Writing Chapter 13 *The War on Terror* *The Contrived War* in 2003 just as the Bush administration was making its fateful decision to invade Iraq Schmidt concluded at that time that the discussion among the principals Bush Cheney Rumsfeld Rice Powell etc was stacked with faulty information and the decision was made on an emotional level rather than a rational one Further he predicted that nothing good would come of the Iraq venture unfortunately that assessment was correct One of the officials in the Bush White House who participated in the pre war discussions admitted the attack was irrational The only reason we went into Iraq is we were looking for somebody s ass to kick Afghanistan was too easy
