Representing Absence Deborah Meadows, 2004 A new collection of poetry by Los Angeles based poet Deborah Meadows

**It's Absence, Presently** John McGreal, 2016-04-20 It's Silence Soundly It's Nothing Seriously and It's Absence Presently continue The It Series published by Matador since The Book of It 2010 They constitute another stage in an artistic journey exploring the visual and audial dialectic of mark word and image that began over 25 years ago In their aesthetic form the books are a decentred trilogy united together in a new concept of The Bibliograph All three present this new aesthetic object which transcends the narrow limits of the academic bibliography The alphabetical works also share a tripartite structure and identical length The Bibliograph itself is characterised by its strategic place within each book as a whole as well as by the complex variations in meaning of the dominant motifs nothingness absence and silence which recur throughout the alphabetical entries that constitute the elements of each text It's Nothing Seriously for example addresses the amusing paradox that so much continues to be written today about nothing The aleatory character of the entries in the texts encourage the modern reader to reflect on each theme and to read them in a new way The reader is invited as well to examine their various intertextual relations across given conventional boundaries in the arts and sciences at several levels of physical psychical social reproduction

**Another Language** Kornelia Freitag, Katharina Vester, 2008 In an age of globalization computerization and commodification why read poetry It seems ill suited to meet today's challenges Or is it This volume which collects papers and poems read at a conference on British and North American experimental poetry demonstrates the opposite

**Goodbye Tissues** Deborah Meadows, 2009 Poetry Deborah Meadows GOODBYE TISSUES constructs a conduit connecting the sharpened margins of the cleaved world Whose voice can converse with her speech speech emitting from the inward spiral of security and denial a place of toxic outflow beyond fruitful bounty Meadows posits a poetational reply one that is urging both a hyper-rational poetic thought and identification with an a national community An intensely thoughtful and thought provoking investigation GOODBYE TISSUES leads the reader away from no thought discourse intelligence as it's called into response ability A thing should be repaired by the one who made it and toward possibility where part of its essence acquires another other or something between them Diane Ward Other titles by Deborah Meadows available from SPD include INVOLUTIA THIN GLOVES and ITINERANT MEN The British National

Bibliography Arthur James Wells, 2005 Involutia Deborah Meadows, 2007 Poetry Deborah Meadows fourth collection is a rigorous and spellbinding series of poems innovative experimental and featuring such unexpected collisions as Luce Irigaray Gilles Deleuze encountering Zen philosophy When rain falls on the lake it's hard to distinguish edges But the lake is not the whole world Deborah Meadows grew up in Buffalo NY in a working class family attended SUNY Buffalo worked in a factory and in various manual laboring jobs and in 1977 moved west to work in a poverty program after graduation She now teaches in the Liberal Studies Department at California State Polytechnic University Pomona Her recent publications include two
