**Maurizio Cotta, Federico Russo**

## **Representation From Above Members Of Parliament And Representative Democracy In Sweden:**

*Representation From Above* Peter Esaiasson, Sören Holmberg, 2017-07-05 This book uses Sweden as a test case to analyze how elected representatives function in a representative democracy It is argued that the best summary characterization of Swedish democracy is an elitist system run from above The book also claims that the picture of European representative democracy as dominated by parties must be qualified An individualist representational model is relevant to the European setting as well

*Representation From Above* Peter Esaiasson, Sören Holmberg, 2017-07-05 This book uses Sweden as a test case to analyze how parliament and elected representatives function in a representative democracy Despite the status of Scandinavian countries as perhaps the world's most egalitarian societies the book argues that the best summary characterization of Swedish representative democracy is an elitist system run from above The book also argues that an individualist representational model is relevant to the Swedish setting and most likely to other settings as well Representative democracy is not just party based democracy not even in a country with strong and disciplined parties The book takes a broad approach to the study of political representation It integrates into a single analytical framework concepts and theories from neighbouring traditions such as legislative behaviour opinion formation and interest organizations The study is based on a comprehensive set of data including three surveys of the Members of the Swedish Parliament corresponding voter surveys and content analysis of mass media and parliamentary records

**Political Representation in France and Germany** Oscar W. Gabriel, Eric Kerrouche, Suzanne S. Schüttemeyer, 2018-06-28 Notwithstanding its contemporary critics political representation remains at the core of democratic politics Based on a comparative research project that gathered data from observations surveys experiments and expert interviews this book examines the process and the quality of political representation in France and Germany from a dual perspective First it analyzes MPs behavior during their district activities Second it investigates the perceptions and evaluations of the represented the French and German citizens In ten chapters different facets of MPs activities as well as citizens attitudes are comparatively investigated The book is relevant for Politics scholars and practitioners at national parliaments to better understand representative democracies and it may also contribute to improve representation itself

**Research Handbook on Political Representation** Maurizio Cotta, Federico Russo, 2020-12-25 At a time when political representation can be said to be facing its ultimate crisis this crucial work clarifies the terms of the debate providing an up to date analysis of the main conceptual and institutional controversies that have arisen surrounding this topic Written by leading scholars in the field contributions focus on how representation is conceptualised and its relation to democracy

**Parliamentary Candidates Between Voters and Parties** Lieven De Winter, Rune Karlsen, Hermann Schmitt, 2020-10-27 This book offers the first comprehensive comparative and coherent perspective on parliamentary candidates in contemporary representative democracy Based on the unique database of the Comparative Candidate Survey project which interrogated parliamentary candidates in more than 30

countries it fills a significant lacuna by focusing on the thousands of ordinary candidates that participate in national elections. It examines who the candidates are in terms of their socio demographic background and political career patterns how they were selected by their parties what their policy preference are and whether these are congruent to those held by their voters who they seek to represent and how they intend to do so once elected and what their visions are on representative democracy and party government. Last but not least it investigates how they go about reaching out to their potential voters during the election campaign. This book will be of key interest to scholars and students of political parties and party politics political elites political communication political participation elections theories of democracy and representation legislative studies voting behaviour and more broadly to European politics as well as to political and policy professionals throughout Europe.

**Political Parties and Democratic Linkage** Russell J. Dalton, David M. Farrell, Ian McAllister, 2011-09-29

**Political Parties and Democratic Linkage** examines how political parties ensure the functioning of the democratic process in contemporary societies. Based on unprecedented cross national data the authors find that the process of party government is still alive and well in most contemporary democracies.

**Legislature by Lot** John Gastil, Erik Olin Wright, 2019-04-09

Democracy means rule by the people but in practice even the most robust democracies delegate most rule making to a political class. The gap between the public and its representatives might seem unbridgeable in the modern world but **Legislature by Lot** examines an inspiring solution: a legislature chosen through sortition, the random selection of lay citizens. It is a concept that has come to the attention of democratic reformers across the globe. Proposals for such bodies are being debated in Australia, Belgium, Iceland, the United Kingdom and many other countries. Sortition promises to reduce corruption and create a truly representative legislature in one fell swoop. In **Legislature by Lot** John Gastil and Erik Olin Wright make the case for pairing a sortition body with an elected chamber within a bicameral legislature. Gastil is a leading deliberative democracy scholar and Wright a distinguished sociologist and editor of the *Real Utopias* series of which this is a part. In this volume they bring together critics and advocates of sortition who have studied ancient Athens, deliberative polling, political theory, social movements and civic innovation. Without obscuring its limitations, the contributors offer a wide variety of ideas for how to implement sortition and examine its potential for reshaping modern politics. **Legislature by Lot** includes sixteen essays that respond to Gastil and Wright's detailed proposal. Essays comparing sortition to contemporary reforms see it as a dramatic extension of deliberative minipublics which gather random samples of citizens to weigh public policy dilemmas without being empowered to enact legislation. Another set of essays explores the democratic principles underlying sortition and elections and considers for example how a sortition body holds itself accountable to a public that did not elect it. The third set of essays considers alternative paths to democratic reform which limit the powers of a sortition chamber or more quickly establish a pure sortition body. With contributions by Arash Abizadeh, Tom Arnold, Terrill Bouricius, Deven Burks, Lyn Carson, Dimitri Courant, Donatella della Porta, David M. Farrell, Andrea Felicetti, James S. Fishkin, Brett Hennig, Vincent Jacquet

Rapha l Kies Tom Malleson Jane Mansbridge Christoph Niessen David Owen John Pitseys Min Reuchamps Yves Sintomer Graham Smith Jane Suiter and Pierre tienne Vandamme      **Values, Economic Crisis and Democracy** Mălina Voicu,Ingvill C. Mochmann,Hermann Dülmer,2016-01-29 For the past decade European countries have undergone a severe economic crisis with severe consequences both for individuals and for governments Unemployment and rising poverty have compelled individuals to reconsider their own priorities and goals while governments have been forced to rethink social policies on the national level as well as their international economic and political agreements Some countries have been more deeply affected by the crisis than others and the impact of economic shortage on individuals and governments has differed not only because of the different magnitudes of the crisis but also because individuals react differently to the contextual changes This book makes use of cross national survey data to explore the impact of wealth and economic contexts on social values Instead of attempting to explain how aggregate changes occur as previous volumes have done the chapters in this collection focus on micro level effects to interrogate more deeply the interplay between attitudes and values and the way both can change as a result of transformation of economic context This book elaborates on several dimensions of value change the measurement model and the way it changes under the impact of economic shortage the connection between universal value orientations and attitudes towards different objects e g the welfare state immigrants and ethnic groups the effects of economic factors and vulnerability on values and attitudinal orientations how particular political and economic contexts produce changes in political orientations This book focuses on the interrelationship of social values attitudes and economic scarcity in the context of the last economic crisis experienced by many European countries It will appeal to scholars and students of sociology political science and economics      **The Oxford Handbook of Swedish Politics** Jon Pierre,2016 The Handbook provides a broad introduction to Swedish politics and how Sweden s political system and policies have evolved over the past few decades      **Delegation and Accountability in European Integration** Torbjorn Bergman,Erik Damgaard,2013-03-07 Analyzing the effects of the European Union on national decision making and the chain of delegation and accountability the authors look at Denmark Finland Sweden Iceland and Norway The analyses are based on principal agent perspective      **The Principles of Gender-Sensitive Parliaments** Lena Wängnerud,2015-04-10 Gender serves as a lens that makes visible important issues in the field of representation Whom do elected politicians represent What is at stake in the parliamentary process What do we know about the interplay between parliaments and the everyday lives of citizens It is widely understood that women s presence in government matters but we need to understand the conditions under which it matters more clearly Using Sweden as a case study a country where the number of women elected to the national parliament has steadily risen since the 1970s Lena W ngnerud presents a novel approach on which characteristics inside a parliament help translate physical representation into substantive representation for women Using three guiding principles i the implementation of equal opportunities for women and men to influence internal parliamentary working procedures ii the creation of room for

women's interests and concerns on the political agenda and iii the production of gender sensitive legislation W ngnerud shows what are the necessary conditions for women's needs interests and concerns to be adequately integrated into parliamentary processes The Principles of Gender Sensitive Parliaments book adds fuel to all these classical debates within the field of political representation and will bring attention to a wider audience on why electing women matters *Party Realignment in Western Europe* Hagevi, Magnus,Blombäck, Sofie, Demker, Marie,Hinnfors, Jonas,Loxbo, Karl,2022-07-21 Identifying a crisis for representative democracy in Western European party systems this essential book studies the widening gap between political parties ideological economic Left Right rhetoric Combining in depth theoretical analysis with empirical research it addresses whether political party ideologies are converging or diverging and whether these changes are initiated by the parties themselves aligned with voter demand or forced by economic globalization How Ireland Voted 1997 Michael Marsh,2018-02-12 This book covers the 1997 elections in Ireland providing an in depth analysis of both the campaign and the election results It focuses on the campaign preparations and the characteristics of the new Dail **The Iberian Legislatures in Comparative Perspective** Jorge M. Fernandes,Cristina Leston-Bandeira,2019-05-23 This comprehensive book analyses the development of the legislatures in the Iberian countries over the past 40 years since democracy was introduced to comparatively understand their role in these political systems and in sustaining their democratic systems Sharing many historical developments and institutional characteristics Spain and Portugal also present crucial differences notably Spain's pure parliamentary system a King as Head of State and a quasi federal structure and Portugal's semi presidential democracy Starting with a historical and institutional contextualization of these two legislatures the book examines the most important organizational and behavioural features of legislative life in Iberian legislatures in a comparative perspective It also shows how new legislatures develop resilience capacity to support lasting democratic systems as fully fledged institutionalized bodies This book will be of key interest to scholars and students of Spain and Portugal legislative politics and parliamentarianism and more broadly to European politics and comparative politics journalists and practitioners The Routledge Handbook of Policy Advisory Systems Giliberto Capano,Jonathan Craft,Michael Howlett,2025-09-30 This handbook comprehensively reflects presents and summarises both first and second wave scholarship into policy advisory systems PAS Bringing together leading scholars to engage persistent as well as emergent themes the handbook provides a single volume highlighting both classic and new directions for PAS research summarising both existing knowledge and outlining possible future findings Covering the activities of a range of advisory system members from think tanks to public services this handbook examines a broad set of administrative traditions and institutions affecting such systems in democratic developing authoritarian political regimes and in supranational and transnational governance arrangements It focusses on the systematic interactions of the supply demand and brokerage of policy advice in different jurisdictions and shows how these systems operate and evolve The Routledge Handbook of Policy

Advisory Systems is essential reading and an authoritative reference for scholars students researchers and practitioners of public policy public administration and public management Those interested in comparative politics and government international and public organisations and the use influence and impact of policy advisory systems in a range of policy domains will find its comprehensive scope and coverage of great benefit

**Denmark, Finland, and Sweden** Britannica Educational Publishing,2013-06-01 The Nordic region of northern Europe is indelibly linked in the minds of many with the Viking cultures that populated the area eons ago Yet as this intricate study of Denmark Finland and Sweden attests there s so much more to the story than that These nations have emerged from the long shadow of their early days in the Viking era to become vibrant societies with proud traditions distinct customs and promising futures Readers will learn about the land people governments and economies of these fascinating countries and examine the historical paths each took to achieve the successes they enjoy in the modern age

**Oxford Handbook of Political Behavior** Russell J. Dalton,Hans-Dieter Klingemann,2007 Assembles the world s leading scholars on public opinion and political behaviour to describe the state of the art research on the beliefs values and behaviours of contemporary politics

**Sweden and European Integration** Lee Miles,2019-01-04 First published in 1997 this volume examines the future development of the European Union and Sweden s role within it which has been a subject of intense debate Whilst to outside observers the Swedish case may seem peripheral to mainstream events on the continental mainland due to the country s status as a small state Sweden will nevertheless have an important contribution to make to the future evolution of the European Union The purpose of this book is to examine the complex inter relationship between Sweden and European integration 1950 96 It introduces the concept of the Swedish Diamond to explain why the country s governing elite resisted and then went on to seek and attain full EU membership The author also argues that a revised Membership Diamond represents a useful conceptual framework for examining elite attitudes and perspectives now that Sweden is a full EU member The book also includes a Foreword by the Swedish Defence Minister Björn von Sydow

**Passages to Power** Pippa Norris,1997-10-09 Recruitment to legislative office is one of the core functions of political systems yet we know little about how the process varies from one country to another Passages to Power provides a comparative account of legislative recruitment which applies a common analytical framework and new survey data to nineteen advanced democracies Legislative recruitment refers to the critical step as people move from lower levels of politics into parliamentary careers Who succeeds in becoming a politician Who fails And why Based on original research which adopts a new institutionalist perspective this 1997 book compares these issues in a wide range of countries This important study brings together an outstanding group of international scholars to look at recruitment around the world The countries examined in depth include Australia Canada Finland Germany Japan the Netherlands New Zealand the United Kingdom and the United States along with a comparison of all member states in the European Union

**Representing Women?** Mercedes Mateo Diaz,2024-10-31 This work discusses questions on political participation representation and

legitimacy in the European Union national parliaments Three major empirical questions structure the book What affects women's presence in parliaments Does the number of women in parliament have an effect And are women in parliament representing women Empirical evidences show that institutional reforms need a minimal environment in terms of socio economic development so as to prove effective As opposed to the critical mass theory claiming that a few representatives cannot have an impact on the political outcomes here the empirical evidences suggest that smaller groups can also influence the different components of the legislative process The last part turns to the fundamental question of whether a parliament that is descriptively representative i e in which the parliamentarians share certain characteristics with the voters also is a substantively descriptive parliament i e in which the parliamentarians mirror the voters opinions Evidence suggests that the electoral system's level of proportionality influences the extent to which assemblies socially and ideologically mirror their population The book ends by advancing new hypotheses and setting up guidelines for future research

### **Representation From Above Members Of Parliament And Representative Democracy In Sweden Introduction**

In today's digital age, the availability of Representation From Above Members Of Parliament And Representative Democracy In Sweden books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a

## **Representation From Above Members Of Parliament And Representative Democracy In Sweden**

---

wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Representation From Above Members Of Parliament And Representative Democracy In Sweden books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Representation From Above Members Of Parliament And Representative Democracy In Sweden books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Representation From Above Members Of Parliament And Representative Democracy In Sweden versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Representation From Above Members Of Parliament And Representative Democracy In Sweden books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Representation From Above Members Of Parliament And Representative Democracy In Sweden books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Representation From Above Members Of Parliament And Representative Democracy In Sweden books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Representation From Above Members Of Parliament And Representative
