martyred during the French Revolution's Great Terror and known to the world through their fictional representation in Gertrud von Le Fort's *Song at the Scaffold* and Francis Poulenc's *Dialogues of the Carmelites*. Includes index and 15 photos. More Information At the height of the French Revolution's Great Terror a community of sixteen Carmelite nuns from Compi gne offered their lives to restore peace to the church and to France. Ten days after their deaths by the guillotine Robespierre fell and with his execution on the same scaffold the Reign of Terror effectively ended. Had God thus accepted and used the Carmelites' generous self gift Through Gertrud von Le Fort's modern novella *Song at the Scaffold* and Francis Poulenc's famed opera *Dialogues of the Carmelites* with its libretto by Georges Bernanos modern audiences around the world have become captivated by the mysterious destiny of these Compi gne martyrs. Blessed Teresa of St Augustine and her companions. Now for the first time in English William Bush explores at length the facts behind the fictional representations and reflects on their spiritual significance. Based on years of research this book recounts in lively detail virtually all that is known of the life and background of each of the martyrs as well as the troubled times in which they lived. The Compi gne Carmelites sustained by their remarkable prioress emerge as distinct individuals struggling as Christians to understand and respond to an awesome calling relying not on their own strength but on the mercy of God and the guiding hand of Providence. [A Theory of Adaptation](#) Linda Hutcheon, 2012-08-21 *A Theory of Adaptation* explores the continuous development of creative adaptation and argues that the practice of adapting is central to the story telling imagination. Linda Hutcheon develops a theory of adaptation through a range of media from film and opera to video games, pop music and theme parks analysing the breadth, scope and creative possibilities within each. This new edition is supplemented by a new preface from the author discussing both new adaptive forms, platforms and recent critical developments in the study of adaptation. It also features an illuminating new epilogue from Siobhan O'Flynn focusing on adaptation in the context of digital media. She considers the impact of transmedia practices and properties on the form and practice of adaptation as well as studying the extension of game narrative across media platforms, fan based adaptation from Twitter and Facebook to home movies and the adaptation of books to digital formats. *A Theory of Adaptation* is the ideal guide to this ever evolving field of study and is essential reading for anyone interested in adaptation in the context of literary and media studies. **Through a Glass Darkly** Frances Di Lauro, 2006-12-06 *Through a Glass Darkly: Reflections on the Sacred* is a collection of research articles on the influence of religion on music, literature and art. [Women in Chinese Buddhism](#) Jessica Huset Tilton, 2025-10-30 Tilton examines how cultural, political and economic forces exert pressures on the levels of freedom and equality for female Buddhists within the Buddhist community as well as women's rights within society. The book charts women's spiritual paths over four periods beginning with the Buddha and his revolutionary stance on women to the creation of a fully ordained female Sa gha in China which peaked during the Tang dynasty and finally to its resurgence in the late Qing and early Republic period ending with a sharp decline to near extinction.

during the Mao Zedong years 1949 1976 As the nun and lay communities arise directly from the broader female community Tilton argues that there is a direct correlation between women s rights issues and those of liberties for Buddhist women within the Sa gha Specifically women s equality within this world as well as their right to achieve liberation from this world or sa s ra Charting the evolution of Buddhist women in China across multiple centuries this book is a valuable resource for academics researchers and students of Asian Studies Buddhist Studies as well as those interested in the intersection of gender and religion

The Plot to Kill God Paul Froese, 2008-08-06 The story of the survival of religion in the Soviet Union is one of the great surprises of the end of the twentieth century Indeed it is so surprising that many social scientists write it off attribute it to cultural nationalism or ignore it It is assumed that religion simply was given a temporary reprieve and would shortly succumb to secularization Professor Froese demolishes this assumption Andrew Greeley author of *The Catholic Imagination* *The Plot to Kill God* is refreshingly creative in bringing evidence from a neglected but hugely important case to bear on thinking through social scientific theories of religion This is an important contribution to a field greatly in need of just this kind of solid historical case analysis Christian Smith University of Notre Dame A wonderful book that will break the hearts of Richard Dawkins and all the other angry atheists After more than 70 years of intensive educational efforts and brutal persecution of religion there were no fewer believers in Russia than in the United States Rodney Stark Scientific socialism in communist countries turned out to be a hollow faith incapable of replacing more traditional religions Paul Froese beautifully shows why and how this provides us with useful lessons about the continuing power of religion today Daniel Chirot University of Washington Froese compellingly tests many theories about the causes of religious belief strength and resurgence *The Plot to Kill God* highlights the close link between human nature and religious faith thus making a broad argument about the anthropological foundation of religion while also using the tools of social science to advance our knowledge concepts and theories about religion and society Margarita Mooney University of North Carolina at Chapel Hill
