Sharing The Journey Spiritual Assessment And Pastoral Response To Persons With Incurable Illnesses

Rose Arny

Sharing The Journey Spiritual Assessment And Pastoral Response To Persons With Incurable Illnesses:

Sharing the Journey Cornelius J. van der Poel, 1998 *Sharing the Journey* offers insight into the psychological and spiritual needs of persons with cancer AIDS multiple sclerosis and other incurable diseases and discusses how spirituality is an integral dimension of human existence

The Integrated Self Lou Kavar, 2012-03-16 Contemporary research supports the importance of spirituality for mental health Counselors social workers psychologists and other therapists wonder how to include spirituality in treatment Mental health training and current treatment models do not equip clinicians to adequately address the topic of spirituality *The Integrated Self* presents a model for identifying and assessing spirituality within the client's own life and experience By operationally defining spirituality as a dimension of the client's experience *The Integrated Self* explores the role of culture values beliefs and lifestyle for understanding the spiritual dimension of the person Using case studies clinicians learn how to implement the model of the integrated self within their existing theoretical orientation *The Integrated Self* also includes discussions on the approaches for spiritual assessment and ethical issues related incorporating spirituality in mental health treatment While other books focus on religious beliefs spiritual practices or formulations of a general kind of spirituality *The Integrated Self* provides a model for a holistic approach that can be adapted in both mental health and health care settings

Spirituality in Nursing Practice Doreen, A. Westera, 2016-11-14 Delivers a wealth of practical information for fulfilling the spiritual needs of all patients and their families Written as a practical resource to teach nurses and nursing students this text explores how to best address spiritual assessment and care Spirituality the search for meaning in life and connection to others remains relevant to all patient interactions and an essential component for nurses to integrate into their everyday practice Using a multicultural and client centered approach chapters explore the concept of spirituality and its relationship with religion and health to directly place spirituality in a nursing context Reflection questions interspersed throughout encourage the reader to analyze their own experiences with spirituality within both professional and personal contexts and affirm how a nurse's own spirituality can influence her or his practice Practical exercises illustrate the importance of spirituality in nursing and provide tools and means to incorporate spirituality into clinical practice Chapters use a flexible approach that can be adapted to a variety of contexts in nursing education and practice throughout North America and beyond applicable for self study traditional courses and on line programs They contain a wealth of pedagogical features including case studies discussion questions a comprehensive bibliography and an extensive Instructor's Manual that provides additional direction for discussion and testing Thirteen videos developed by the author and available online provide the perspectives of nursing and health care professionals clients and families to illustrate the main points of the text

Key Features Delivers a wealth of practical tools for incorporating spirituality into nursing Useful for self study on campus courses and online programs Contains a variety of pedagogical features including consistent format discussion questions reflective exercises case studies Instructors Manual Applicable to

nursing education and practice in North American and beyond Promotes holistic nursing practice **Textbook of Palliative Nursing** Department of Nursing Education and Research City of Hope National Medical Center Betty R. Ferrell Research Scientist, Supportive Care Program Nessa Coyle Director, Pain & Palliative Service Department of Neurology Memorial Sloan-Kettering Cancer Center, 2005-11-10 Originally published in 2001 the Textbook of Palliative Nursing has become the standard text for the field of hospice and palliative care nursing In this new edition the authors and editors have updated each chapter to ensure that the content is evidence based and current references are included They also have retained the important focus on case studies throughout the text and practical clinically relevant tables figures and other resources Like the previous edition this text has an introductory section of the general principles of palliative care followed by a comprehensive section on symptom assessment and management encompassing twenty one different symptoms Other key sections include psychosocial support and spiritual care providing holistic perspective on care of patients facing advanced disease The text also includes an innovative section on special populations addressing those most in need of palliative care The textbook is a useful resource for all nurses with the excellent section on end of life care across settings In this new edition the pediatric palliative care section has been greatly expanded and includes seven separate chapters on pediatric care It includes a section on special issues addressing topics such as ethical considerations nursing research and public policy perspectives and concludes with a section presenting models of excellence including six international models This edition also offers a narrative on dying based on a spouse s perspective The text includes an appendix with an extensive list of resources for nurses in the field Spiritual Care Elizabeth Johnston Taylor, 2002 This book provides practical guidance on many aspects of spiritual caregiving It addresses many relevant topics including spiritual assessment planning care documentation ethical concerns of sharing personal spiritual beliefs and numerous approaches to nurturing the spirit Presentation of religion as a positive factor influencing health and coping introduces readers to material in a manner that is sensitive to diverse spiritual beliefs Two tiered approach to assessment encourages readers to be empathetic listeners and identify spiritual need first tier and then if necessary follow up with more extensive assessment second tier Research Profiles boxed features provide readers with profiles of a research study conducted by a nurse on the topic of spirituality and health One Nurse s Story boxed features illustrate a nurse s perspective of concepts and clinical examples of spiritual caregiving For nursing professionals Sjelesorg i teori og praksis Tor Johan S.
