Power For Gods Sake Power And Abuse In The Local Church:

Power for God's Sake Paul Beasley-Murray, 1998 This book examines the uses and abuses of power in the various Christian denominations found in Britain Excludes the Roman Catholic Church looking at the variety of systems currently in place including lay and suggests the model taught by Christ as an alternative *Power for God's Sake* Paul Beasley-Murray, 2005-08-18 How can churches be empowered not overpowered by individuals Power is a dangerous reality in ordinary church life But when people bring God into the issue and power for my sake becomes power for God s sake the danger is even greater This expose of power abuse in churches today draws on a survey of churches within mainline Protestant denominations Turning to the kind of power model Jesus gives the would be church leader the author explores how power can be handled positively when power for God s sake is in fact power surrendered in the service of others An important book for all involved in leadership within the church

Power in Practice Ryan Morgan, 2025-07-14 What happens when a key theological concept is almost entirely missing from a statement of faith In this groundbreaking study candid interviews with current and former clergy reveal how the absence of theological anthropology the technical term for thinking Christianly about human beings has resulted in the systemic power abuse of clergy within the Pentecostal Assemblies of Canada PAOC Key issues such as exploitive employment arrangements spiritualization of mistreatment sexism bullying and even whistleblower retaliation punctuate the research and shine a light on a critical problem underlying Canada s largest Pentecostal movement Featuring rich and varied interviews alongside thoughtful analysis the strength of this study is in its ability to go beyond merely diagnosing problems drawing on Cameron et al s *Four Voices of Theology* *Power in Practice* proposes a bold and intentional series of recommendations for the PAOC and other evangelical movements wrestling with their conviction that a Christian ethic of power must be practiced in order to be faithful Complete with practical steps for restoring accountability responding to narcissism and renewing theology *Power in Practice* ultimately reminds the reader that power when transformed by Christ is expressed as an ethic of love

Church, Community and Power Roy Kearsley, 2016-05-23 In the era of post Christendom how can church as a sociological reality be switched on to the destructive dangers yet constructive possibilities of power flowing in and around its community Attuned to the current distrust of church power this book creatively works out responses that could turn painful censure into a re visioning of church power relations helped by neglected critical studies The approach exposes a complexity to power and filters that insight into a theology of church The book shows how lessons are available for a religious community from post modern philosopher Michel Foucault and from recent feminism The topic of power has universal importance in the study of religion though the response to analysis and critique in this book is drawn specifically from Christian sources Kearsley concludes with an exploration for a future renovated self critical authentic and growing community sensitive to power while remaining in line with classic Christianity

Unmasking the Angel Stephen Langford, 2025-05-01 This book explores the concept of an

angel of the church It begins with the question that so intrigued Walter Wink Why would Jesus ask John to write to an angel in Revelation 2 3 This work develops critiques and expands Wink s answer It does so by taking the historical records of three churches in England s West Country and bringing them into conversation with Wink s understanding of the angel of the church It then goes further by introducing Wink s work to specialists in fields that include architecture demographics and church polity This scholarly conversation creates a matrix within which ministers with pastoral charge might be equipped to explore the spiritual identity or angel of their own congregations

There is Hope Paul Beasley-Murray, 2021-12-16 250 000 people die in the UK each year and almost half will have a Christian funeral service Preaching at a funeral is a vital part of pastoral ministry but too often funeral sermons consist of generalities and platitudes used for multiple services rather than illuminating the hope gifted to us by the resurrection In *There is Hope* veteran pastor Paul Beasley Murray offers practical advice to help Christian leaders craft meaningful biblically driven sermons and preach with confidence and compassion at funeral services Drawing on his years of experience he offers a sensitive pastorally rich exposition of twenty key Bible passages exploring how preachers can draw on them to show the hope beyond death that the Gospel offers Alongside are funeral sermon examples that he has preached himself as well as ideas outlines and guidance for writing your own *There is Hope* is the perfect book for ordinands and preachers who are new to giving funeral sermons as well as for experienced preachers and pastors wanting to improve and grow in their pastoral ministry and are looking for new ideas for funeral sermons Full of biblical depth this guide will equip priests and pastors with all the tools they need to deliver comforting funeral sermons that truly deliver the message that even in death in the Gospel there is hope

Being Single in the Church Today Philip Wilson, 2005-11-01 The model of the nuclear family unit once the norm is now only one of many different forms of family Fifty percent of the population in the US right now is single In this original and readable book Philip Watson examines the phenomenon of singleness in contemporary society and its implications for ministry Wilson traces the history of the church s attitudes towards marriage and sexuality from the early Church Fathers through the Reformation In a series of direct interviews he probes how single people today feel within their church communities His findings reveal that the vast majority of those questioned feel they are something of an embarrassing anomaly in communities that continue to prize marriage Finally Wilson begins to develop a framework for a more nuanced approach to the subject of sexuality and relationships and suggests ways in which the church as primarily a community of love can become the best forum in which single life can be discussed articulated assisted and faithfully lived out

Ecclesial Leadership as Friendship Chloe Lynch, 2019-03-01 When it comes to talking about the activity of directing the church the language of leadership and leaders is increasingly popular Yet what is leadership and how might theological narratives better resource the discourse and practice of leadership in ecclesial contexts In identifying and critiquing managerialism as a dominant narrative of leadership in the Western church this book calls for an alternative approach founded on the concept of friendship Engaging with the

wider field of leadership studies the book establishes an understanding of leadership activity and brings it into conversation with an incarnational ecclesiology The result is a prophetic reimagining of ecclesial leadership in terms of a relational kenotic praxis This praxis of mutuality and love is framed here in the rich language of Christian friendship The book also wrestles deeply with the embodiment of such a praxis making explicit the power behaviours typical of friendship leadership and offering constructive guidance for practitioners in the task of implementation within a complex and fractured world This book offers a new vision of the centrality of friendship to leadership of a healthy church community As such it will be of great use to scholars of practical theology ecclesiology and leadership as well as practitioners in church ministry

Sites of Violence, Sites of Grace Cynthia Hess, 2008-12-16 Cynthia Hess offers a thoughtful reconstruction of Christian nonviolence through an examination of both theological and theoretical works She shows how contemporary understandings of violence and the human person challenge traditional views of nonviolence as pacifism and the refusal of military violence Hess begins with an analysis of the extensive writings on nonviolence by John Howard Yoder one of the foremost twentieth century thinkers on this subject She then seeks to deepen his view by probing the insights of trauma scholars who explore the powerful and lasting effects of traumatic violence on individuals and communities These scholars often maintain that many survivors continue to hold the reality of traumatic violence within their bodies and minds so that it becomes part of them as they move through time In light of this claim Hess argues that Christian nonviolence must move beyond pacifism to directly address the problem of internalized violence In conversation with resources in Yoder's work as well as feminist theory and trauma studies she analyzes an often overlooked dimension of religious nonviolence the creation of communities in which traumatized persons can survive and flourish With its highly interdisciplinary character this book presents a fresh perspective on Christian nonviolence that not only challenges traditional views but also reclaims the centrality of nonviolence for contemporary Christian theology and practice

Transforming the Struggles of Tamars Lina Androviene, 2014-05-29 This book explores the unprecedented challenge of involuntary singleness for women and the implications of disregarding this challenge for the Christian and particularly baptistic communities of faith It argues that these communities not only fail involuntarily single women but also in so doing suffer a serious detriment to their own communal health and Christian witness Taking the challenge of involuntary singleness as a test case this book explores the method of convictional theology and argues for a holistic framework that can draw together the personal communal and visionary spheres of human existence Although primarily a work of theological ethics it also draws from a number of different disciplines including cultural studies and sociology as well as intersections of science and theology
