Sharing Power Women Parliament Democracy:

Sharing Power Manon Tremblay, 2017-03-02 The representation of women in parliament is a subject of extensive research and a focus for political action in the last decade The wide variation in women s parliamentary presence contradicts the expectation that established or consolidated democracies are more supportive of the presence of women in political life than emerging democracies This volume explains this variation through a series of closely investigated case studies from the post Communist transition democracies of Eastern Europe and emerging democracies in Asia and the Middle East to the long established liberal democratic states The volume examines the history of women s legislative involvement clearly addressing the issue of equal opportunities for women in political life on a cross national basis It also identifies innovative solutions to redress the power sharing balance between women and men Offering a unique comparative perspective **Sharing Power** will appeal to students and scholars of politics women s studies history and legislative studies

Gender Politics and Democracy in post-socialist Europe Yvonne Galligan, Sara Clavero, Marina Calloni, 2008-02-20 This book explores the politics of gender and democracy in post communist Europe Utilising the concept of political representation the book scrutinises women s legislative presence and highlights the opportunities and obstacles to parity democracy in this region of Europe The book examines the link between women s membership of national parliaments and the substantive representation of gender interests It investigates the role of civil society the state and the European Union in representing women s interests and in promoting gender politics The book provides an important and timely contribution to the classical political questions of who represents what is represented and how representation takes place In adopting an integrated approach to political representation the book extends current understanding of this fundamental concept Using new research it provides the first comprehensive comparative analysis of the interplay between emerging democracies and gender politics in post communist Europe

Women and Legislative Representation M. Tremblay, 2016-04-30 This book seeks to identify the factors that influence the percentage of female parliamentarians paying particular attention to the electoral system The author seeks to understand the third wave of democratization of political systems through the particular perspective of female representation in parliaments

Representing Women in Parliament Marian Sawer, Manon Tremblay, Linda Trimble, 2006-09-27 Written by a major international team of authors this new study features twelve chapters on both new and established parliaments including Australia Canada New Zealand and the United Kingdom It tests the latest theories about women s political representation within Westminster style assemblies and is clearly organized into three key sections

Women in Executive Power Gretchen Bauer, Manon Tremblay, 2011-03-10 A comprehensive regional study of women in the political executive power

Law and Gender in Modern Ireland Lynsey Black, Peter Dunne, 2019-02-21 *Law and Gender in Modern Ireland Critique and Reform* is the first generalist text to tackle the intersection of law and gender in this jurisdiction for over two decades As such it could hardly have come at a more opportune moment The topic of law and

gender perhaps more so than at any other time in Irish history has assumed a dominant place in political and academic debate Among scholars and policy makers alike the regulation of gendered bodies and the legal status of sexual and gendered identities is now a highly visible fault line in public discourse Debates over reproductive justice exemplified by the recent referendum to remove the 8th Amendment increased rights for lesbian gay bisexual and transgender persons including the public sanctioned introduction of same sex marriage and the historic mistreatment of women and young girls have re shaped Irish public and political life and encouraged Irish society to re examine long unchallenged gender norms While many traditional flashpoints remain such as abortion and prostitution sex work there are also new questions including surrogacy and the gendered experience of asylum frameworks which have emerged As policy makers seek to enact reforms they face a population with increasingly polarised perceptions of gender and a legal structure ill equipped for modern realities This edited volume directly addresses modern Irish debates on law and gender Providing an overview of the existing rules and standards as well as exploring possible options for reform the collection stands as an important statement on the law in this jurisdiction and as an invaluable resource for pursuing gendered social change While the edited collection applies a doctrinal methodology to explain current statutes case law and administrative practices the contributors also invoke critical gender queer and race perspectives to identify and problematise existing and potential challenges This edited collection is essential reading for all who are interested in law gender and processes of social change in modern Ireland Politics in the Republic of Ireland John Coakley, Michael Gallagher, 2010 Politics in the Republic of Ireland is now available in a fully revised fifth edition Building on the success of the previous four editions it continues to provide an authoritative introduction to all aspects of politics in the Republic of Ireland Written by some of the foremost experts on Irish politics it explains analyzes and interprets the background to Irish government and contemporary political processes Bringing students up to date with the very latest developments Coakley and Gallagher combine real substance with a highly readable style providing an accessible textbook that meets the needs of all those who are interested in knowing how politics and government operate in Ireland

Stalled Linda Trimble, Jane Arscott, Manon Tremblay, 2013-05-31 Following significant increases in women's electoral representation in the 1980s and 90s progress has stalled Today there are only a few more women in Canada's parliament and legislatures than a decade ago What has happened to the representational gains for women and why does gender parity remain so elusive To answer these questions Stalled provides a detailed roadmap of women's political representation as candidates office holders cabinet ministers party leaders and as representatives of the Crown at all levels of government across Canada Comprehensive and accessible this volume makes clear that women are far from achieving equality in sites of formal political power **Questioning Gender** Robyn Ryle, 2023-06-28 Questioning Gender A Sociological Exploration aims to spark productive conversations and questions about gender and serve as a resource for exploring answers to many of those questions Rather than providing definitive answers this book aims to challenge students' preconceptions about gender

and demonstrate how gender as a system creates and reinforces inequality Taking a global approach author Robyn Ryle uses both historical and cross cultural approaches to help students understand the socially constructed nature of gender Through examining contemporary topics including the MeToo movement sexual harassment in the workplace and the gender wage gap students will be prompted to think critically about past present and future gender related issues The Fifth Edition has been updated with expanded coverage of disability as it relates to gender discussion of issues related to transgender and nonbinary people and examination of the COVID 19 pandemic s gender related effects as well as updated data throughout

Our Social World Jeanne H. Ballantine, Keith A. Roberts, Kathleen Odell Korgen, 2016-11-30 Inspire your students to develop their sociological imaginations in Our Social World Focused on deep learning rather than memorization this book encourages readers to analyze evaluate and apply information about the social world to see the connection between the world and personal events from a new perspective and to confront sociological issues on a day to day basis Organized around the Social World Model a conceptual framework used across chapters to see the complex links between various micro to macro levels of the social system students will develop the practice of using three levels of analysis and to view sociology as an integrated whole rather than a set of discrete subjects

As recognized, adventure as without difficulty as experience roughly lesson, amusement, as with ease as conformity can be gotten by just checking out a ebook **Sharing Power Women Parliament Democracy** with it is not directly done, you could put up with even more with reference to this life, roughly the world.

We present you this proper as capably as simple mannerism to get those all. We allow Sharing Power Women Parliament Democracy and numerous books collections from fictions to scientific research in any way. in the middle of them is this Sharing Power Women Parliament Democracy that can be your partner.
