Rough Cut From A Bygone War :

Rough Cut from a Bygone War Bert Quint, 2000 Sam Sloane is an over the hill foreign correspondent still plagued by painful memories of his reporting days in Vietnam He has refused to adapt to the cheapening of TV news and is called home to be fired Back in the mahogany foxholes of New York he finds himself confronting not only today s corporate America but the demons of his own past A wounded cameraman helps him to deal with the nightmares and face the future It s a story of the intense friendship of comrades who live together and come close to dying together It is also a poignant tale of Americans and Vietnamese frightened men and lonely women and of one little girl who is the symbol of wartime Vietnam There is tragedy and profanity and dark humor but this story tells of more than man s inhumanity to man It speaks of man s humanity to man *Transylvania Red* , **IPI Global Journalist** , 2002 **The Publishers Weekly** , 2002 The Journals of Constant Waterman Matthew Goldman, 2014-06-12 Boats and life This is an unforgettable collection of ninety short tales about the boating Matthew Goldman has done in his life in sailboats canoes rowboats and other floating craft All these memoirs deal with the water from the puddle to the sea They wander as reflective as a sandy bottomed brook They linger as wistful as an idle boat in summer They revel as jubilant as broaching porpoises Who will want to read about Constant Waterman Anyone who s ever paused to watch a water strider anyone who s ever stood and listened to the sea anyone who leans when they see a sloop heel anyone who hopes to find a message in a bottle Here is that message Unfold it carefully read it aloud Read about boats read about passages read about islands read about the rain Learn about a murder in the woods by the river learn about restoring a wooden boat Hear about sailors boat builders ferrymen hear about canoeing amid the marshes The best part about it You don t have to spend your time sanding and varnishing You don t need to don any foul weather gear You don t need to know a bowline from a boom vang or know how to pole a canoe Here is the world of Constant Waterman wry introspective intimate impassioned Turn another page You may find a lighthouse you may find a swan You ll hear the hoarse cadence of the sea grinding shingle the wrinkling song of a stream through the forest the complaint of the wind in your standing rigging Listen Includes 50 beautiful pen and ink drawings by the author **The Leisure Hour** , 1897

All Manner of War Pamela Dunnam, 2021-10-28 Sending four sons to war while meeting the challenges of the farm on the hill they cherish an Alabama family experiences the War Between the States from different viewpoints facing all manner of war on all fronts and at home They are changed forever through the long five years of the war coming face to face with so many pivotal events of the times As much as the political circumstances of the day drive their actions and decisions they come to realize they are a family connected by a common cause that their family is the most important gift they have to be treasured and protected No matter who the enemy at the door or the challenges they face the common theme is the family spirit and driving desire to be whole again on the hill they call home As each son joins the Confederate Army to serve with General Lee in Virginia ride with the cavalry in Tennessee or suffer the tedium of fort life on the gulf each experiences the

time in similar but different ways The family at home must handle the burden of a blockaded existence while holding out hope and prayers for the sons to return home while losses from the hill mount by the score It is a story filled with desperation fear anger and exhilaration a journey through every emotion of the human soul *The Last War* Adrian Ferruelo,2025-06-05 When global tensions erupt into World War III Captain Alex Carter and Dr Elena Marquez find themselves on the frontlines of a conflict that threatens to destroy humanity As nations collapse and cities burn they must navigate the chaos forming an unlikely alliance to survive and protect what remains of civilization Set against the backdrop of a world on the brink of annihilation this is a story of survival resilience and the enduring hope for a better future **Stops Along the Way** L. Brent Bozell III,2021-12-07 Stops Along the Way tells tales of ten red headed Catholic children raised on a farm in the 60s just seventy miles from our nation s capital yet so rural that they could be welcomed by both the KKK and a diminutive black man who would become part of the family attending high school in the 70s in another country on another continent alone with two brothers free to explore mysterious castles and watch gripping bullfights while enrolled in a school built in the Middle Ages working in the 80s in the most successful political enterprise of its time yet forgotten just one generation later shooting commercials in war zones while accused of starting a war and have you ever wondered what it was like to take off on one airplane from inside a cornfield or look out the window of another and watch a rocket ship fly by Stops Along the Way tells all this and so much more timeless stories that are the perfect antidote for today s poisonous headlines **Coalition of the unWilling and unAble** John R Deni,2021-01-12 Why does the United States need European allies and why is it getting more difficult for those allies to partner with Washington in standing up to China pushing back against Russia and pursuing other common interests around the world This book addresses the economic demographic political and military trends that are fundamentally upending the ability and willingness of European allies to work with Washington Brexit and its impact on Britain s economy and its military Germany s seemingly relentless economic and political rise France s continuing economic malaise Italy s aging population and its withdrawal from major overseas operations and Poland s demographic decline and single minded obsession with Russia will combine to make partnership with Washington nearly impossible In short the constellation of allies and partners the United States has relied on since 9 11 will look very different a decade from now How should Washington respond It doesn t hold all the cards but this book offers an array of practical recommendations for American leaders By leveraging these proposals U S policy makers can avoid the worst case scenarios and make the most of limited opportunities
