Sharing The Ganges The Politics And Technology Of River Development:

Sharing the Ganges Ben Crow,1995-06-12 Crow development studies Stanford U and two collaborators recount the tortuous negotiations among India Pakistan Nepal and Bangladesh that for four decades have failed to produce a cooperative effort to control the flooding of the Ganges and stop the periodic devastation of the millions of people living in its floodplain They draw from interviews with decision makers diplomats and engineers and official reports and minutes Annotation copyright by Book News Inc Portland OR [Sharing the Ganges](#) Ben Crown,1997

The Ganges River Basin Luna Bharati,Bharat R. Sharma,Vladimir Smakhtin,2016-08-25 The Ganges is one of the most complex yet fascinating river systems in the world The basin is characterized by a high degree of heterogeneity from climatic hydrological geomorphological cultural environmental and socio economic perspectives More than 500 million people are directly or indirectly dependent upon the Ganges River Basin which spans China Nepal India and Bangladesh While there are many books covering one aspect of the Ganges ranging from hydrology to cultural significance this book is unique in presenting a comprehensive inter disciplinary overview of the key issues and challenges facing the region Contributors from the three main riparian nations assess the status and trends of water resources including the Himalayas groundwater pollution floods drought and climate change They describe livelihood systems in the basin and the social economic geopolitical and institutional constraints including transboundary disputes to achieving productive sustainable and equitable water access Management of the main water use sectors and their inter linkages are reviewed as well as the sustainability and trade offs in conservation of natural systems and resource development such as for hydropower or agriculture

Managing Water Conflict Ashok Swain,2004-06-01 Countries are meeting increasing water demand by building reservoirs and by diverting water from one area to another When the water belongs to an international river system these measures lead to riparian conflicts However water scarcity not only brings conflict to these regions but also plays its part in building cooperation In several international river basins in Asia Africa and the Middle East competing and disputing riparian countries are now moving towards a co operative sharing arrangement The signs of agreements on water sharing may be easy but the real problem is how to keep these arrangements on track Such agreements can positively contribute to peace and cooperation by addressing future needs making sustainable decisions and being progressive in their management Managing Water Conflict looks at these current stresses and likely future scenarios for this vitally important subject

India Bangladesh Domestic Politics Punam Pandey,2016-11-26 This book deals with how the governments of India and Bangladesh manage the Ganges River On the basis of the Ganges issue it explains India s involvement in the domestic politics of Bangladesh and how this involvement in turn shapes Ganges river politics The book further analyses the constant friction between Indian preferences for bilateral negotiation in comparison to Bangladesh s demand for multilateral cooperation on the Ganges This also highlights the role of civil society tracing how organisations have engaged in and explored potential compromises acceptable

to both countries As the term of the treaty comes to an end in 2026 the present work underlines its limitations as the impacts of climate change will involve far more than distress on water In closing it discusses a range of other challenges including the erosion of the Indian central government's monopoly in foreign policy especially in relation to its neighbours Through extensive fieldwork in India and Bangladesh together with interviews with politicians diplomats and all those closely associated with the Ganges deliberations the book reveals subtle aspects of the negotiations What emerges as a distinctive feature of Indo Bangladesh interactions on the Ganges is the fact that successful outcomes depend on the extent to which the ruling political powers in both countries accommodate one other's domestic political dynamics This insight enriches scholarship on the Ganges River addressing an aspect largely overlooked in the literature Offering an up to the minute analysis the book examines the implementation of the Ganges Treaty through 2015 making it of interest to researchers focusing on South Asia and international relations scholars on and practitioners of Indian foreign policy journalists water experts civil society groups and university students

Conflict Management of Water Resources Manas Chatterji, Saul Arlosoroff, Gauri Guha, 2017-11-01 This title was first published in 2002 Now that the Cold War is over ethnic and regional conflicts are emerging over resources and the environment The management of water the lifeblood of any country is becoming a vital issue This volume offers a study of conflict management of water resources It includes some selected papers presented at an international meeting held at the Mahatma Gandhi Center of Conflict Prevention and Management in Ahmedabad India Other invited papers have also been included in the collection Obviously it was not possible to address here all aspects of the vast field of water management The main focus of this work is the management of water conflict and its implications for peace

Conflict and Cooperation on South Asia's International Rivers Salman M. A. Salman, Kishor Upreti, 2002 Conflict and Cooperation on South Asia's International Rivers traces the development of international water law This book focuses on the hydro politics of four countries in the South Asia region Bangladesh India Nepal and Pakistan It analyzes the problems that these countries have encountered as riparians of international rivers and how they have addressed these problems In particular this study reviews the treaty regimes governing the Indus River basin the Ganges River basin and the Kosi Gandaki and Mahakali river basins Each of these regimes is described in depth with special attention devoted to the main problems each of these treaties sought to address The authors also review the treaty experience and offer observations on bilateralism and multilateralism

Floods in the Ganga-Brahmaputra-Meghna Delta Aznarul Islam, Pravat Kumar Shit, Dilip Kumar Datta, M. Shahidul Islam, Suvendu Roy, Sandipan Ghosh, Balai Chandra Das, 2023-02-14 This volume covers the floods of the major rivers of the Ganga Brahmaputra Meghna GBM Delta and storm surge related coastal floods in these regions The book is dedicated to addressing floods from an integrated physical social perspective to provide students and researchers with a holistic understanding of floods in terms of both human and geomorphological aspects The systematic coverage of all the major rivers and coastal areas in the GBM delta and

surrounding regions will foster a clear comprehension of this dense reservoir of population where thousands of people are impacted every year due to flood hazards and agricultural destabilization This comprehensive treatment of flood issues in the region covers flash floods fluvial floods fluvio tidal floods and coastal floods and outlines flood management strategies to maintain ecological integrity and environmental stability and prevent harmful impacts of future floods The book is intended for students and researchers in earth and environmental sciences especially geomorphology hydrology geography geology natural resources management and regional planning Bangladesh Craig Baxter,2018-02-23 In 1996 Bangladesh celebrated its 25th anniversary When the country became independent from Pakistan in 1971 it proclaimed itself a parliamentary democracy with four goals democracy secularism socialism and nationalism This comprehensive introduction to Bangladesh s history polity economy and society reassesses its successes and failures in reaching these goals after a quarter century of nationhood Craig Baxter traces the development of national identity in the region first as part of India and then of Pakistan and the slow evolution toward statehood He also explores the formative periods of Hindu Buddhist Muslim and British government that preceded Pakistani rule and subsequent independence Anyone wishing to understand this poor populous but ambitious young nation will find this book an invaluable reference *Water* Binayak Ray,2008-07-25 *Water* The Looming Crisis in India analyzes the key issues in developing national freshwater policies for the mainland countries of the South Asian sub continent Ray suggests that freshwater policy must cover all aspects of physical environment and human life by noting that food and drought management are parts of freshwater policy and acknowledging that water is a scarce natural resource and has economic value He calls for the development of basin wide policies to minimize conflicts within riparian countries as well as a freshwater policy baseline to minimize internal conflicts on water sharing arrangements By pointing out the need for full participation of all stakeholders in developing a baseline policy including people displaced by the construction of large dams Ray suggests a new system in which riparian countries are guaranteed that no water related project proceeds without a transparently developed environmental impact assessment and evaluation of alternative options
