

SONNET 147

My love is as a fever, longing still
For that which longer nurseth the disease,
Feeding on that which doth preserve the ill,
Th' uncertain sickly appetite to please.

My reason, the physician to my love,
Angry that his prescriptions are not kept,
Hath left me, and I desperate now approve
Desire is death, which physic did except.
Past cure I am, now reason is past care,
And frantic-mad with evermore unrest
My thoughts and my discourse as madmen's
are,

At random from the truth vainly expressed
For I have sworn thee fair, and thought thee
bright,

Who art as black as hell, as dark as night

WILLIAM SHAKESPEARE

Shakespeares Sonnets

Jonathan F. S. Post

Shakespeare's Sonnets:

Shakespeare's Sonnets William Shakespeare, 2017-11-22 Examining the universal and perennial topics of love beauty time and mortality the 154 sonnets by William Shakespeare have been often quoted in the last 400 years since his death The sonnets were first published in 1609 but there is hardly a language in the world into which they have not been translated

Shakespeare's Sonnets William Shakespeare, David West, 2007 No Marketing Blurb **The Art of Shakespeare's Sonnets** Helen Vendler, 1999-11-01 In detailed commentaries on Shakespeare's 154 sonnets Vendler reveals previously unperceived imaginative and stylistic features of the poems pointing out not only new levels of import in particular lines but also the ways in which the four parts of each sonnet work together to enact emotion and create dynamic effect A Comprehensive Guide to Shakespeare's Sonnets Roland Weidle, 2024-11-14 This book provides readers with the tools to unravel the complexities of one of the most difficult sonnet sequences introducing them to the literary tradition themes stylistic features and cultural contexts of the genre and the collection and offering close readings of more than 100 sonnets This combined approach enables readers not only to disentangle the complex relationships of the poems characters but also to appreciate their philosophical sensual topical and subversive qualities Of the book's two sections the first Contexts and Forms includes chapters on the sonnet tradition early publication history the structural features of the sequence and the Shakespearean sonnet as well as the main characteristics of the dramatis personae The second section Themes consists of 5 chapters and explores the theme clusters that can be identified throughout the sequence preservation writing desire deception imagination Additional features of the book include a step by step approach to a Shakespeare sonnet a model interpretation of a sonnet as well as charts and tables identifying and summarizing the sequence's mini narratives groups addressees and themes For easy reference the sonnets discussed in the book are cross referenced and listed in the index which also includes key terms and names of works and people Suggestions for further reading are provided at the end of each chapter and the annotated bibliography includes brief descriptions of the most useful works for further study

Shakespeare's Sonnets Paul Edmondson, Stanley W. Wells, Stanley Wells, 2004 The sonnets are among the most accomplished and fascinating poems in the English language They are central to an understanding of Shakespeare's work as a poet and poetic dramatist and while their autobiographical relevance is uncertain no account of Shakespeare's life can afford to ignore them So many myths and superstitions have arisen around these poems relating for example to their possible addressees to their coherence as a sequence to their dates of composition to their relation to other poetry of the period and to Shakespeare's plays that even the most naive reader will find it difficult to read them with an innocent mind Shakespeare's Sonnets dispels the myths and focuses on the poems Considering different possible ways of reading the Sonnets Wells and Edmondson place them in a variety of literary and dramatic contexts in relation to other poetry of the period to Shakespeare's plays as poems for performance and in relation to their reception and reputation Selected sonnets are discussed in depth

but the book avoids the jargon of theoretical criticism Shakespeare's Sonnets is an exciting contribution to the Oxford Shakespeare Topics ideal for students and the general reader interested in these intriguing poems Shakespeare's Sonnets William Shakespeare, 1923 This book is a collection of Shakespeare's incomparable sonnets **The World of Shakespeare's Sonnets** Robert Matz, 2014-07-15 Of Shakespeare's sonnets we know the crystalline meter exquisite diction and exhilarating surprise of the turn in the final couplet By contrast we know very little of their subjects and motives This book does not approach the sonnets as Shakespearean autobiography but instead delineates the customs that shaped the poet's world and thus his sonnets It argues for understanding them as brilliant edgy expressions of the equally brilliant edgy culture of the English Renaissance Shakespeare's Sonnets James Schiffer, 2013-04-15 Shakespeare's Sonnets Critical Essays is the essential Sonnets anthology for our time This important collection focuses exclusively on contemporary criticism of the Sonnets reprinting three highly influential essays from the past decade and including sixteen original analyses by leading scholars in the field The contributors diverse approaches range from the new historicism to the new bibliography from formalism to feminism from reception theory to cultural materialism and from biographical criticism to queer theory In addition James Schiffer's introduction offers a comprehensive survey of 400 years of criticism of these fascinating enigmatic poems **Shakespeare's Sonnets and Narrative Poems** A. D. Cousins, 2014-07-21 Alongside Spenser Sidney and the early Donne Shakespeare is the major poet of the 16th century largely because of the status of his remarkable sequence of sonnets Professor Cousins new book is the first comprehensive study of the Sonnets and narrative poems for over a decade He focuses in particular on their exploration of self knowledge sexuality and death as well as on their ambiguous figuring of gender Throughout he provides a comparative context looking at the work of Shakespeare's contemporaries The relation between Shakespeare's non dramatic verse and his plays is also explored *Shakespeare's Sonnets and Poems* Jonathan F. S. Post, 2017 Jonathan Post introduces all of Shakespeare's poetry including the sonnets and his great narrative poems and explores themes of love and lust in these works He also considers the debates surrounding their disputed authorship and the impact these poems had from contemporary readers right up to today

Unveiling the Power of Verbal Art: An Mental Sojourn through **Shakespeares Sonnets**

In a global inundated with monitors and the cacophony of fast connection, the profound power and mental resonance of verbal beauty usually fade into obscurity, eclipsed by the constant assault of noise and distractions. Yet, set within the lyrical pages of **Shakespeares Sonnets**, a fascinating work of fictional elegance that impulses with natural thoughts, lies an wonderful journey waiting to be embarked upon. Composed by a virtuoso wordsmith, this exciting opus instructions readers on an emotional odyssey, lightly exposing the latent potential and profound influence stuck within the elaborate internet of language. Within the heart-wrenching expanse with this evocative examination, we shall embark upon an introspective exploration of the book is main themes, dissect their fascinating publishing fashion, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.
