *History's Daybook* presents a vivid day-by-day perspective on 2,500 years of human history through the medium of 366 quotations, each of which is tied to the anniversary of a celebrated historical event, capturing its essence with the immediacy of the eye witness or the narrative flair of the chronicler. In *History's Daybook*, every day becomes a window on the past: on March 15, 44 BC, blood flows in the Roman Senate as Julius Caesar falls victim to the thrusting daggers of Brutus and his co-conspirators; May 1, 1851, brings a visit to London's Great Exhibition in the company of the novelist Charlotte Brontë; on June 28, 1919, in the Hall of Mirrors of the Palace of Versailles, broken-spirited German delegates sign the Treaty that brings the Great War to its fateful conclusion; on August 16, 1665, we walk the silent streets of plague-ravaged London with the diarist Samuel Pepys; and on September 11, 2001, we watch in horror as the Twin Towers topple and the world changes forever. *History's Daybook* embraces a wide range of voices, moods and registers, from the powerful to the impoverished, the revolutionary to the reactionary, the propagandist to the idealist and the joyful to the grief-stricken. Both engrossing anthology and informative overview of world history, *History's Daybook* offers the reader entertainment and instruction in equal measure; it is the ideal gift book for the history buff.
