the Navy's coastal and riverine forces included more than 30 000 Sailors and over 350 patrol vessels ranging in size from riverboats to destroyers. These forces developed the most extensive maritime blockade in modern naval history and fought pitched battles against Viet Cong units in the Mekong Delta and elsewhere. *War in the Shallows* explores the operations of the Navy's three inshore task forces from 1965 to 1968. It also delves into other themes such as basing technology, tactics and command and control. Finally, using oral history interviews, it reconstructs deckplate life in South Vietnam, focusing in particular on combat waged by ordinary Sailors. Vietnam was the bloodiest war in recent naval history, and *War in the Shallows* strives above all else to provide insight into the men who fought it and honor their service and sacrifice. Illustrated throughout with photographs and maps. Author John Darrell Sherwood has served as a historian with the Naval History and Heritage Command NHHC since 1997. Provided by publisher

Textures of Time Velcheru Narayana Rao, David Dean Shulman, Sanjay Subrahmanyam, 2003 Nearly a thousand years ago the great scholar Al Biruni complained that unfortunately the Hindus do not pay much attention to the historical order of things. They are very careless in relating the chronological succession of kings, and when pressed for information invariably take to tale telling. Until now this had been the received wisdom of the West, repeated with little variation by post-colonial historians
