Mariotti, 1997-10-10 The Shape Shifters offers a unique set of new tools keeping readers ahead of fast moving curves The simple analytical and teaching tools in this book can make any business nimbler and more decisive The author provides hundreds of examples of how companies have redefined the shapes of their businesses shape shifting faster and more often to match the changing shape of customer demands *Shape Shifters* Lily Anne Y. Welty Tamai, Ingrid Dineen-Wimberly, Paul Spickard, 2020-01-01 Shape Shifters presents a wide ranging array of essays that examine peoples of mixed racial identity Moving beyond the static either/or categories of racial identification found within typical insular conversations about mixed race peoples Shape Shifters explores these mixed race identities as fluid ambiguous contingent multiple and malleable This volume expands our understandings of how individuals and ethnic groups identify themselves within their own sociohistorical contexts The essays in Shape Shifters explore different historical eras and reach across the globe from the Roman and Chinese borderlands of classical antiquity to medieval Eurasian shape shifters the Native peoples of the missions of Spanish California and racial shape shifting among African Americans in the post civil rights era At different times in their lives or over generations in their families racial shape shifters have moved from one social context to another And as new social contexts were imposed on them identities have even changed from one group to another This is not racial ethnic or religious imposture It is simply the way that people's lives unfold in fluid sociohistorical circumstances With contributions by Ryan Abrecht George J Sanchez Laura Moore and Margaret Hunter among others Shape Shifters explores the forces of migration borderlands trade warfare occupation colonial imposition and the creation and dissolution of states and empires to highlight the historically contingent basis of identification among mixed race peoples across time and space Werewolves and Other Shape-Shifters Ruth Owen, 2013-01-01 Examines the history of werewolf lore famous incidents and possible explanations **Werewolves and Other Shape-Shifters** Anita Ganeri, 2010-08-15 Describes different kinds of shape shifters from the Japanese kitsune to the Irish selkies **Vampires, Zombies, and Shape-Shifters** Rebecca Stefoff, 2008 Explores the folklore and facts connected with vampires zombies and shape shifters such as werewolves **Amazing Animal Shape-Shifters** Leon Gray, 2015-08 Describes the ways in which animals change their appearance to avoid predators or attract mates **Werewolves and Other Shapeshifters in Popular Culture** Kimberley McMahon-Coleman, Roslyn Weaver, 2014-10-01 In recent years shapeshifting characters in literature film and television have been on the rise This has followed the increased use of such characters as metaphors with novelists and critics identifying specific meanings and topics behind them This book aims to unravel the shapeshifting trope Rather than pursue a case based study the works are grouped around specific themes adolescence gender sexuality race disability addiction and spirituality that are explored through the metaphor of shapeshifting Because of the transformative possibilities of this metaphor and its flexibility the shapeshifter has the potential to change how we see our world With coverage of iconic
