

The Survey Checklist for ASCs

A Tool for the CMS Conditions for Coverage & Interpretive Guidelines for Ambulatory Surgery Centers

2019 Edition

by Alexander A. E. Bornemann, CLSS-HC and John J. Goehle, MBA, CASC, CPA

Since its original publication in 2011, the Survey Guide for ASCs has become an essential resource for Ambulatory Surgery Center Administrators. This book is designed to complement the Survey Guide by providing a checklist for use in documenting compliance with the regulations as well and determining action steps for resolving compliance issues.

The Medicare and Accreditation Surveys are becoming tougher. Understanding the Conditions for Coverage for an Ambulatory Surgery Center as well as how they are interpreted by CMS is critical for ASC leaders.

Ambulatory Surgery Center administrators, nursing directors and business office managers are faced with a daunting task - assuring that their facility complies with a wide-range of rules and regulations. The regulations promulgated by the Centers for Medicare and Medicaid Services (CMS) are of primary importance because they affect the eligibility for certification as an ASC and participation in the Medicare program.

While no one volume can provide all of the up-to-date guidance needed for an ASC to understand the Medicare regulations to maintain certification and licensure, this checklist resource provides a convenient, easy to use format with references to further information.
