Materials And Techniques Of Twentieth Century Music:

Materials and Techniques of Twentieth-century Music Stefan M. Kostka, 1999 Unlike most other books on the subject this survey of twentieth century music is organized according to compositional methods and analytical techniques rather than historical movements This text can be used on its own or it can complement a historical survey by giving the student hands on compositional and analytical experience with a great variety of twentieth century styles back cover **Techniques of Twentieth Century Composition** Leon Dallin, 1974 The approach of *Techniques of Twentieth Century Music* is appropriate for composers exploring contemporary idioms for performers learning to cope with the innovations of modern music and for teachers developing their understanding and appreciation of the music of our time All three categories are served by this text It is designed to provide essential knowledge of the techniques and materials of twentieth century music and to bridge the gulf between traditional academic training and current practice *Materials and Techniques of Twentieth-century Music* Stefan M. Kostka, 2006 The twilight of the tonal system Scale formations in twentieth century music The vertical dimension The horizontal dimension melody and voice leading Harmonic progression and tonality Developments in rhythm Form in twentieth century music Imports and allusions Nonserial atonality Classical serialism Timbre and texture acoustic Timbre and texture electronic Serialism after 1945 The roles of chance and choice in twentieth century music Minimalism and beyond **Materials and Techniques of Post-Tonal Music** Stefan Kostka, Matthew Santa, 2018-03-13 *Materials and Techniques of Post Tonal Music* Fifth Edition provides the most comprehensive introduction to post tonal music and its analysis available Covering music from the end of the nineteenth century through the beginning of the twenty first it offers students a clear guide to understanding the diverse and innovative compositional strategies that emerged in the post tonal era from Impressionism to computer music This updated fifth edition features chapters revised throughout to include new examples from recent music and insights from the latest scholarship the introduction of several new concepts and topics including parsimonius voice leading scalar transformations the New Complexity and set theory in less chromatic contexts expanded discussions of spectralism and electronic music timelines in each chapter grounding the music discussed in its chronological context a companion website that provides students with links to recordings of musical examples discussed in the text and provides instructors with an instructor s manual that covers all of the exercises in each chapter Offering accessible explanations of complex concepts *Materials and Techniques of Post Tonal Music* Fifth Edition is an essential text for all students of post tonal music theory *Techniques and Materials of Music: From the Common Practice Period Through the Twentieth Century* Thomas Benjamin, Michael Horvit, Robert Nelson, 2007-01-30 Designed to serve as a primary text for the first two years of college music theory **TECHNIQUES AND MATERIALS OF MUSIC** covers all the basics of composition including harmony melody and musical form The authors present essential materials of common practice music and an overview of 20th century techniques Numerous hands on exercises promote students memorization and retention of

key concepts And the text s concise outline format which has been enhanced for this edition allows instructors maximum flexibility in choosing which materials concepts and techniques to emphasize in their course An e Workbook in PDF format provides more than 200 pages of exercises to complement TECHNIQUES AND MATERIALS OF MUSIC 7th Edition Important Notice Media content referenced within the product description or the product text may not be available in the ebook version

Materials and Concepts in Jazz Improvisation Kurt Johann Ellenberger,2005 Materials and Concepts in Jazz

Improvisation is a comprehensive and concise compilation of the various harmonic and melodic devices used by jazz musicians It attempts to deal with these materials and later the concepts in a manner that allows for the greatest possible freedom and flexibility without resorting to mere licks The text presents the student and teacher with a conceptual framework that explains why as well as how It can be used by musicians at any stage of development but it does assume a rudimentary grounding in music theory For students and teachers of jazz at any level it provides a linear perspective on improvisation and harmony from the simplest to the most advanced concepts it can also function as a reference text for anyone involved in jazz at any level from hobbyist to professional providing quick and easy descriptions and definitions of the musical materials found in jazz It can be used for individual study in classroom settings jazz theory jazz improvisation or jazz pedagogy in private lessons or simply as a resource volume

Decomposition Andrew Durkin,2014-11-18 Decomposition is a bracing revisionary and provocative inquiry into music from Beethoven to Duke Ellington from Conlon Nancarrow to Evelyn Glennie as a personal and cultural experience how it is composed how it is idiosyncratically perceived by critics and reviewers and why we listen to it the way we do Andrew Durkin best known as the leader of the West Coast based Industrial Jazz Group is singular for his insistence on asking tough questions about the complexity of our presumptions about music and about listening especially in the digital age In this winning and lucid study he explodes the age old concept of musical composition as the work of individual genius arguing instead that in both its composition and reception music is fundamentally a collaborative enterprise that comes into being only through mediation Drawing on a rich variety of examples Big Jay McNeely s Deacon s Hop Biz Markie s Alone Again George Antheil s Ballet M canique Frank Zappa s While You Were Art and Pauline Oliveros s Tuning Meditation to

name only a few Durkin makes clear that our appreciation of any piece of music is always informed by neuroscientific psychological technological and cultural factors How we listen to music he maintains might have as much power to change it as music might have to change how we listen Masterworks of 20th-Century Music Douglas Lee,2013-01-11 Masterworks of 20th Century Music introduces more than one hundred of the greatest compositions by world renowned composer that have entered the standard orchestral repertoire The author surveyed dozens of major American orchestras to focus on those works that an average audience member is most likely to hear Concertgoers who are intimidated by the modern repertoire finally have a single resource that will help them understand and enjoy it Like an educated guide he walks the listener through the piece explaining how all the elements come together to form a unified whole This book serves the general reader interested in 20th century music plus students teachers and scholars **Techniques and Materials of Music from the Common Practice Period Through the Twentieth Century** Thomas Benjamin,2015 **Research Materials in Music** Phillip R. Rehfeldt,1990-01-01 This text was developed for use in a standard college level introduction to graduate studies course in musicology that I taught for thirty three years at the University of Redlands Twentieth-century Music Eric Salzman,2002 Offering complete accurate coverage in a tightly condensed simple format this comprehensive exploration of modern music to 1998 deals primarily with the music itself and musical ideas It puts the whole century in a unified concept helping readers make sense out of the heterogeneity It explains the overall development of 20th century music in relation to the past and to two big cycles of contemporary music and encompasses classical and experimental traditions as well as popular elements media multi media and theater Twentieth Century Music and the Past THE BREAKDOWN OF TRADITIONAL TONALITY The Sources The Revolution Paris and Vienna THE NEW TONALITIES Stravinsky and Neo Classicism Neo Classicism and Neo Tonality in France and Outside of France National Styles Musical Theater ATONALITY AND TWELVE TONE MUSIC The Viennese School The Diffusion of Twelve Tone Music THE AVANT GARDE Before World War II Technological Culture and Electronic Music Ultra Rationality and Serialism Anti Rationality and Aleatory The New Performed Music The United States Post Serialism The New Performance Practice in Europe POST MODERNISM Beyond Modern Music Back to Tonality Pop as Culture Media and Theater Music Examples For courses anyone interested in 20th Century Music Modern Music or the History of Music **The Grove Encyclopedia of Materials and Techniques in Art** Gerald W.
