Power Of Life And Death:

The Power of Life Or Death Fabian Tassano,1999 This text is written for the general reader who is concerned about the possibility of being treated or not being treated against his or her wishes and who wants to get a clearer idea of the philosophy behind modern medical practice Death and Life Are in the Power of the Tongue Clarence Lewis,2007-07 How much power do our words really have Have you been speaking death into your life In Death and Life are in the Power of the Tongue author Clarence Lewis explains that simple words can speak death into one s life and lead down a path of destruction Lewis demonstrates how those negative things that happen to us are not set plans from God but rather ongoing negative plans that we create for ourselves by the words we let out of our mouths Words can create and words can destroy and sometimes our own tongues can be our worst enemy Powerful inspirational and encouraging iDeath and Life are in the Power of the Tongue is sure to change the way you think about speech *Futures of Life Death on Earth* Philippe Lynes,2018-11-19 Life on earth is currently approaching what has been called the sixth mass extinction also known as the Holocene or anthropocene extinction Unlike the previous five this extinction is due to the destructive practices of a single species our own Up to 50% of plant and animal species face extinction by the year 2100 as well as 90% of the world s languages Biocultural diversity is a recent appellation for thinking together the earth s biological cultural and linguistic diversity the related causes of their extinctions and the related steps that need to be taken to ensure their sustainability This book turns to the work of Jacques Derrida to propose a notion of general ecology as a way to respond to this loss to think the ethics ontology and epistemology at stake in biocultural sustainability and the life and death we differentially share on earth with its others It articulates an appreciation of the ecological and biocultural stakes of deconstruction and provokes new ways of thinking about a more just sharing of the earth *Death, Power, and Apotheosis in Ancient Egypt* Julia Troche,2021-12-15 Death Power and Apotheosis in Ancient Egypt uniquely considers how power was constructed maintained and challenged in ancient Egypt through mortuary culture and apotheosis or how certain dead in ancient Egypt became gods Rather than focus on the imagined afterlife and its preparation Julia Troche provides a novel treatment of mortuary culture exploring how the dead were mobilized to negotiate social religious and political capital in ancient Egypt before the New Kingdom Troche explores the perceived agency of esteemed dead in ancient Egyptian social political and religious life during the Old and Middle Kingdoms c 2700 1650 BCE by utilizing a wide range of evidence from epigraphic and literary sources to visual and material artifacts As a result Death Power and Apotheosis in Ancient Egypt is an important contribution to current scholarship in its collection and presentation of data the framework it establishes for identifying distinguished and deified dead and its novel argumentation which adds to the larger academic conversation about power negotiation and the perceived agency of the dead in ancient Egypt **Between Life and Death** ,2003 **The Life and Death of Marie Stuart** Charles à Court Repington,1923 *International Law, Necropolitics, and Arab Lives* Khaled Al-Kassimi,2022-10-27 International
