

# Global Nursing Issues: Challenges, Strategies and Advocating for Health Care

Topic: Health & Medicine | Words: 567 | Pages: 3

## Challenges

Every person is entitled to quality health support and care. Unfortunately, many underdeveloped nations find it hard to deliver quality health care to their citizens. This problem affects many nations due to various factors such as corruption and brain drain (Mills, 2014). The first outstanding challenge that makes it hard for the countries to deliver quality care is the lack of enough healthcare workers. The number of caregivers and physicians is small. The practitioners are overworked and understaffed. Such issues explain why more people in these nations do not receive quality or timely health services.

The second challenge is the lack of adequate resources to support the quality of care. The underdeveloped world grapples with poor leadership and corruption. Consequently, funds are misappropriated thereby making it impossible for many healthcare facilities to function effectively (Mills, 2014). The targeted patients lack medications and timely services. The absence of equipment and safe working environments affect the quality of health services.

## Strategies to Address the Challenges

Several measures can be implemented in these nations in order to ensure quality medical support and services are available to more clients. The shortage of healthcare providers requires an evidence-based
