Shamans Prophets And Sages:

Shamans, Prophets, and Sages Denise Lardner Carmody, John Carmody, 1985 **An Introductory Dictionary of Theology and Religious Studies** Orlando O. Espín, James B. Nickoloff, 2007 Spanning the gamut from Aaron to Zwingli this dictionary includes nearly 3 000 entries written by about sixty authors all of whom are specialists in their various theological and religious disciplines The editors have designed the dictionary especially to aid the introductory level student with instant access to definitions of terms likely to be encountered in but not to substitute for classroom presentations or reading assignments Publisher Shaman and Sage Michael Horton, 2024-05-28 The first volume of Michael Horton s magisterial intellectual history of spiritual but not religious as a phenomenon in Western culture Discussions of the rapidly increasing number of people identifying as spiritual but not religious tend to focus on the past century But the SBNR phenomenon and the values that underlie it may be older than Christianity itself Michael Horton reveals that the hallmarks of modern spirituality autonomy individualism utopianism and more have their foundations in Greek philosophical religion Horton makes the case that the development of the shaman figure in the Axial Age particularly its iteration among Orphists represented a divine self One must realize the divinity within the self to break free from physicality and become one with a panentheistic unity Time and time again this tradition of divinity hiding in nature has arisen as an alternative to monotheistic submission to a god who intervenes in creation This first volume traces the development of a utopian view of the human individual a divine soul longing to break free from all limits of body history and the social and natural world When the second and third volumes are complete students and scholars will consult The Divine Self as the authoritative guide to the spiritual but not religious tendency as a recurring theme in Western culture from antiquity to the present Prophets Male and Female , 2013-06-05 Because gender is an essential component of societies of all times and places it is no surprise that every prophetic expression in the ancient social world was a gendered one In this volume scholars of the biblical literature and of the ancient Mediterranean consider a wide array of prophetic phenomena In addition to prophetic texts of the Hebrew Bible the essays also look at prophecy in ancient Mesopotamia and early Christianity Using the most current theoretical categories the volume demonstrates how essential a broad definition of gender is for understanding its connection to both the delivery and the content of ancient prophecy Attention to gender dynamics will continue to reveal the fluidity of prophetic gender performance and to open up the ancient contexts of prophetic texts The contributors are Roland Boer Corrine Carvalho Lester L Grabbe Anselm C Hagedorn Esther J Hamori Dale Launderville Antti Marjanen Martti Nissinen Jonathan St kl Hanna Tervanotko and Ilona Zsolnay **WomanProphet** Elizabeth Love, 2019-04-30 Most women are raised in a context of feminine values whether they are aware of those values or not Some of the values specific to this feminine culture are interdependence caring and relationality In our time many women cross over into a masculine value culture when they take on what were traditional male roles in male evolved institutions Eventually women become aware that their own values

conflict with some assumed male values They then have to compromise and adjust in order to be productive in those environments The women I have focused on in this study have because of a significant external event or events and an emerging inner vision left both structures They then however lack others around them whose values structures can reinforce adherence When these women are by themselves they experience something like a dark night of the soul Once they get beyond the pain and a sense of meaninglessness they begin to realize that they can move the constructs of reality that they can write history as well as read it An essential concern is to determine what their values are After this process their own personal vision becomes clear But the cycle isn't complete until they bring that new vision back to their people And bringing it back in a holistic sense helps to raise the moral sights of others who are influenced by that experience Drama and Power in a Hunting Society Anne Chapman,1982-11-11 The Selk nam people now virtually extinct are a classic example of hunting societies The book is based on the author's field work among the last surviving pure Selk nam as well as an exhaustive review of the previous literature **In the Path of the Masters** Denise Lardner Carmody,John Tully Carmody,2015-05-20 Reflecting on the legacy of four great religious figures this book places each in their historical context offers glimpses of what they were like personally assesses how they saved their followers from confusion and traces each religious tradition after its founder's death *Meshkerem Age of the Black Sage* KeaOboka oora Molomo,2011-03-24 KeaOboka oora molomo belongs to the new post colonial poets in south africa he approaches the genre with a frightening fearlessness an almost messianic zeal A concoction of amongst others tradition religion and new african history add up to the molomo cocktail that is his take on poetry his poetry is a pulpit in church from which he brings the spiritual and the secular together seeing the usually disparate with the eye of Horus a reintegrating vision for an artist from the villages and townships his work is undoubtedly paradigm defying and revolutionary unquestionably the offerings of a maverick suffering no holy cows he is angry irreverent and certainly controversial yet a nation builder and an african renaissance man too tswagare namane Author of My Land Bits and Pieces what i have could be taken but i will go to the grave being what i am molomo o bua ntho tse di kgolo he addresses higher issues dr mongane wally serote national revolutionary poet and ceo of freedom park trust foundation Spirituality, Diversion, and Decadence Peter Higbie Van Ness,1992-01-01 This book presents a philosophical rethinking of the meaning and nature of spiritual discipline It offers a new way of describing and justifying practices like praying meditating fasting and yoga and it provides an innovative case for their contemporary importance Spiritual discipline is especially effective at combatting Pascalian diversion the pursuit of activities that occupy the mind just enough to avoid thinking about important things and Nietzschean decadence the proclivity for extirpating instinctive drives instead of satisfying or sublimating them In addition to overcoming diversion and decadence in contemporary consumerist culture VanNess recommends spiritual discipline as a means of political resistance to powerful institutions which seek to exercise social control in democratic societies by promulgating addictive patterns of consumption

Finally he argues that regimens of spiritual discipline can serve healthful and liberating purposes and generally promote fullness of life only insofar as they are shaped by an ethos of intellectual criticism and aesthetic experimentation

The Life of a Galilean Shaman Pieter F Craffert, 2010-02-25

The aim of historical Jesus research is to identify the authentic material from which the historical figure as a social type underneath the overlay is constructed

Pieter Craffert's anthropological historiography offers an alternative framework for dealing with Jesus of Nazareth as a social personage fully embedded in a first century Mediterranean worldview and the Gospels as cultural artefacts related to this figure

This cross cultural model represents a religious pattern that refers to a family of features for describing those religious entrepreneurs who based on regular Altered State of Consciousness experiences perform a specific set of social functions in their communities
