Shall America Be Defended Salt II And Beyond:

Shall America be Defended? Daniel Orrin Graham,1979 Coercion, Cooperation, and Ethics in International Relations Richard Ned Lebow,2007 This collection offers a useful framework for thinking about America s role in the current world and the most efficient ways of translating American power into influence A substantive overview of Lebow s views on ethics and foreign policy and the future of international relations theory this book represents a major statement by a pre eminent thinker

Shall America be Defended? Daniel Orrin Graham,1979 **National Security Affairs Monograph Series** ,1976 *The Origins of SDI, 1944-1983* Donald R. Baucom,1992 Most people think Star Wars began with the ideas of Ronald Reagan but its roots reach decades further back In this first scholarly account of the origins of the Strategic Defense Initiative SDI historian Don Baucom traces these roots back to the dawn of the missile age in 1944 He finds SDI emerging after a period of nearly 40 years from forces generated by technological developments changing strategic conditions and the collapse of the SALT arms control negotiations of the 1970s

The Soviet View of U.S. Strategic Doctrine Jonathan Samuel Lockwood,1983-01-01 Soviet perceptions of American strategic doctrine have influenced then use of military power in foreign policy An understanding of how those perceptions are being derived at and of their specific contents is therefore essential to any reflection on direction that American defense policy should take Particularly in the field of arms control and disarmament Soviet perceptions carry severe implications for U S proposals as well as general behavior Lockwood bases his examination on Soviet sources such as newspapers periodicals radio broadcasts and books He establishes that Soviet analysts tend to project their own notions of clear strategy onto U S doctrine and intentions Starting from the premise that the Soviets mean what they say Lockwood is able to give a historical account of Soviet perceptions starting from massive retaliation up to and including Presidential Directive 59 In his final chapter the author gives possible policy strategies to successfully counteract the Soviet military policy

American Opinion ,1983 **Causes of War** Stephen Van Evera,2013-01-15 What causes war How can military conflicts best be prevented In this book Stephen Van Evera frames five conditions that increase the risk of interstate war false optimism about the likely outcome of a war a first strike advantage fluctuation in the relative power of states circumstances that allow nations to parlay one conquest into another and circumstances that make conquest easy According to Van Evera all but one of these conditions false optimism rarely occur today but policymakers often erroneously believe in their existence He argues that these misperceptions are responsible for many modern wars and explores both World Wars the Korean War and the 1967 Mideast War as test cases Finally he assesses the possibility of nuclear war by applying all five hypotheses to its potential onset Van Evera s book demonstrates that ideas from the Realist paradigm can offer strong explanations for international conflict and valuable prescriptions for its control

Avoiding War, Making Peace Richard Ned Lebow,2017-08-23 This book recapitulates and extends Ned Lebow s decades long research on conflict management and resolution It updates his critique of conventional and nuclear deterrence analysis of reassurance and the

conditions in which international conflicts may be amenable to resolution or failing that a significant reduction in tensions
This text offers a holistic approach to conflict management and resolution by exploring interactions among deterrence
reassurance and diplomacy and how they might most effectively be staged and combined **The Apocalyptic Premise**
Ernest W. Lefever (red.), E. Stephen Hunt, 1982 This document contains 31 position papers that reflect a wide range of views
on nuclear arms policy held by political leaders religious authorities scholars policy experts journalists and political activists
Since no judgments are made the reader is left to decide which arguments are most compelling Each position paper is
arranged into one of five sections Arms Control Issues The Peace Movement The Apocalyptic Premise The Churches and
Nuclear Arms and Official Views Each essay is preceded by a brief introduction pointing out main themes and relating both
complementary and opposing contributors to one another Also included is a chart showing the comparative strengths of
NATO and Warsaw Pact forces in Europe a five part bibliography corresponding to the five divisions of the text and an index
of names APG

Shall America Be Defended Salt Ii And Beyond Book Review: Unveiling the Power of Words
