Glynn, Helen Wallenstein Pearson, Mollie Sayers, 1983 *Alcoholism Treatment in Transition* Griffith Edwards, Marcus Grant, 2023-12-01 Originally published in 1980 the purpose of this book was to aid a process of rethinking alcoholism treatment Such a process was already underway in many parts of the world at the time It was hoped that this volume would be useful in the modest role of abetting such a rethinking Alcoholism treatment was definitely in transition abandoning old certainties searching for new syntheses and that is the position this book takes looking for an alternative understanding The book is divided into six parts Transition as Challenge Does Treatment Work Towards Better Questions and Better Methodologies Treatment System as Case For Study Models in Transition and Alcohol Agendas The book also contains one chapter that discusses alcoholism treatment in a developing country not often addressed at the time but acknowledgement that the problem is a global one Gender, Drink and Drugs Maryon McDonald, 2020-08-18 Why do so many people feel compelled to drink alcohol or take drugs And why do so many men drink and so many women refrain Using ideas from social anthropology this book attempts to provide a novel answer to these questions The introduction surveys both gender and addiction It points out that we cannot say what men or women are really like in any culturally innocent sense for gender is always even in the realm of biology a cultural matter The ethnographic chapters ranging from Ancient Rome to modern Japan similarly suggest how any substance from alcohol to tea to heroin inevitably takes its meaning

or reality in the cultural system in which it exists This book will be of interest to medical anthropologists medical sociologists anyone with an interest in the contemporary direction of anthropology as well as those working in the fields of alcohol and addiction

The American Experience with Alcohol G.M. Ames, L.A.
