Shambhala The Fascinating Truth Behind The Myth Of Shangri-la:

Shambhala Victoria LePage, 2014-08-22 For thousands of years stories have been told about an inaccessible garden paradise hidden among the icy peaks and secluded valleys of the Himalayas Called by some Shangri-la this mythical kingdom where the pure at heart live forever among jewel lakes wish fulfilling trees and speaking stones has fired the imagination of both actual explorers and mystical travelers to the inner realms In this fascinating look behind the myth Victoria LePage traces the links between this legendary Utopia and the mythologies of the world Shambhala LePage argues persuasively is real and may be becoming more so as human beings as a species learn increasingly to perceive dimensions of reality that have been concealed for millennia

Natural Mind Meditation Rodney Devenish, 2013-01-19 Dzogchen Mahamudra and the Dynamic Awakening of Consciousness the core practice the highest approach to immediate enlightenment via the rapid path of Natural Mind Meditation this text begins at the very beginning while aiming to take the path of Vision through all the stages of higher Development culminating at the level of No More Seeking The instruction is clearly based on ancient authoritative tradition but now at long last taught by a skilled Western expert in the field of spiritual counseling Buddhist psychotherapy and Mahamudra Meditation thus making a book that is ideal for the Western reader The context for this practice is set within the wider scope of human evolution its sources in the Ancient Wisdom and the Wisdom Teachings of the world's great religions

Free Trade in the Bermuda Triangle-- and Other Tales of Counterglobalization Brett Neilson, 2004 An alternative approach to mapping the world offers a new way to contest capitalism and globalization Shangri-La the Bermuda Triangle Transylvania the Golden Triangle far flung in popular conception these anomalous places nonetheless occupy the same mysterious zone a mythography of unruly cartographic practices And because this mythography becomes associated with a particular area of the earth's surface it may well suggest an alternative means of mapping the world dissociated from the dominant geographical paradigms of nation state economic region and the global local marketing nexus Large scale nonnational geographical spaces that find their genesis in popular feeling mystery and belief these four sites provide Brett Neilson with the basis not only for rethinking the current global reorganization of space and time but also for questioning the dominant narrative by which globalization marks the victory of capitalism Free Trade in the Bermuda Triangle moves between analysis of popular fantasies and engagement with on the ground realities weaving together topics as diverse as airplane disasters off the U.S. Atlantic coast the global drug trade vampire culture in postsocialist Europe and the search for utopia in Chinese occupied Tibet The study of globalization is largely a solemn affair occupied with increasing economic polarities environmental degradation and global insecurity Free Trade in the Bermuda Triangle maintains a critical focus on these sobering issues but at the same time asks how popular pleasure and enjoyment can create viable alternatives to the current global order Neilson takes seriously the proposition that capitalism must be contested at its own level of generality finding provisional grounds for resistance in nonlocal transnational spaces that embody quotidian hopes desires

and anxieties By studying the real and imagined dimensions of these popular geographies his book seeks resources for social betterment in the fallen mythologies of the contemporary postutopian world **The Yoga Tradition** Georg

Feuerstein,2012-09-18 A unique reference work from the foremost writer on Yoga today THE YOGA TRADITION surveys the 5 000 year history of Hindy Buddhism Jaina and Sikh Yoga featuring full and partial translations of numerous key scriptures and over 200 illustrations It is considered the CLASSIC text on Yoga practice and history Imagining the East Erik

Reenberg Sand,Tim Rudbøg,2020 The essays in Imagining the East explore how Theosophists during the formative period imagined the religions and cultures of the East The authors examine the relationship of such representations to orientalism the history of ideas politics and culture at large and discuss how these esoteric or theosophical representations mirrored conditions and values current in nineteenth century mainstream intellectual culture The essays also look at how the early Theosophical Society s representations of the East differed from mainstream orientalism and how the Theosophical Society s mission in India was distinct from that of British colonialism and Christian missionaries Geopolitical Exotica Dibyesh

Anand, Geopolitical Exotica examines exoticized Western representations of Tibet and Tibetans and the debate over that land s status with regard to China Concentrating on specific cultural images of the twentieth century promulgated by novels popular films travelogues and memoirs Dibyesh Anand lays bare the strategies by which Exotica Tibet and Tibetanness have been constructed and he investigates the impact these constructions have had on those who are being represented Although images of Tibet have excited the popular imagination in the West for many years Geopolitical Exotica is the first book to explore representational practices within the study of international relations Anand challenges the parochial practices of current mainstream international relations theory and practice claiming that the discipline remains mostly Western in its orientation His analysis of Tibet s status with regard to China scrutinizes the vocabulary afforded by conventional international relations theory and considers issues that until now have been undertheorized in relation to Tibet including imperialism history diaspora representation and identity In this masterfully synthetic work Anand establishes that postcoloniality provides new insights into themes of representation and identity and demonstrates how IR as a discipline can meaningfully expand its focus beyond the West Dibyesh Anand is a reader in international relations at the University of Westminster London

The Enigmas of History Alan Baker,2012-11-02 History is replete with unanswered questions regarding our own past and that of the world in which we live Some of these questions are mere curiosities others are of the profoundest importance to our cultural identity and have a serious bearing on our future Each self contained chapter in The Enigmas of History covers a particular mystery ranging across the globe and throughout history from Atlantis to the Amazons from the Ark of the Covenant to the enigma of the Black Madonnas and from the weird mystery of Spring heeled Jack to visions of the Virgin Mary Among the topics explored are The strange history of the Dogon tribe of Mali in West Africa who believe that they were visited in the distant past by amphibious beings from another star The legend of the lost Himalayan

kingdom of Shambhala The mystery of the crystal skulls The enigma of the indecipherable Voynich manuscript The Enigmas of History is an entertaining informative compendium of strange events and weird encounters with the unexplained It is packed with information on historical mysteries puzzles and bewildering discoveries and will intrigue the historian and general reader alike *Hidden Valley, Hidden Mind* Eleanor Mannikka, 2011-04-01 In the latter half of the 1950s a series of unusual events that started with a UFO encounter continued with a near death experience and ended with unusual transformations of consciousness started me on a journey to Tibetan Buddhism Several decades passed before I began to suspect that the Tibetan legend of Shambhala might tie these disparate events together This book is the result **The Occult World** Christopher Partridge, 2014-12-05 This volume presents students and scholars with a comprehensive overview of the fascinating world of the occult It explores the history of Western occultism from ancient and medieval sources via the Renaissance right up to the nineteenth and twentieth centuries and contemporary occultism Written by a distinguished team of contributors the essays consider key figures beliefs and practices as well as popular culture **Handbook of the Theosophical Current** , 2013-01-08 Few religious currents have been as influential as the Theosophical Yet few currents have been so under researched and the Brill Handbook of the Theosophical Current thus represents pioneering research A first section surveys the main people and events involved in the Theosophical Society from its inception to today and outlines the Theosophical worldview A second substantial section covers most significant religions to emerge in the wake of the Theosophical Society Anthroposophy the Point Loma community the I AM religious activity the Summit Lighthouse Movement the New Age theosophical UFO religions and numerous others Finally the interaction of the Theosophical current with contemporary culture including gender relations art popular fiction historiography and science are discussed at length
