encounters with exactly the same beings Scientists at the cutting edge of consciousness research have begun to consider the possibility that such hallucinations may be real perceptions of other dimensions Could the supernaturals first depicted in the painted caves and rock shelters be the ancient teachers of mankind Could it be that human evolution is not just the blind meaningless process that Darwin identified but something more purposive and intelligent something that we have barely even begun to understand Previously published as *Supernatural* this definitive edition includes a new Introduction by Graham Hancock as well as restored chapters that were omitted from the original paperback release

Genuine Fakes Lydia Pyne,2019-08-08 Does an authentic Andy Warhol painting need to be painted by Andy Warhol Why do audiences feel outraged when they find out that scenes from their beloved blockbuster documentaries are staged Can people move past assuming that a diamond grown in a lab is a fake What happens when a forged painting or manuscript becomes more valuable than its original This is a book about genuine fakes the curious and complex objects that provoke these very sorts of questions Genuine fakes fall into the space between things that are real and things that are not whether or not we think that those things are authentic is a matter of perspective Unsurprisingly the world is full of genuine fakes full of things that defy simple categorisation From stories of audacious forgeries to feats of technological innovation historian Lydia Pyne explores how the authenticity of eight genuine fakes

depends on their unique combinations of history science and culture The stories of art forgeries fake fossils nature documentaries synthetic flavours museum exhibits Maya codices and Palaeolithic replicas show that genuine fakes are both complicated and change over time Drawing from historical archives interviews museum exhibits and science fiction as well as her own research Pyne brings each genuine fake to life through unexpected and often outrageous stories Genuine Fakes will make readers think about all the unreal things they encounter in their daily lives and why they invoke the reactions surprise wonder understanding or annoyance that they do **Archaeology in Practice** Jane Balme,Alistair Paterson,2014-01-14
