Power And Violence In The Colonial City:

Criminality and Power in the Postcolonial City Maria Ridda, 2022-11-21 This book investigates the literary imaginings of the postcolonial city through the lens of crime in texts set in Naples and Mumbai from the 1990s to the present. Employing the analogy of a black hole, it posits the discourse on criminality as a way to investigate the contemporary spatial manifestations of coloniality and global capitalist urbanity. Despite their different histories, Mumbai and Naples have remarkable similarities. Both are port cities, gateways to their countries and regional trade networks, and both are marked by extreme wealth and poverty. They are also the sites and symbolic battlegrounds for a wider struggle in which the North exploits the South and the South fights back. As one of the characters of the novel *The Neapolitan Book of the Dead* puts it, a narrativisation of the underworld allows for a discovery of a different city from its forgotten corners. Crime provides a means to understand the relationship between space and society/culture in a number of cities across the Global South by tracing a narrative of postcolonial urbanity that exposes the connections between exploitation and the ongoing coloniality of power.

Edge of Empire Fabr'cio Prado, 2015-10-13 In the first decades of the 1800s, after almost three centuries of Iberian rule, former Spanish territories fragmented into more than a dozen new polities. *Edge of Empire* analyzes the emergence of Montevideo as a hot spot of Atlantic trade and regional center of power, often opposing Buenos Aires. By focusing on commercial and social networks in the Rio de la Plata region, the book examines how Montevideo merchant elites used transimperial connections to expand their influence and how their trade offered crucial support to Montevideo's autonomist projects. These transimperial networks offered different political, social, and economic options to local societies and shaped the politics that emerged in the region, including the formation of Uruguay. Connecting South America to the broader Atlantic World, this book provides an excellent case study for examining the significance of cross-border interactions in shaping independence processes and political identities.

The Tupac Amaru Rebellion Charles F. Walker, 2014-04-08 Charles Walker examines the largest rebellion in the history of Spain's American empire, led by Latin America's most iconic revolutionary, Tupac Amaru, and his wife. It began in 1780 as a multiclass alliance against European-born usurpers but degenerated into a vicious caste war, leaving a legacy that still influences South American politics today.

Power and Violence in the Colonial City Oscar Cornblit, 2003-01-30 Toward the end of this period, the analysis focuses on the important Indian uprisings of the 1780s: the rebellions of Tupac Amaru and the causes of the alliances or confrontations between the members of the distinct bands, either white or Indian. These episodes are of particular interest because some aspects of the present guerrilla activity in Peru by the Shining Path can be seen in the insurrections of the 1780s.

Imperial Power and Popular Politics Rajnarayan Chandavarkar,1998-06-11 In this series of interconnected essays Rajnarayan Chandavarkar offers a powerful revisionist analysis of the relationship between class and politics in India between the Mutiny and Independence Dr Chandavarkar rejects the Orientalist view of Indian social and economic development as exceptional and somehow distinct from that prevailing in capitalist societies elsewhere and reasserts the critical role of the working classes in shaping the pattern of Indian capitalist development Sustained in argument and elegant in exposition these essays represent a major contribution not only to the history of the Indian working classes but to the history of industrial capitalism and colonialism as a whole Imperial Power and Popular Politics will be essential reading for all scholars and students of recent political economic and social history social theory and cultural and colonial studies Publisher description
