Becoming Successful (Harvesting Your Success) Gaddiel R. Ackah,2021-07-15 Conclusion When moments pass in our lives and we realize that our lives mismatch the life we imagined in our past its better we change our current choices decisions and dreams so that we can enjoy better life in future because everything you are doing now reflects your life in the future We reap what we sow Successful life is never a mere hoping and wishing but it s about active doing active determination and active becoming by sowing meaningful big dreams and investments today to get meaningful life tomorrow Becoming successful is not limited to age location or education It is only limited to I won t Success depends on principles and

positive use of your brain The human brain including yours are the storehouse of all the magic we need to heal all the wounds of unsuccessful lives in our world Just change your altitude and take first step to begin something now and you will enjoy success as J K Rowling said We do not need magic to transform our world We carry all of the powers we need inside ourselves already It s never too late too young or too old to begin planning your future from now and get started all over by dreaming newer goals and possibilities today for a better future Officer Ackah using practical examples prompts readers that the great technological and infrastructural advancements and positions in the United States and elsewhere did not magically fall from the sky but they were created by the positive application of the minds of ordinary people like you This book helps you to change your altitudes thinking and get started to create unimaginable successes advancements and positions in our world to place you on top and you will become the topic of remembrance Officer Ackah speaking from personal experiences of victory and success from both the civilian and military points has provided the positive passionate practical and possible principles to arouse your appetite for creating unbelievable successes to change your life exceptionally and to effect inimitably the transformation of our world Gaddiel R Ackah is encouraging readers in finding freedom in their lives to overcome the three mistakes that block successful living fear to identify one s purposes in life ignorant of how powerful their brain can work to change things and the misunderstanding of creating desirable successes He prompts that you are not living to tiptoe and die but to achieve your dreams by your positive and courageous daily choices and investments When life is not okay but you are struggling in life this book is for you to reexamine and change your goal job title and social status 2 2

Teaching with a Strength-Based Approach Steven Baron,2023-06-01 Helping students improve doesn t have to mean remediating their deficits In this important book Steven Baron shows the benefits of a strength based approach that instead emphasizes students assets and capabilities making them feel more connected to teachers and peers and more engaged in learning You ll learn practical research backed ways to help students of all grade levels identify and celebrate their strengths develop self confidence and a growth mindset build intrinsic motivation overcome a fear of making mistakes manage their feelings focus on gratitude and more You ll also discover ways to create a more strength based Individual Education Plan IEP increase your own resilience as a teacher and build a strength based culture throughout your school and district The appendix provides a variety of exercises you can use to help students focus on their strengths foster kindness and understand the impact of bullying Students spend approximately 1300 hours during the year with teachers this resource will help you make this time as affirming as possible so students are ready to learn and grow **The Power of Attitude Capital** Marc Lamont,2018-12-11 Companies continually evaluate their assets both tangible and intangible During these evaluations an extremely important point is often forgotten that point is that attitude capital is one of the most important assets The value of all other assets might be in danger if the level of attitude capital is not high enough And putting the assets of a company in danger can t be the purpose of being in business because companies are always looking for security and growth The success

of companies is determined by the sum of the individual success of their employees And the success of employees can be increased dramatically by developing and further increasing the attitude capital But the development of the right attitude leads not only to success it also leads to maximal realization potential For employees attitude capital is extremely important more important than knowledge experience skills and talent because attitude determines how all those elements are transformed into success In case of lack of the right attitude the value of knowledge experience skills and talent becomes small to irrelevant As a result the chances of being successful are minimal to nonexistent The right attitude of an employee not only increases his or her individual success but also contributes to the attitude capital of the company and as a result to the success of the company Starters and start up companies often think they have a unique idea But often those ideas are not so unique or they can be imitated very easily What really will create the difference is the level of attitude capital those starters have from the beginning Just having passion is not enough The Power of Attitude Capital is for managers for employees and for starters not only to read but also to use on a daily basis as a guide to increase attitude capital The Power of Attitude Capital does not look at what is going wrong in organizations or at an individual level It rather seeks to motivate organizations and individuals to work on the opportunities that they have to increase success [Power Skills - English Version](#) Dafna Blaschkauer,2023-10-01 SUCCESS IS WORKING ON SOMETHING YOU ARE PASSIONATE ABOUT IT S HAVING THE FREEDOM OF CHOICE AND BEING HAPPY IN A PROCESS OF CONTINUOUS DEVELOPMENT AND LEARNING In an increasingly fast paced world we cannot continue to believe that only technical knowledge will be enough in the workplace to pave the way for an exceptional career We live in a scenario of constant innovation and what universities and recruiters don t tell us is that the professional who truly stands out is the one who can combine knowledge with behavioral skills transforming them into powerful tools for success In Power Skills Dafna Blaschkauer a renowned executive in the international corporate market presents the ways to master the powerful skills that already exist within you and awaken your maximum power something essential for achieving success in your career and life Once you understand that hard and soft skills alone are not enough to enhance your professional life but rather a combination of the two developed until they become Power Skills you will be on the right path to transform your journey Here you will learn How to map your Power Skills and use them to your advantage The skills you need to stand out in any job market A simple and practical method to enhance your discipline and accomplish what needs to be done Techniques for saying no elegantly and better controlling your schedule How to transform day to day challenges and adversity into growth opportunities Strategies to improve your communication collaboration and empathy and how they will help you build healthier relationships enhancing your career How to recognize behaviors that block you from achieving your goals How to reach your maximum power and fulfill your dreams by combining your technical knowledge with what s best within you **Success Habits - How To Be Successful and Scale Up Faster Than Anyone Else?** Chris Diamond, Special Offer Buy 1 Get 3 Books on Success and

The long held notion of learning from our failures doesn't work. At best it leaves us with a long list of what to avoid instead of giving us a way to accomplish our goals. Success isn't achieved by not doing something; it requires a series of deliberate actions. This book provides a practical framework for understanding our unique motivations, habits, and behaviors that enable us to accomplish anything and develop a personal framework for future success. Using compelling research and engaging stories, international best-selling author and business coach Rob Hatch reveals how to go beyond the notion of strengths and what we do well to understand the specific decisions, behaviors, and actions enabling us to achieve our goals on our terms.
