Pearl Harbor Betrayed Michael Gannon, 2001-09-10 A new and groundbreaking investigation explores the tragic errors that led to the devastating Pearl Harbor attack Washington's role in it and the man who took the fall for the Japanese tactical victory 40 illustrations

Pearl Harbor Betrayed Michael Gannon, 2014-04-15 A naval historian draws on newly revealed primary documents to shed light on the tragic errors that led to the devastating attack Washington's role and the man who took the fall for the Japanese tactical victory Michael Gannon begins his authoritative account of the impossible to forget attack with the essential background story of Japan's imperialist mission and the United States uncertain responses especially two lost chances of delaying the inevitable attack until the military was prepared to defend Pearl Harbor Gannon disproves two Pearl Harbor legends first that there was a conspiracy to withhold intelligence from the Pacific Commander in order to force a Pacific war and second that Admiral Kimmel was informed but failed to act Instead Gannon points to two critical factors ignored by others that information about the attack gleaned from the Magic code intercepts was not sent to Admiral Kimmel and that there was no possibility that Kimmel could have defended Pearl Harbor because the Japanese were militarily far superior to the American forces in December of 1941 Gannon has divided the story into three parts the background eyewitness accounts of the stunning Japanese tactical victory and the aftermath which focuses on the Commander who was blamed for the biggest military disaster in American history Pearl Harbor Betrayed sheds new light on a crucial and infamous moment in history

More To The Story: A Reappraisal Of US Intelligence Prior To The Pacific War LCDR James R. Stobie,2015-11-06 Early on Sunday 7 December 1941 the air and naval forces of the Imperial Japanese Navy attacked the U S Pacific Fleet at anchor in Pearl Harbor Hawaii President Franklin D Roosevelt FDR recorded the day as a date which will live in infamy in his speech to a joint session of Congress Subsequent investigations and histories judged U S intelligence as unprepared in its failure to predict the attack at Pearl Harbor Yet FDR also listed the other locations Japan attacked in those first twenty four hours starting with the attack at Kota Bharu in Malaya Reviewing U S intelligence estimates and war warning messages against Imperial Japanese war plans and actions U S intelligence understood Imperial Japan s intentions and plans far better than is recorded Of the places listed in the 27 November 1941 war warning the Philippines Thai or Kra Malay Peninsula and possibly Borneo two were attacked on that first day of war and the last Borneo a week later On that first day of war Japan also attacked Guam Hong Kong Singapore and Wake and Midway Islands the latter two reinforced against impending war with Japan in early December 1941 by U S aircraft carriers The surprise of the attack on the U S Pacific Fleet overshadows the

accuracy of U S intelligence estimates prior to the Pacific War Racing the Sunrise Glen M Williford, 2010-10-15 Glen Williford lends new insight to the reasons for America s relatively quick comeback from the attack on Pearl Harbor For the first time he tells the complete story of American efforts to build and reinforce its Pacific garrisons in the Philippines and Hawaii during the six months prior to the war and to supply Bataan and Corregidor in early 1942 One effort involved a carefully organized convoy and air ferry routes that were reaching their heights in December 1941 The author fully describes the reinforcement efforts in the context of both the existing military strategies and the realities and physical limits of America s defense capabilities at the time It concludes with an examination of the transition from the desperate defensive efforts to protect lines of communication to Australia and build a major base there to using these assets to resume the offensive
