Letters from the Closet Amy Hollingsworth, 2013-05-07 An honest and poignant look into the deeply intimate yet platonic relationship between a gay English teacher and his young female protégé each seeking connection and acceptance as reflected by the decade of letters they exchanged It was an improbable relationship from the start a high school English teacher still in the closet and his best student From the confines and protection of his closet Amy's teacher wrote these letters letters that were read cherished answered and then locked away for years Now Amy looks back at the decade of intimate letters that preceded her teacher's untimely death collects the shards left by their clumsy sometimes violent attempts to unmask each other and counts again the cost of knowing and being known Every writer needs a room of his own but for some people at certain times and in certain circumstances the best you can do is a closet Timely and relevant this is a love story of the most contemporary kind a rare glimpse into an intimate relationship between teacher and student a relationship whose effects are still being felt decades later It's raw and honest and moving a poignant commentary on the values that unite us all

How It Feels to Have a Gay or Lesbian Parent Judith E. Snow, 2013-04-15 Sometimes I fantasize about having a magic wand How awesome it would be to wave it and completely eliminate prejudice hate and ignorance Just imagine what it would be like to live in a world like that **How It Feels to Have a Gay or Lesbian Parent A Book by Kids for Kids of All Ages** gives voice to the thoughts feelings and experiences of children adolescents and young adults who have a gay or lesbian parent In their own words they talk openly and candidly about how and when they learned of their parent's sexual orientation and the effect it had on them and their families Their stories echo themes of prejudice and harassment conflict and confusion adaptation and adjustment and hope for tolerance and a family that can exist in harmony Because it's an issue for other people it becomes an issue for me I'm angry about the way it works against me The stories told in **How It**

Feels to Have a Gay or Lesbian Parent not only reflect the day to day struggle of children with a GLBT parent they also reveal the pain inherent in high conflict divorce and child custody cases Children of gay lesbian parents ranging in age from seven to 31 recall the confusion and grief created when the disclosure of their parent s true sexual orientation ended a marriage and divided a family The straight parent s resentment can lead to angry remarks that intentionally or unintentionally disparage the gay lesbian parent and threaten the natural love and affection the child feels for both I guess the hardest part about having a gay dad is that no matter how okay you are with it there s always going to be someone who will dislike you because of it The one on one interviews presented in How It Feels to Have a Gay or Lesbian Parent document first hand the effects of homophobia on family life Children struggle with the choice between living in a closet shamed by peers and family members or dealing with discrimination as a parent s sexual orientation is used against them Taken together these stories make a statement for acceptance understanding and tolerance as children do their best to make the transition from a traditional family to a nontraditional lifestyle My mom is a normal person just like everyone else The only thing that s different about her is that she s gay and if you can t deal with it you re just going to have to live with it How It Feels to Have a Gay or Lesbian Parent A Book by Kids for Kids of All Ages offers comfort and support to children from those who share their journey The book is a valuable aid for practitioners working with children of GLBT parents and an educational tool for GLBT adults considering children
