Material Dreams Southern California Through The 1920s

Lee M. A. Simpson

Material Dreams Southern California Through The 1920s:

Material Dreams Kevin Starr,1990 Kevin Starr is the foremost chronicler of the California dream In *Material Dreams* he turns to one of the most vibrant decades in the Golden State s history the 1920 s when some two million Americans migrated to California the vast majority settling in or around Los Angeles **Material Dreams** ,1990 **Material Dreams: Southern California through the 1920s** Kevin Starr,1990-04-12 Kevin Starr is the foremost chronicler of the California dream and indeed one of the finest narrative historians writing today on any subject The first two installments of his monumental cultural history *American Arcadia* Americans and the California Dream have been hailed as mature well proportioned and marvelously diverse and diverting The New York Times Book Review and rich in details and alive with interesting and sometimes incredible people Los Angeles Times Now in *Material Dreams* Starr turns to one of the most vibrant decades in the Golden State s history the 1920s when some two million Americans migrated to California the vast majority settling in or around Los Angeles In a lively and eminently readable narrative Starr reveals how Los Angeles arose almost defiantly on a site lacking many of the advantages required for urban development creating itself out of sheer will the Great Gatsby of American cities He describes how William Ellsworth Smyth the Peter the Hermit of the Irrigation Crusade the self educated Irish engineer William Mulholland who built the main aqueducts to Los Angeles and George Chaffey who diverted the Colorado River transforming desert into the lush Imperial Valley brought life supporting water to the arid South He examines the discovery of oil the boosters and land developers the evangelists such as Bob Shuler the Methodist Savanarola of Los Angeles and Aimee Semple McPherson and countless other colorful figures of the period There are also fascinating sections on the city s architecture the impact of the automobile on city planning the Hollywood film community the L A literati and much more By the end of the decade Los Angeles had tripled in population and become the fifth largest city in the nation In *Material Dreams* Starr captures this explosive growth in a narrative tour de force that combines wide ranging scholarship with captivating prose *American Arcadia* Peter James Holliday,2016 *American Arcadia* explores the innumerable ways Californians shaped their visual and social culture using models and ideals from the classical tradition Choosing to Care Kyle E. Ciani,2019-10-01 In *Choosing to Care* Kyle E Ciani examines the long history of interactions between parents and social reformers from diverse backgrounds in the development of social welfare programs particularly childcare in San Diego California Ciani explores how a variety of people from destitute parents and tired guardians to benevolent advocates and professional social workers connected over childcare concerns in a city that experienced tremendous demographic changes caused by urbanization immigration and the growth of a local U S military infrastructure from 1850 to 1950 *Choosing to Care* examines four significant areas where San Diego s programs were distinct from and contributed to the national childcare agenda the importance of the transnational U S Mexico border relationship in creating effective childcare programs the development of vocational education to curtail juvenile delinquency the promotion of nursery school education and the

advancement of an emergency daycare program during the Great Depression and World War II Ciani shows how children from families in unstable situations especially children from Native American Asian Mexican descent African American and impoverished Anglo families challenged a social reform system that defined care as both social control and behavioral regulation Choosing to Care incorporates a broader definition of childcare to include efforts by governmental and organizational bodies and persons to maintain and nurture the physical mental and social health and development of minors when parents and guardians cannot do so It offers a more complex understanding of how multiple avenues and resources established social welfare in San Diego and other West Coast cities Encyclopedia of Immigration and Migration in the American West Gordon Morris Bakken,Alexandra Kindell,2006-02-24 To read some sample entries or to view the Readers Guide click on Sample Chapters Additional Materials in the left column under About This Book Immigration from foreign countries was a small part of the peopling of the American West but an important aspect in building western infrastructure cities and neighborhoods The Encyclopedia of Immigration and Migration in the American West provides much more than ethnic groups crossing the plains landing at ports or crossing borders this two volume work makes the history of the American West an important part of the American experience Through sweeping entries focused biographies community histories economic enterprise analysis and demographic studies this Encyclopedia presents the tapestry of the West and its population during various periods of migration The two volumes examine the settling of the West and include coverage of movements of American Indians African Americans and the often forgotten role of women in the West s development Key Features Represents many of the American Indian tribes and bands that constitute our native heritage in an attempt to reintegrate the significance of their migrations with those of later arrivals Examines how African Americans and countless other ethnic groups moved west for new opportunities to better their lives Looks at specific economic opportunities such as mineral exploration and the development of instant cities Provides specific entries on immigration law to give readers a sense of how immigration and migration have been involved in the public sphere Includes biographies of certain individuals who represent the ordinary as well as extraordinary efforts it took to populate the region Key Themes American Indians Biographies Cities and Towns Economic Change and War Ethnic and Racial Groups Immigration Laws and Policies Libraries Natural Resources Events and Laws The Way West The Encyclopedia of Immigration and Migration in the American West brings new insight on this region stimulates research ideas and invites scholars to raise new questions It is a must have reference for any academic library *Dominion from Sea to Sea* Bruce Cumings,2009-11-17 America is the first world power to inhabit an immense land mass open at both ends to the world s two largest oceans the Atlantic and the Pacific This gives America a great competitive advantage often overlooked by Atlanticists whose focus remains overwhelmingly fixed on America s relationship with Europe Bruce Cumings challenges the Atlanticist perspective in this innovative new history arguing that relations with Asia influenced our history greatly Cumings chronicles how the movement westward from the

Middle West to the Pacific has shaped America's industrial technological military and global rise to power. He unites domestic and international history, international relations and political economy to demonstrate how technological change and sharp economic growth have created a truly bicoastal national economy that has led the world for more than a century. Cumings emphasizes the importance of American encounters with Mexico, the Philippines and the nations of East Asia. The result is a wonderfully integrative history that advances a strong argument for a dual approach to American history incorporating both Atlanticist and Pacificist perspectives.

Charles M. Russell John Taliaferro, Charles Marion Russell, 2003. This first comprehensive biography of Charles M. Russell examines the colorful life and times of Montana's famed Cowboy Artist. Born to an affluent St. Louis family in 1864, young Russell read thrilling tales of the West and filled sketchbooks with imagined frontier scenes. At sixteen, he left home and headed west to become a cowboy. In Montana Territory, he consorted with cowpunchers, Indians, preachers, saloon keepers and prostitutes while celebrating the waning American frontier's glory days. In some 4,000 paintings, watercolors, drawings and sculptures, he captured the West he loved. Before his death in 1926, Russell saw the world change dramatically and the West he loved passed into legend. By then, he was revered as one of the country's ranking Western artists, with works displayed in the finest galleries. His romantic vision of the Old West forever shaped our own. Taliaferro reveals the man behind the myth in his multifaceted complexity: extraordinarily gifted, self-effacing, charming, mischievous and playful, a friend to rough frontier denizens and Hollywood stars alike. The author also explores Russell's controversial partnership with his fiery young wife, Nancy, whose ambition and business savvy helped establish Russell as one of America's most popular artists.

Floodpath Jon Wilkman, 2016-01-05. A visionary and controversial search for water made Los Angeles possible. But the failure of the St. Francis Dam remains an urgent lesson about our human limits, all but forgotten today.

The Cambridge Companion to the Literature of Los Angeles Kevin R. McNamara, 2010-05-06. Diverse, vibrant and challenging as the city itself, this Companion is the definitive guide to LA in literature.

Street Level: Los Angeles in the Twenty-First Century Rob Sullivan, 2016-04-01. In the latter part of the 20th century, a series of seminal books were written which examined Los Angeles by the likes of Reyner Banham, Mike Davis, Edward Soja, Allen Scott, Michael Dear, Frederick Jameson, Umberto Eco, Bernard Henri-Lévy and Jean Baudrillard, which have been hugely influential in thinking about cities more broadly. The debates which were generated by these works have tended to be very heated and either defensive or offensive in approach. A sufficient amount of time has since passed that a more measured approach to evaluating this work can now be taken. The first section of this book, *Contra This and Contra That*, provides such a critique of the various theories applied to Los Angeles during the last century, balancing the positive with the negative. The second part of the book is an investigation of L.A. as it exists on the ground today. While political, the theoretical stance taken in this investigation is not mounted as a platform from which to advocate a particular ideology. Instead, it encompasses cultural as well as economic issues to put forth a view of L.A. which is coherent and cogent while at the same time considering its multi-layered, complex and ever-changing qualities. It concludes by arguing

that sectorized off and totalizing visions of the city will not do as instruments of urban analysis and that only a theory as mobile as its target will do one that replicates the polymer nature of this place It proposes that extending that theory to the world beyond this particular city only a theory that models itself on the mobile and polymer nature of the world while still retaining a sense of the actual and the real will do as an instrument with which to comprehend the world In doing so this book is not only a model by which to think through Los Angeles but as a model by which to think through other world cities **Library**

of Congress Information Bulletin ,1996 Technology as Freedom Ronald C. Tobey,2023-11-15 Before 1930 the domestic market for electrical appliances was segmented but New Deal policies and programs created a true mass market reshaping the electrical and housing markets and guiding them toward mandated social goals The New Deal identified electrical refrigeration as a key technology to reform domestic labor raise family health and build family assets New Deal incentives led to nearly fifty percent of Title I National Housing Act loans being used to buy electric refrigerators in the 1930s New Deal policies ultimately created the mass commodity culture of home owning families that typified the conservative 1950s This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1996 Empowering the West Jay L. Brigham,1998 Westerners were at the forefront of the debate over electric power development even before the construction of large federally owned dams in the 1930s At the heart of this debate was a conflict between public power advocates and the private utility industry over control of the environment a struggle that was played out in the political arena In this book Jay Brigham describes that rivalry in the West in the years before the New Deal Focusing on the conservative city of Los Angeles and its liberal counterpart Seattle as well as on several small towns in the Midwest Brigham shows how fierce battles broke out as private and public systems competed for customers and how despite the differences between these two cities public power ultimately triumphed in each

American Prophet Peter Richardson,2005-10-10 American Prophet is the biography on the brilliant life and career of a great American thinker and writer Carey McWilliams McWilliams s life story reveals a figure thoroughly engaged with the issues of his time Author Peter Richardson interweaves correspondence diary notes published writings and McWilliams s own and others observations on a colorful and influential cast of characters from Hollywood New York Washington D C and the American West Among those making an appearance are Louis Adamic John Fante J Edgar Hoover Joseph McCarthy H L Mencken McWilliams s mentor and role model Richard Nixon Arthur Schlesinger Jr Studs Terkel Hunter S Thompson Robert Towne and more American Prophet illustrates the arc of McWilliams s life from his early literary journalism through his legal and political activism his stint in state government and his two decades as editor of The Nation Not only will this book introduce McWilliams to a new generation of readers it will also assure his place as one of our most influential and prescient

progressive political writers **BOOK JACKET** *Selling the City* Lee M. A. Simpson, 2004 Between 1880 and 1940 California cities were in the vanguard in creating comprehensive city plans and zoning ordinances that came to characterize modern American city growth This book reveals the means by which property owning middle class women achieved entry into the male dominated sphere of urban planning It suggests that women in California were not excluded from public life Instead they embraced the middle class ideology of propertied self interest and participated to the fullest extent possible in the urban struggle for regional dominance that shaped this period of western history Likewise as urban historians have presented this story as essentially male this work suggests that although California s urban elite often maintained a division of labor along traditional gender lines they clearly worked in a cross gender alliance to shape a regional identity based on a commitment to urban growth

American Sunshine Daniel Freund, 2024-05-31 In the second half of the nineteenth century American cities began to go dark Hulking new buildings overspread blocks pollution obscured the skies and glass and smog screened out the health giving rays of the sun Doctors fed anxieties about these new conditions with claims about a rising tide of the diseases of darkness especially rickets and tuberculosis In *American Sunshine* Daniel Freund tracks the obsession with sunlight from those bleak days into the twentieth century Before long social reformers medical professionals scientists and a growing nudist movement proffered remedies for America s new dark age Architects city planners and politicians made access to sunlight central to public housing and public health and entrepreneurs dairymen and tourism boosters transformed the pursuit of sunlight and its effects into a commodity Within this historical context Freund sheds light on important questions about the commodification of health and nature and makes an original contribution to the histories of cities consumerism the environment and medicine

A Companion to Los Angeles William Deverell, Greg Hise, 2014-01-28 This Companion contains 25 original essays by writers and scholars who present an expert assessment of the best and most important work to date on the complex history of Los Angeles The first Companion providing a historical survey of Los Angeles incorporating critical multi disciplinary themes and innovative scholarship Features essays from a range of disciplines including history political science cultural studies and geography Photo essays and contemporary voice sections combine with traditional historiographic essays to provide a multi dimensional view of this vibrant and diverse city Essays cover the key topics in the field within a thematic structure including demography social unrest politics popular culture architecture and urban studies

L.A. Noir John Buntin, 2010-04-06 Now the TNT Original Series *MOB CITY* Midcentury Los Angeles A city sold to the world as the white spot of America a land of sunshine and orange groves wholesome Midwestern values and Hollywood stars protected by the world s most famous police force the Dragnet era LAPD Behind this public image lies a hidden world of pleasure girls and crooked cops ruthless newspaper tycoons corrupt politicians and East Coast gangsters on the make Into this underworld came two men one L A s most notorious gangster the other its most famous police chief each prepared to battle the other for the soul of the city

The Very Hungry City Austin

Troy,2012-01-01 This book explores how cities around the world consume energy assesses innovative ideas for reducing urban energy consumption and discusses why energy efficiency will determine which cities thrive economically in the future

Material Dreams Southern California Through The 1920s Introduction

In the digital age, access to information has become easier than ever before. The ability to download Material Dreams Southern California Through The 1920s has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Material Dreams Southern California Through The 1920s has opened up a world of possibilities. Downloading Material Dreams Southern California Through The 1920s provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Material Dreams Southern California Through The 1920s has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Material Dreams Southern California Through The 1920s. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Material Dreams Southern California Through The 1920s. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Material Dreams Southern California Through The 1920s, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites.

they are downloading from. In conclusion, the ability to download Material Dreams Southern California Through The 1920s has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Material Dreams Southern California Through The 1920s Books
