The Milinda Panha Thomas William Rhys Davids,2024 The Mininda Panha or The Questions of the King Milinda are a

classical Pali text describing how Menander embraced the Buddhist faith while discussing with the Buddhist sage Ngasena. He is described as constantly accompanied by a guard of 500 Greek Yonaka soldiers and two of his counsellors are named Demetrius and Antiochus. This type of discussion was known to ancient Greeks as a *sozo* it is important for Buddhists to understand the cultural context in which this discussion was held. **The Vampire's Slayer** Leigh Anderson, 2021-01-03. Even in a remote convent she is unable to escape her past. A decade ago Sister Maria Delphina did something so terrible she ran away from her life and joined a convent in a remote area of Spain to spend the rest of her life in penance and quiet contemplation. But she couldn't hide forever. A stranger arrives at the convent door begging Delphina for help with a vampire that has killed his people, kidnapped his father and settled inside his ancestral home. Delphina tries to refuse until she finds out the man she fears and hates the most: her father. Dom Calmet is dying after trying to fight the vampire alone. Delphina agrees to go with the man to help him and Dom Calmet one last time. But inside she fears that she will not be able to escape from the life of a slayer again. Don't miss the entire Calmet Chronicles: The Vampire's Gift, The Vampire's Daughter, The Vampire's Slayer, The Vampire's Lover. While the books in the Calmet Chronicles are related, each can be read as a complete stand-alone novel. **William Lyon Mackenzie King, Volume III, 1932-1939** H. Blair Neatby, 1976-12-15. Aided by meticulous knowledge of the former Prime Minister's diary and with characteristic conciseness and clarity, H. Blair Neatby has written the impressive and long-awaited third volume of the official biography of Mackenzie King. He carefully and judiciously untangles a complexity of issues in Canadian political history to produce definitive accounts of controversies that have engaged the attention of Canadian historians for years. Beginning the story in 1932, this volume treats the depression years when King was first in Opposition and then the years after 1935 when he was once again Prime Minister. It is a masterly analysis of how one of the most enigmatic figures in Canadian history made shrewd and critical political decisions. Attention is paid in turn to his clearly successful tactics as Leader of the Opposition, the election campaign of 1935, a wide range of his domestic policies including those on unemployment, inflation, relief and trade, and to a series of international crises: the Ethiopian crisis, the Spanish Civil War, Anschluss and Munich that culminated in the Second World War. At all times King's overriding concern was to preserve national unity at home and to avoid commitments abroad, either through the British Commonwealth or the League of Nations. We see King in his relations with other Canadian leaders: Abernethy, Pattullo, Hepburn, Duplessis and Bennett, and with world leaders: Roosevelt, Baldwin, Chamberlain and Hitler. We also see the personal side of the man and the link between the private and the public figure. **William Lyon Mackenzie King, Volume II, 1924-1932** H. Blair Neatby, 1963-12-15. This second volume of the official biography of Mackenzie King, the first written by R. MacG. Dawson, was published in 1958, covers the years 1924 to 1932. At the opening of this period, King was still an

inexperienced and untried leader but the next few years were to test his qualities as he dealt with the concessions and compromises necessary in governing with an unstable majority and finally emerged the winner from the complicated chess games of parliamentary sessions The Liberal success in the election of 1926 returned to office a Prime Minister with confidence in his own judgment and more inclined to hold firm to his own opinions against opposition from his colleagues or his party After this election and the outcome of that in 1930 which handed over to the Conservatives the problems of the depression the myth of King's political infallibility continued to grow But a less able man would have been less lucky As this book shows King was a consummate party leader with an unusual sensitivity to political danger and an unusual capacity to learn from his mistakes In the years 1924 to 1932 a number of familiar Canadian issues had to be dealt with freight rates on land and sea the debate between a tariff for protection the problems of the Maritime Provinces the natural resources of the Prairie Provinces old age pensions the St Lawrence Waterway immigration There were also other more striking incidents which the author chronicles with verve and style the customs scandal of 1926 the heady pleasures of the years of prosperity and the dismal frustrations of the years of depression the election of 1930 the Beauharnois sensation Throughout skilful use is made of the public records of these years of the King papers and the copious pages of King's own daily diary of his political problems his conversations with colleagues and diplomats his worries and frustrations over difficult decisions his own aims and ideals Over these years King developed and strengthened his convictions about the overriding concern of all Canadian political leaders national unity Only a proper estimate of what was desirable what was necessary and what was impossible could guide in the working out of policies that would be tolerable by the whole of Canada and it was of course King's firm belief and the guiding principle of his political life that the cause of national unity was best served by the cause of Liberalism since that party above all represented the major sections or groups in Canada and alone could effect a satisfactory compromise among them This book brilliant and effective in conception and execution is a study of political leadership in a divided nation a nation which even in calmer times is proverbially difficult to govern It is also a revealing and convincing study of a complex man whose drab public image concealed unsuspected eccentricities Blackwood's Magazine ,1831

The Questions of King Milinda, Translated from the Pâli ,1890 **The Questions of King Milinda** Thomas William Rhys Davids,1890 Consists of imaginary conversations between Milinda or Menander king of Bactria and the Buddhist philosopher N gasena *The Questions of King Milinda* ,1890 **Blind Man's Bluff** Ross S.
