Radio Mystery:

Radio Mystery and Adventure and Its Appearances in Film, Television and Other Media Jim Harmon, 2011-01-14

From the 1920s to the 1950s radio was the entertainment source for millions. Two of the primary themes of radio serials were mysteries and adventure. This is a detailed analysis of the important programs in these genres: Jack Armstrong, The Green Hornet, Sergeant Preston, Tom Mix, and more. Each entry includes type of series, broadcast days, air dates, sponsors, network, cast, and production credits, and a comprehensive essay. When, as often happened, the series landed in other media, that is examined as well. *The Radio Mystery* Gertrude Chandler Warner, 2003-11-01. Boxcar Children 97. *Radio* William A.

Richter, 2006. From payola to podcasting, from the advertising office to the DJ booth to the station antenna. *Radio: A Complete Guide to the Industry* offers a concise one-stop introduction to all aspects of the radio industry. Readers are taken on a lively tour of radio's history from the early experiments with wireless to today's satellite and digital radio. Industry veteran William A. Richter brings readers inside the typical station to explain who does what and how all the pieces fit together. The book also includes some brief interviews from working professionals for more perspective. Richter explains how ratings work, gives an overview of the major industry players, and guides readers through FCC regulations and other ethical and legal issues that impact radio. Written in a crisp, easy style and including glossaries in each chapter, *Radio* is well suited for a range of courses on radio. It is a valuable resource for anyone interested in radio, from aspiring college DJs to general managers of radio stations. *Radio News*, 1927. Some issues 1943, July 1948 include separately paged and numbered section called *Radio*. Electronic engineering edition called *Radionics* edition in 1943. **Radio Rides the Range** Jack French, David S.

Siegel, 2013-11-14. This is a comprehensive encyclopedia to the more than 100 radio programs portraying the American West in fact and fiction, heard by generations of listeners from the Great Depression through the Cold War era. The book includes both the popular and lesser-known series as well as would-be offerings that never made it past the audition stage. Each entry describes the series, the extent to which it was based on actual facts, the audience it was written for, and its broadcast history. The descriptions also examine how the programs reflected society's changing social and cultural attitudes towards racial and ethnic minorities and the role of women. The availability of surviving audio copies and original scripts is noted. An extensive bibliography and several appendices provide additional sources of information about Western programming during the Golden Age of Radio. **Radio in the Movies** Laurence Etling, 2014-01-10. This richly detailed examination of two branches of American entertainment focuses on the various ways that radio stations and air personalities have been depicted in motion pictures from 1926's *The Radio Detective* to more recent films like 2006's *A Prairie Home Companion*. Cinematic portrayals of various aspects of radio are covered, including disc jockeys, sports broadcasts, religious programs, and the talk radio format. Such films as *The Big Broadcast* 1932, *Reveille with Beverly* 1943, *Mister Rock and Roll* 1957, *WUSA* 1970, *Radio Days* 1987, and *Private Parts* 1997 provide fascinating insights not only into their own times but also into the historical eras that some of

these films have endeavored to recreate A chronological filmography of more than 600 titles is included *Radio Speakers* Jim Cox,2024-10-17 In the days before television radio was the constant voice in American life When radio spoke America listened especially to the men and women who spoke directly to their unseen audience Sometimes formal sometimes as familiar as the friend next door their presence filled the airwaves announcers newscasters sportscasters showbiz reporters advice consultants emcees and breakfast chatterboxes These radio personalities became as popular and familiar as the most public faces of the time Here among profiles of more than 1100 radio speakers are famous names like George Ansbro Red Barber H V Kaltenborn Dorothy Kilgallen Edward R Murrow Louella Parsons Walter Winchell and more Also amply represented are hundreds of lesser known individuals who left indelible auditory impressions Whether their fame was forever or fleeting all were a part of the American voice during the grand epoch of network radio *The Concise Encyclopedia of American Radio* Christopher H.
