Problems Women Solved Being The Story Of:

Femina Problematis Solvendis—Problem solving Woman David H. Cropley, 2020-05-06 This book explores the history of modern human creativity innovation highlighting examples of solutions to basic human needs that have been developed over time The title Femina Problematis Solvendis is a play on the scientific classifications of humans Homo habilis Homo erectus Homo sapiens but with special focus on inventions pioneered by women femina and is intended to suggest that a defining characteristic of modern humans is our fundamental ability to solve problems i e problem solving woman Femina problematis solvendis Written by David H Cropley an internationally recognised expert on creativity and innovation it also builds on his previous book Homo Problematis Solvendis Problem solving Man published in 2019 The book explores innovations over ten distinct ages of human history beginning with prehistory and moving up to the present information age Each era is covered by a dedicated chapter that describes three key innovations that were either definitely invented by a woman or can be plausibly attributed to a female inventor The book s focus on female inventors also serves to highlight some of the ways women have been treated in societies over time

Eugenic Nation Alexandra Minna Stern, 2016 With an emphasis on the American West Eugenic Nation explores the long and unsettled history of eugenics in the United States This expanded second edition includes shocking details that demonstrate that the story is far from over Alexandra Minna Stern explores the unauthorized sterilization of female inmates in California state prisons and ongoing reparations for North Carolina victims of sterilization as well as the topics of race based intelligence tests school segregation the U S Border Patrol tropical medicine the environmental movement and opposition to better breeding Radically new and relevant this edition draws from recently uncovered historical records to demonstrate patterns of racial bias in California s sterilization program and to recover personal experiences of reproductive injustice Stern connects the eugenic past to the genomic present with attention to the ethical and social implications of emerging genetic technologies Provided by publisher

The People's Lobby Elisabeth S. Clemens, 1997-09-02 Clemens sheds new light on how farmers workers and women invented strategies to circumvent the parties Voters learned to monitor legislative processes to hold their representatives accountable at the polls and to institutionalize their ongoing participation in shaping policy Closely analyzing the organizational politics in three states California Washington and Wisconsin she demonstrates how the political opportunity structure of federalism allowed regional innovations to exert leverage on national political institutions
