Alan Boye

Roundup A Nebraska Reader:

Roundup Virginia Faulkner, 1957 **Roundup** Virginia Faulkner, *The Complete Roadside Guide to Nebraska* Alan Boye, 2007-04-01 The second edition of *The Complete Roadside Guide to Nebraska* represents a major enlargement and revision of the first edition making this the most comprehensive guide to the state ever written The book covers over twelve thousand miles in all ninety three counties of the state where the West begins Here readers can become acquainted with numerous folklore tales and discover the locations of thousands of historical sites burials pioneer roads museums and other wonders of the Cornhusker State **Reading the West** Michael Kowalewski, 1996-02-23 The American West of myth and legend has always exerted a strong hold on the popular imagination and the essays in *Reading the West* examine some of the basis of that fascination *Reading the West* first published in 1996 is a collection of critical essays by writers independent scholars and critics on the literature of the American West in the last two centuries It showcases new ways of reading and understanding western writing Arguing for the importance of place in literature these essays explore what makes representative literary works western They also explore the multicultural and ecological dimensions of western writing This volume helps enrich our understanding of a distinguished body of literary work which has sometimes been unjustly ignored It deals not only with literature but with the changing conception of the West in the American imagination **The Age of Discontent** Ralph Brauer, 2025-04-01 This revisionist view of late nineteenth century history credits Main Street not Wall Street with laying the foundations of modern America In American history the prevailing narratives of the tumultuous late nineteenth century focus on wealthy individuals and tycoons while downplaying the very high social and economic stresses they caused *The Age of Discontent* reveals that it was not the tycoons but rather the laborers and farmers who in a great uprising of popular democracy reinvented the nation for the emerging industrial world never imagined by the Founders Facing conditions far worse than previously documented they overcame the frayed social safety net and violent opposition to pull off what the labor leader John Mitchell has described as the Second Emancipation which addressed a dangerously tilted playing field with government programs and legislation Based on meticulous primary source research and integrating music photographs artworks and statistical data this sweeping history places grassroots activists and reformers many recognized for the first time at center stage in a fascinating success story of perseverance and commitment **American Endurance** Richard A. Serrano, 2016-10-04 Pulitzer Prize winning journalist and author Richard A Serrano s new book *American Endurance* The Great Cowboy Race and the Vanishing Wild West is history mystery and Western all rolled into one In June 1893 nine cowboys raced across a thousand miles of American prairie to the Chicago World s Fair For two weeks they thundered past angry sheriffs governors and Humane Society inspectors intent on halting their race Waiting for them at the finish line was Buffalo Bill Cody who had set up his Wild West Show right next to the World s Fair that had refused to allow his exhibition at the fair The Great Cowboy Race occurred at a pivotal moment in our nation s history many believed the

frontier was settled and the West was no more The Chicago World's Fair represented the triumph of modernity and the end of the cowboy age Except no one told the cowboys Racing toward Buffalo Bill Cody and the gold plated Colt revolver he promised to the first to reach his arena nine men went on a Wild West stampede from tiny Chadron Nebraska to bustling Chicago But at the first thud of hooves pounding on Chicago's brick pavement the race devolved into chaos Some of the cowboys shipped their horses part of the way by rail or hired private buggies One had the unfair advantage of having helped plan the route map in the first place It took three days numerous allegations and a good old Western showdown to sort out who was first to Chicago and who won the Great Cowboy Race

Interstices of Space and Memory Sreedevi

Santhosh, Samjaila TH, Sneha Suresh, Preethi S., 2025-03-07 The conference intersectionally locates memory and space that reconstruct city chronotopes to explore how identities are reconfigured in metropolitan Indian cities In taking recourse in locating turning points that could be historical political or cultural in the life of Metropolitan Indian Cities the perspective that is brought together with personal and collective stories that are recorded in Art Literature Curated Projects Museums is that these moments reshape human values ethos in Cities The assumption made is that at specific moments in time turning points with the pandemic for instance the spirit of the city changes It highlights how human beings in cities account for such changes the IIHS runs a postcard project on human lives during the plague and corona being an example It uses focal moments in the City as the lens to discuss Art Literature and City Design

Nebraskaland, 1988

The Last Prairie

Stephen R. Jones, 2006-01-01 The co author of The Shortgrass Prairie paints a startlingly vivid portrait of the Nebraska Sandhills as he delivers riveting accounts of the flora fauna wildlife and rich cultural history of the region
