Brent Shannon, 2006-08-22 The English middle class in the late nineteenth century enjoyed an increase in the availability and variety of material goods. With that, the visual markers of class membership and manly behavior underwent a radical change. In *The Cut of His Coat: Men Dress and Consumer Culture in Britain 1860-1914*, Brent Shannon examines familiar novels by authors such as George Eliot, Anthony Trollope, Thomas Hughes, and H. G. Wells, as well as previously unexamined etiquette manuals, period advertisements, and fashion monthlies to trace how new ideologies emerged as mass-produced clothes, sartorial markers, and consumer culture began to change. While Victorian literature traditionally portrayed women as having sole control of class representations through dress and manners, Shannon argues that middle-class men participated vigorously in fashion. Public displays of their newly acquired mannerisms, hairstyles, clothing, and consumer goods redefined masculinity and class status for the Victorian era and beyond. *The Cut of His Coat* probes the Victorian disavowal of men's interest in fashion and shopping to recover men's significant role in the representation of class through self-presentation and consumer practices.

Blueprint, 2000 [History of World Dress and Fashion, Second Edition](#) Daniel Delis Hill, 2022-01-13 The *History of World Dress and Fashion* presents a comprehensive survey of dress from around the world, including China, Japan, India, Africa, the Islamic Empire, and the Ancient Americas. This extensive study features descriptions and analysis of men's, women's, and children's clothing, accessories, and cultural styles from prehistory into the twenty-first century. Lavishly illustrated in color throughout, it features more than 1600 images and is a valuable resource for fashion designers, theater costumers, textile researchers, costume collectors, and curators, and anyone interested in clothing and style customs of the world.
