Heberto Padilla's frankly autobiographical novel is the story of a writer who refuses to give over to the revolutionary state's other power of his art. In the process *Heroes Are Grazing In my Garden* paints an astonishingly realistic portrait of an idealist movement gone sour and the lives of the men and women lost in the somber turn of the tide. **A to Zoo** Rebecca L. Thomas, 2018-06-21 Whether used for thematic story times program and curriculum planning, readers advisory or collection development, this updated edition of the well-known companion makes finding the right picture books for your library a breeze. Language Attrition among Immigrant Teachers of Spanish Ivonne Lerner, 2025-02-14

Language Attrition among Immigrant Teachers of Spanish is the first book devoted entirely to Spanish language attrition in all language areas and specifically among language professionals. Based on original research awarded the ASELE Routledge prize in 2022 this volume presents an interdisciplinary and pioneering study on native language attrition among Spanish L1 immigrants in Israel though its insights can be easily applied in any immigration setting. It focuses on the challenges faced by immigrant foreign language instructors teaching their L1 first language. Integrating both quantitative and qualitative data the study explores Spanish language attrition in a multilingual and multicultural context like Israel offering innovative insights and suggestions for future research. *Language Attrition among Immigrant Teachers of Spanish* also contributes to the native non native language teacher debate from the unique perspective of attrition proposing a workshop for teachers alongside its research findings. This volume is an essential resource for researchers and postgraduate students of applied linguistics with a specific interest in language attrition or sociolinguistics. It will also be of interest to foreign language teachers and teacher trainers. Evidentiality and Epistemic Modality in Spanish (Semi-)Auxiliaries Bert Cornillie, 2008-08-27

This volume presents a systematic and comprehensive analysis of the Spanish evidential semi auxiliaries *parecer* and *resultar* the modal constructions with *amenazar* and *prometer* and the modal auxiliaries *poder* *deber* and *tener que*. These verbs have never been considered together in a global approach that transcends the classical verbal periphrases model. The book proposes a cognitive functional account of evidentiality and modality in Spanish with special attention to subjectivity and grounding. The theoretical reflection relies on empirical evidence of two sorts: synchronic and diachronic. Corpus analyses alternate with tests that measure the semantic and pragmatic compatibility of the evidential and epistemic constructions with specific sentences. Following the assumption that linguistic forms are determined by their meaning the array of constructions that characterizes the different verbs justifies their grouping in three pairs of semi auxiliaries: *parecer* vs *resultar*, *amenazar* vs *prometer* and *poder* vs *deber*, *tener que*. The distributional differences observed in the corpus are further shown to correlate with different degrees of grammaticalization. Primarily intended for scholars working in the field of Spanish functional linguistics the monograph is also relevant for grammaticalization studies and for cognitive semantic research at large. Given its combined theoretical and applied character the volume is also of interest to anyone concerned with syntactic processes, lexical semantics or the wider area of discourse analysis and pragmatics. *The Practical Spanish Teacher; Or a New Method of Learning to Read, Write, and Speak the Spanish Language, in a Series of Lessons* Norman Pinney, 1855 Cuban-American

Literature of Exile Isabel Alvarez-Borland, 1998 The Cuban revolution of 1959 initiated a significant exodus with more than 700 000 Cubans eventually settling in the United States This community creates a major part of what is now known as the Cuban diaspora In Cuban American Literature of Exile Isabel Alvarez Borland forces the dialogue between literature and history into the open by focusing on narratives that tell the story of the 1959 exodus and its aftermath Alvarez Borland pulls together a diverse array of Cuban American voices writing in both English and Spanish often from contrasting perspectives and approaches over several generations and waves of immigration Writers discussed include Guillermo Cabrera Infante Reinaldo Arenas Roberto Fernandez Achy Obejas and Cristina Garcia The author s analysis of their works uncovers a movement from narratives that reflect the personal loss caused by the historical fact of exile to autobiographical writings that reflect the need to search for a new identity in a new language to fictions that dramatize the authors constructed Cuban American personae If read collectively she argues these sometimes dissimilar texts appear to be in dialogue with one another as they all document a people s quest to reinvent themselves outside their nation of origin Cuban American Literature of Exile encourages readers to consider the evolution of Cuban literature in the United States over the last forty years Alvarez Borland defines a new American literature of Cuban heritage and documents the changing identity of an exiled literature
