The Czar Deborah Alcock, 1885 *Tales of Romance* Various Authors, 2020-09-28 Many hundreds of years ago when the Plantagenets were kings England was so covered with woods that a squirrel was said to be able to hop from tree to tree from the Severn to the Humber It must have been very different to look at from the country we travel through now but still there were roads that ran from north to south and from east to west for the use of those who wished to leave their homes and at certain times of the year these roads were thronged with people Pilgrims going to some holy shrine passed along merchants taking their wares to Court Abbots and Bishops ambling by on palfreys to bear their part in the King's Council and more frequently still a solitary Knight seeking adventures Besides the broad roads there were small tracks and little green paths and these led to clumps of low huts where

dwelt the peasants charcoal burners and ploughmen and here and there some larger clearing than usual told that the house of a yeoman was near Now and then as you passed through the forest you might ride by a splendid abbey and catch a glimpse of monks in long black or white gowns fishing in the streams and rivers that abound in this part of England or casting nets in the fish ponds which were in the midst of the abbey gardens Or you might chance to see a castle with round turrets and high battlements circled by strong walls and protected by a moat full of water This was the sort of England into which the famous Robin Hood was born We do not know anything about him who he was or where he lived or what evil deed he had done to put him beyond the King s grace For he was an outlaw and any man might kill him and never pay penalty for it But outlaw or not the poor people loved him and looked on him as their friend and many a stout fellow came to join him and led a merry life in the greenwood with moss and fern for bed and for meat the King s deer which it was death to slay Peasants of all sorts tillers of the land yeomen and as some say Knights went on their ways freely for of them Robin took no toll but lordly churchmen with money bags well filled or proud Bishops with their richly dressed followers trembled as they drew near to Sherwood Forest who was to know whether behind every tree there did not lurk Robin Hood or some of his men *Ulrike Draesner* Karen Jane Leeder, Lyn Marven, 2022-12-19 Ulrike Draesner is a prize winning writer of novels short stories critical essays and poetry and one of the foremost authors in Germany today While a number of volumes have been published in German on her work the current Companion offers the first volume on Draesner in English capitalising on the interest in her work in Germany and further afield Introducing Draesner s major novels and short stories poetry collections and essays as well as giving an overview of existing research focusing on migration memory science gender and bodily experience chapters by international scholars in this volume also break new ground by focussing on visual culture poetology nature the posthuman and Draesner s reception of English literature and medieval culture A comprehensive bibliography commissioned interview and original writing by Draesner make the volume a valuable research tool for scholars and students This will become essential reading for all those interested in Draesner women s writing literature and history and contemporary German prose and poetry Tales of Romance Andrew Lang, 2021-12-02 **Mystery Tales for Boys and Girls**, 1917 Contains stories and story poems by well known authors such as Edgar Allan Poe Washington Irving Sir Walter Scott and others Includes stories of deduction ghosts haunted houses and other mysterious occurrences Dystopia Kay Kenyon, 2019-01-23 We love our dystopias Dark societies call us with a twisty fascination And yet No matter how bad things get there will always be people who refuse rebel and survive Enter these dystopian worlds inspired by the Singularity designer medicine a few all too possible oppressive ideologies and of course the plain old end of the world Collected here are seven short stories of the world gone wrong in its hierarchies ecology governments elite circles and controlling technologies from a science fiction and fantasy author known for her unique world building A Story Teller's Story Sherwood Anderson, 1924 Nora's Tale Edith Vonnegut Rivera, 1973 Relates the adventures of Nora a young girl of extraordinary powers and how she deals with

Literary Remains Eileen J. Cheng,2013-04-30 Lu Xun 1881 1936 arguably twentieth century China s greatest writer is commonly cast in the mold of a radical iconoclast who vehemently rejected traditional culture The contradictions and ambivalence so central to his writings however are often overlooked Challenging conventional depictions Eileen J Cheng s innovative readings capture Lu Xun s disenchantment with modernity and his transformative engagements with traditional literary conventions in his modern experimental works Lurking behind the ambiguity at the heart of his writings are larger questions on the effects of cultural exchange

accommodation and transformation that Lu Xun grappled with as a writer How can a culture estranged from its vanishing traditions come to terms with its past How can a culture severed from its roots and alienated from the foreign conventions it appropriates conceptualize its own present and future Literary Remains shows how Lu Xun's own literary encounter with the modern involved a sustained engagement with the past His creative writings which imitate adapt and parody traditional literary conventions represent and mirror the trauma of cultural disintegration in content and in form His contradictory uncertain and at times bizarrely incoherent narratives refuse to conform to conventional modes of meaning making or teleological notions of history opening up imaginative possibilities for comprehending the past and present without necessarily reifying them Behind Lu Xun's refusal to mourn that is his insistence on keeping the past and the dead alive in writing lies an ethical claim to recover the redemptive meaning of loss Like a solitary wanderer keeping vigil at the site of destruction he sifts through the debris composing epitaphs to mark both the presence and absence of that which has gone before and will soon come to pass For in the rubble of what remains he recovered precious gems of illumination through which to assess critique and transform the moment of the present Literary Remains shows how Lu Xun's literary enterprise is driven by a radical hope that in spite of the destruction he witnessed and the limits of representation his writings like the texts that inspired his own might somehow capture glimmers of the past and the present and illuminate a future yet to unfold Literary Remains will appeal to a wide audience of students and scholars interested in Lu Xun modern China cultural studies and world literature
