COLLECTION OF 5000 PLUS HINDU NAMES. Numerology is one of the alternative belief systems which is closely related to numbers and their associated planets. We can predict readings for personal life, career, life partner, business, travel, vastu, etc. Also, this will be extended to the monthly, yearly, or life-time predictions for anyone or anything based on the date of birth and name count, as well. Numerology deals with the practical application of the laws of mathematics, but more than astrology, by doing miracles with naming the baby or elderly people or organization or business or place, etc. The basic vibration comes from the date in which we were born, then the sum of date, month, year, each digit, and finally the alphabets we use in our name, along with the signature. This attracts a specific universal cosmic energy depending on the numbers in and around us and our mind, how it remembers, and chants or writes our name every day. This is applicable for all the names for humans, companies, pets, countries, etc. This book has thousands of names for boys and girls, names for anyone to choose, as per Hindu astrological naming conventions. Choose for babies or elders according to the date of birth and be blessed. As per the numerology table given above for different alphabets, you can choose any name from this book, A to Z, order and find the total or sum of those alphabets to match with the following given numbers below. If the sum total matches these numbers, then lucky. Else, do change in spelling or choose a different name to match these numbers somehow more.
