Cornelia Klecker, Sascha Pöhlmann

Midwest Gothic:

Midwest Gothic Laura Donnelly, 2020-08-15 Poetry Winner of the 2019 Richard Snyder Memorial Publication Prize The poems in MIDWEST GOTHIC make the daily deliciously strange the daily which isn't still at all but a whirring gone deep They make us work our way inside them but once I entered this book I didn't want to leave I wanted to stay in the copper tipped town I wanted to stay with the delphinium a choir of indigo and cornfields made surreal in the dark These difficult times have tested my faith in many things including language and MIDWEST GOTHIC arrived just in time to remind me what poems can do Maggie Smith The midwest ,2012 The American Midwest Andrew R. L. Cayton, Richard Sisson, Chris

Zacher, 2006-11-08 This first ever encyclopedia of the Midwest seeks to embrace this large and diverse area to give it voice and help define its distinctive character Organized by topic it encourages readers to reflect upon the region as a whole Each section moves from the general to the specific covering broad themes in longer introductory essays filling in the details in the shorter entries that follow There are portraits of each of the region's twelve states followed by entries on society and culture community and social life economy and technology and public life The book offers a wealth of information about the region's surprising ethnic diversity a vast array of foods languages styles religions and customs plus well informed essays on the region's history culture and values and conflicts A site of ideas and innovations reforms and revivals and social and physical extremes the Midwest emerges as a place of great complexity signal importance and continual fascination **Flyover**

Fictions Cornelia Klecker, Sascha Pöhlmann, 2025-04 Flyover Fictions critically engages the history and contemporary use of the flyover country trope in American culture and repurposes the concept as an abstract tool for cultural studies The term flyover arose in the 1970s with variations flyover country flyover states mainly used as synonyms for the American Midwest in intranational banter regarding cultural differences from the dominant urban centers of New York City and Los Angeles In recent years the trope has shifted away from this playfulness and its traditional geographic reference points to indicate larger political and cultural developments that speak of a deepening polarization in the United States Flyover Fictions is an exploration of the trope's current politicization historical contexts and general proliferation of meanings Instead of resolving the ambiguities inherent in the concept the volume considers what can be done with these ambiguities and how precisely their fuzziness might be used to create an analytic tool to describe understand and critique processes of cultural

hierarchization The contributors show how flyover fictions may operate in different national contexts and also internationally or transnationally not only providing a fresh perspective on historical and contemporary American culture but also supplying a conceptual toolbox for broader use **Environmental Ethics in the Midwest** Ian Smith, Matt Ferkany, 2022-12-01 The American Midwest is environmentally rich and complex home to some of the world's largest freshwater lakes and streams as well as cities prairies forests and farmlands Nevertheless the unique environmental opportunities and challenges the region presents have been left underappreciated and underexplored by environmental ethicists The close integration of the natural

and built environments of the Midwest prompts interdisciplinary inquiry in a particularly pointed way To remedy the lack of scholarly attention to this area this volume attends to the way that the broad concerns of environmental ethics manifest in the region These eight original essays cover a wide range of topics including agrarian ethics and Stoicism the Dakota access pipeline and Indigenous women s activism philosophy of law and species classification environmental justice and the Flint water crisis hog farming and antimicrobial drug resistance science education standards and climate change education virtue ethics and ecological restoration environmental pragmatism and the Clean Water Act and more Each accessibly written chapter brings multidisciplinary complexity to bear on this complex region The authors include philosophers working in environmental ethics and other subfields of philosophy and together with scholars in fields such as environmental sociology American Indian studies and environmental studies they provide a fresh and necessary perspective on the American Midwest

The Haunt of Home Zachary Michael Jack,2020-10-15 What does it mean to deeply love a home place that haunts us still From Mark Twain to Grant Wood to Garrison Keillor regionalists from the Gilded Age to the Digital Age have explored the American Gothic and the homegrown fatalism that flourish in many of the nation s most far flung and forgotten places The Haunt of Home introduces us to a cast of real life Midwestern characters grappling with the Gothic in their own lives from promising young professionals debating the perennial Should I stay or should I go dilemma to recent migr s and entrepreneurs seeking personal reinvention to faithful boosters determined to keep their communities alive despite the odds In The Haunt of Home Zachary Michael Jack considers the many ways a region s abiding spirit shapes the ethos of a land and its people offering portraits of others who like himself are determined to live out the unique promise and predicament of the Gothic

Dirty Black Winter Nickolaus Pacione,2011-03-22 This collection is a career defining collection for me as you see now 18 years in operation combined online and print This collection houses When Angels Wept Blood and Revisiting the Loss of Blood both are very epic and cinematic dark tales one s a work of urban fantasy and the other is creative nonfiction This will have a revised introduction as you get over 278 pages of horror Urban Fantasy and Gothic madness 33 tales over all but nine of them are true including Apt 2W and A South Barrington Haunting within these pages you will have some very rigid nightmares detailed from the eras of 1998 stories about 1997 and 1996 from was on the verge of turning 20 and when I was 19 years old I had found all the artwork and photographs said to be lost during 2001 as this will be included with the new TOC design work and the photos like in the lulu com edition will also be in this edition too I will have more aspects in the layout work on this collection as you will see the Glimmertrain version of Damnation Observes which is 2400 words a potent story that was said to be lost and became the story rewritten into The Pattern of Diagnosis Even in this form it was potent Stories were from The Ethereal Gazette I contributed and stories that were in The House of Pain The Fandom Writer had been rewritten and giving the edit known as The Howling Man version the much more hardcore version than the original 2004 cut It s known as the Director s Cut Get ready for some serious haymakers from beginning to end of the collection I am

not screwing around with Dirty Black Winter I bring the prototype story of my longer works to the fold with this one as many readers know my signature when they see the ultra violent Gothic Horror tale known as A Cemetery Dream If you think Kealan Patrick Burke is the master of the macabre you might also be convinced that Limp Bizkit is a heavy metal band or have a majority of your metal releases being metal Would you still read him knowing he read wrote The Clause and created the character of Bram The Talking Wonder Dog I throw a basketball in Kealan s face as I get this pickup game in hell going The Fandom Writer in the book has some more trash talking Brian Keene is one of the biggest trash talkers in the business as I am prone to talk some trash over the years The introduction has some trash talking in the mix about the media and of Stephen Glass The story which will be in this is a very clean dark bizarro story called Damnation Observes as the 2400 word version These stories will leave more for the reader where that came from and you will come back for more Some of them in this book will have a vibe to what was just was published what would you tell your younger self as he came to CreateSpace com and welcome 278 pages of Gothic Literature drawn from urban life and the horror that came from it Brian Keene with his first collection of works was 260 pages overall all collection of Dirty Black Winter is longer Deals with hypocrisy for the first time with three works the closing story was the set up for the story I wrote in Nickolaus Albert Pacione Delivers More From A Library Of Unknown Horrors The idea of writing a horror story using Near Death Experiences was there in college but couldn t do this justice I O W A s ideas where there too at the time The first Pro Life Gothic Horror story is how I coin this one the nonfiction were my heart and soul that went into these Many of the fictional tales my influences came together I speak how I first came across the congregation of Faith World Outreach as I knew I had approached something quite weird as one of them sifted through my heavy metal tapes
