This Statement also amends section 518.03 of SAS No. 1, to read as follows:

Negative assurances also are permissible in special reports relating to (a) the results of applying agreed-upon procedures to one or more specified elements, accounts, or items of a financial statement and (b) compliance with aspects of contractual agreements or regulatory requirements related to audited financial statements. In a straightforward and readable style, it focuses on the changing accounting and auditing standards in national and global economies in the post-Enron/Arthur Andersen era. The authors clarify the reasons behind and consequences of the accounting profession's failure in auditing and self-regulation as most firms placed consulting profits ahead of public audit duties. They show how Sarbanes-Oxley solutions, while not perfect, are major contributors to the profession's redemption and have enabled it to rise to new heights of service and revenue. The book offers a detailed examination of accounting practitioners' past challenges and future prospects. It provides a realistic analysis of specific issues facing accounting and
