Rechen-Institut,2013-06-29 From the reviews Astronomy and Astrophysics Abstracts has appeared in semi annual volumes
since 1969 and it has already become one of the fundamental publications in the fields of astronomy astrophysics and
neighbouring sciences It is the most important English language abstracting journal in the mentioned branches The abstracts
are classified under more than a hundred subject categories thus permitting a quick survey of the whole extended material
The AAA is a valuable and important publication for all students and scientists working in the fields of astronomy and related
sciences As such it represents a necessary ingredient of any astronomical library all over the world Space Science Reviews 1
Dividing the whole field plus related subjects into 108 categories each work is numbered and most are accompanied by brief
abstracts Fairly comprehensive cross referencing links relevant papers to more than one category and exhaustive author and
subject indices are to be found at the back making the catalogues easy to use The series appears to be so complete in its
coverage and always less than a year out of date that I shall certainly have to make a little more space on those shelves for
