Pathos Of Power:

Spirit, Pathos and Liberation Samuel Solivan, 1998-11-01 The growth of the Pentecostal movement is often most evident among the poor and disenfranchised of society as for example among the Hispanic American community As this community continues to develop will Pentecostal theology be able to incorporate into its hermeneutics those issues that especially concern it Solivan looks at relevant issues to this debate from a Hispanic American perspective presenting an overview of Hispanic diversity and its common roots and struggles He talks of four critical issues in Hispanic theology religious experience suffering the work of the Holy Spirit and the importance of language and culture and other issues including acculturation and assimilation He shows how a community's suffering and oppression can be transformed by the Holy Spirit into a liberating life full of hope and promise *Suffering, Politics, Power* Cynthia Halpern, 2002-01-03 Suffering and politics in the thought of Luther Hobbes Rousseau and Nietzsche **Children, Race, and Power** Gerald Markowitz, David Rosner, 2013-12-16 A portrait of two important black social scientists and a broader history of race relations this important work captures the vitality and chaos of post war politics in New York recasting the story of the civil rights movement **The Phantom of the Ego** Nidesh Lawtoo, 2013-10-01 The Phantom of the Ego is the first comparative study that shows how the modernist account of the unconscious anticipates contemporary discoveries about the importance of mimesis in the formation of subjectivity Rather than beginning with Sigmund Freud as the father of modernism Nidesh Lawtoo starts with Friedrich Nietzsche's antimetaphysical diagnostic of the ego his realization that mimetic reflexes from sympathy to hypnosis to contagion to crowd behavior move the soul and his insistence that psychology informs philosophical reflection Through a transdisciplinary comparative reading of landmark modernist authors like Nietzsche Joseph Conrad D H Lawrence and Georges Bataille Lawtoo shows that before being a timely empirical discovery the mimetic unconscious emerged from an untimely current in literary and philosophical modernism This book traces the psychological ethical political and cultural implications of the realization that the modern ego is born out of the spirit of imitation it is thus strictly speaking not an ego but what Nietzsche calls a phantom of the ego The Phantom of the Ego opens up a Nietzschean back door to the unconscious that has mimesis rather than dreams as its via regia and argues that the modernist account of the mimetic unconscious makes our understanding of the psyche new *In Search of Authenticity* Jacob Golomb, 2012-11-12 Great philosophers such as Kierkegaard Nietzsche and Sartre have clearly been preoccupied by the possibility of authenticity In this study Jacob Golomb looks closely at the literature and writings of these philosophers in his analysis of their ethics Golomb's writings shows his passionate commitment to the quest for the authenticity particularly in our climate of post modern scepticism He argues that existentialism is all the more pertinent and relevant today when set against the general disillusionment which characterises the late twentieth century This book is invaluable reading for those who have been fascinated by figures like Camus's Meursault Sartre's Matthieu and Nietzsche's Zarathustra **Pathos of Power** Kenneth

Metaphysics and Nihilism Martin Heidegger, 2022-11-29 The two treatises The Overcoming of Metaphysics 1938-39 and The Essence of Nihilism 1946-1948 do not belong together temporally or formally but they are brought together in this volume because they both treat a common thesis from the standpoint of different questions namely that nihilism is the essence of metaphysics in relation to the history of being The overcoming of metaphysics is for Heidegger the decisive historical moment in which metaphysics is experienced as the history of the abandonment by being and overcome at the same time The abandonment of beings by being reveals itself in the final and most extreme intensification of metaphysics as the unconditioned predominance of manipulation Manipulation means here the all dominating producibility of beings The Essence of Nihilism is linked to the idea of overcoming This text deals with the attempt to elucidate the essence of nihilism through Nietzsche's words God is dead The killing of God springs from the will to power as the most extreme form of manipulation The being of beings is grasped here as the positing of values emanating from the will to power In this positing of being as value it becomes clear that being itself remained unthought in metaphysics Therefore metaphysics as such is nihilism proper These key works by Heidegger now available in English for the first time will be of great interest to students and scholars of philosophy and to anyone interested in Heidegger's thought

Violence and the Oedipal Unconscious Nidesh Lawtoo, 2023-05-01 Representations of violence are often said to generate cathartic effects but what does catharsis mean And what theory of the unconscious made this concept so popular that it reaches from classical antiquity to the digital age In *Violence and the Oedipal Unconscious* Nidesh Lawtoo reframes current debates on new media violence by tracing the philosophical aesthetic and historical vicissitudes of the catharsis hypothesis from antiquity to modernity and into the present Drawing on theorists of mimesis from Aristotle to Nietzsche Bernays to Breuer Freud to Girard to Morin Lawtoo offers a genealogy of the relationship between violence and the unconscious with at least two aims First this study gives an account of the birth of the Oedipal unconscious out of a cathartic method Second it provides new theoretical foundations to solve a riddle of new media violence that may no longer rest on Oedipal solutions In the process Lawtoo outlines a new theory of violence mimesis and the unconscious that does not have desire as a *via regia* but rather the untimely realization that all affects spread contagiously and thus mimetically

The Power of Revival Dongjin Park,2023-11-08 Lloyd Jones s Reformed doctrine of Spirit baptism The Welsh minister Martyn Lloyd Jones 1899 1981 was one of the most influential preachers of the twentieth century His preaching was grounded in his view on the baptism of the Holy Spirit but his pneumatology is often seen as a departure from his Reformed heritage In The Power of Revival Dongjin Park explores how Lloyd Jones s preaching was kindled by his distinctly Reformed view of Spirit baptism By tracing Lloyd Jones s writings and sources Park shows how Lloyd Jones s theology of Spirit baptism was less an embrace of charismatic and Pentecostal theology than a reappropriation of Puritan emphasis on experiential faith Lloyd Jones s revivalistic urgency fueled by the Spirit s power to ignite preaching and holy living found its spark in Calvinistic revivalism The Power of Revival sheds light on Lloyd Jones and Reformed theology and encourages readers to follow his example of relying on the Spirit

Walter Benjamin and the Aesthetics of Power Lutz Peter Koepnick,1999-01-01 Walter Benjamin and the Aesthetics of Power explores Walter Benjamin s seminal writings on the relationship between mass culture and fascism The book offers a nuanced reading of Benjamin s widely influential critique of aesthetic politics while it contributes to current debates about the cultural projects of Nazi Germany the changing role of popular culture in the twentieth century and the way in which Nazi aesthetics have persisted into the present Lutz Koepnick first explores the development of the aestheticization thesis in Benjamin s work from the early 1920s to his death in 1940 Pushing Benjamin s fragmentary remarks to a logical conclusion Koepnick sheds light on the ways in which the Nazis employed industrial mass culture to redress the political as a self referential space of authenticity and self assertion Koepnick then examines to what extent Benjamin s analysis of fascism holds up to recent historical analyses of the National Socialist period and whether Benjamin s aestheticization thesis can help conceptualize cultural politics today Although Koepnick insists on crucial differences between the stage managing of political action in modern and postmodern societies he argues throughout that it is in Benjamin s emphatic insistence on experience that we may find the relevance of his reflections today Walter Benjamin and the Aesthetics of Power is both an important contribution to Benjamin studies and a revealing addition to our understanding of the Third Reich and of contemporary culture s uneasy relationship to Nazi culture
