L. Giese

Shakespeare's Comedies From Roman Farce To Romantic Mystery:

Shakespeare's Comedies Robert Ornstein, 1986 **Courtships, Marriage Customs, and Shakespeare's Comedies**

L. Giese, 2016-04-30 Loreen L Giese's study of over 5000 important folios of court depositions contemporary with Shakespeare's plays demonstrates the complex ways those plays participate in and comment upon their culture rather than stand apart from it Both the court records and the plays present women as agents who are capable of challenging their traditional roles **Shakespeare's Comedies** Emma Smith, 2008-04-15 This Guide introduces students to critical writing on Shakespeare's comedies over the last four centuries Guides students through four centuries of critical writing on Shakespeare's history plays Covers both significant early views and recent critical interventions Substantial editorial material links the articles and places them in context Annotated suggestions for further reading allow students to investigate further *Reading and Interpreting the Works of William Shakespeare* Walt Mittelstaedt, 2016-07-15 The subject of William Shakespeare considered by many to be the greatest writer in the English language is often approached with trepidation by students encountering one of his plays for the first time This text explains Shakespeare's works by putting them into the context of the Elizabethan times in which he lived Characters themes and literary devices are defined and examined as students are exposed to close readings of the histories tragedies comedies and verse The text includes examples from every type of work as well as ample critical analysis that serves to illuminate the life and work of this peerless dramatist and poet

Shakespeare and the Economic Imperative Peter F. Grav, 2008-04-25 Despite the volume of work Shakespeare produced surprisingly few of his plays directly concern money and the economic mindset Shakespeare and the Economic Imperative examines the five plays that do address monetary issues The Comedy of Errors The Merry Wives of Windsor The Merchant of Venice Measure for Measure and Timon of Athens plays in which Shakespeare's view of how economic determinants shape interpersonal relationships progressively darkens In short what thematically starts out in farce ends in nihilistic tragedy Working within the critical stream of new economic criticism this book uses formal analysis to interrogate how words are used how words and metaphoric patterns from the quantifiable dealings of commerce transform into signifiers of qualitative values and how the endemic employment of discursive tropes based on mercantile principles debases human relationships This examination is complemented by historical socio-economic contextualization as it seems evident that the societies depicted in these plays reflect the changing world in which Shakespeare lived and wrote **Re-visions of Shakespeare**

Robert Ornstein, 2004 Re Visions of Shakespeare Essays in Honor of Robert Ornstein is a tribute to one of the most prominent Shakespeareans in the last half of the twentieth century past president of the Shakespeare Association of America and author of Shakespeare's Comedies From Roman Farce to Romantic Mystery and Other texts Twelve original contributions by an international group of scholars including some of the most prominent working in Shakespeare studies today use a variety of theoretical perspectives to address issues of contemporary import in the dramatic texts Janus like the collection suggests the

directions of Shakespeare studies at the outset of the new millennium while considering their roots in the last **The Merchant of Venice** John W. Mahon, Ellen Macleod Mahon, 2013-10-28 This volume is a collection of all new original essays covering everything from feminist to postcolonial readings of the play as well as source queries and analyses of historical performances of the play The Merchant of Venice is a collection of seventeen new essays that explore the concepts of anti-Semitism the work of Christopher Marlowe the politics of commerce and making the play palatable to a modern audience The characters Portia and Shylock are examined in fascinating detail With in depth analyses of the text the play in performance and individual characters this book promises to be the essential resource on the play for all Shakespeare enthusiasts **The Gospel according to Shakespeare** Piero Boitani, 2014-01-09 In this slim poetically powerful volume Piero Boitani develops his earlier work in The Bible and Its Rewritings focusing on Shakespeare's rescripting of the Gospels Boitani persuasively urges that Shakespeare read the New Testament with great care and an overall sense of affirmation and participation and that many of his plays constitute their own original testament insofar as they translate the good news into human terms In Hamlet and King Lear he suggests Shakespeare's New Testament is merely hinted at and faith salvation and peace are only glimpsed from far away But in Pericles Cymbeline The Winter's Tale and The Tempest the themes of compassion and forgiveness transcendence immanence the role of the deity resurrection and epiphany are openly if often obliquely staged The Christian Gospels and the Christian Bible are the signposts of this itinerary Originally published in 2009 Boitani's Il Vangelo Secondo Shakespeare was awarded the 2010 De Sanctis Prize a prestigious Italian literary award Now available for the first time in an English translation The Gospel according to Shakespeare brings to a broad scholarly and nonscholarly audience Boitani's insights into the current themes dominating the study of Shakespeare's literary theology It will be of special interest to general readers interested in Shakespeare's originality and religious perspective **Radical Comedy in Early Modern England** Rick Bowers, 2016-04-08 Drawing on the generic and mythic strength of comedy and the theories of Bakhtin Bergson and Hobbes this book identifies the radical nature of early modern English comedy The satirical comedic actions that shape the Shepherd's Play Thomas Dekker's pamphlets and the comic dramas of Marston Middleton and Jonson are all driven Bowers points out by an ability to criticize authority assert plebeian culture and insist on the complexity and innovation of human discourse The texts examined including The Jew of Malta Metamorphosis of Ajax Antonio and Melida Bartholomew Fair The Alchemist and A Chaste Maid in Cheapside simultaneously create and employ standard comedic elements Farce absurdity excess over the top characters unremitting irony black humor toilet humor and tricksters of all types such features and more combine to satirize medical religious and political authority and to implement necessary social change Written with a narrative ease Radical Comedy in Early Modern England shows how comic interventions both describe and reconfigure prevalent authority in its own time while arguing that through early modern comedy one can observe the changes in social behavior and understandings characteristic of the Renaissance **Shakespeare and Renaissance Ethics**

Patrick Gray, John D. Cox, 2014-07-24 Written by a distinguished international team of contributors this volume explores Shakespeare's vivid depictions of moral deliberation and individual choice in light of Renaissance debates about ethics. Examining the intellectual context of Shakespeare's plays the essays illuminate Shakespeare's engagement with the most pressing moral questions of his time considering the competing claims of politics Christian ethics and classical moral philosophy as well as new perspectives on controversial topics such as conscience prayer revenge and suicide. Looking at Shakespeare's responses to emerging schools of thought such as Calvinism and Epicureanism and assessing comparisons between Shakespeare and his French contemporary Montaigne the collection addresses questions such as when does laughter become cruel How does style reflect moral perspective Does shame lead to self awareness This book is of great interest to scholars and students of Shakespeare studies Renaissance studies and the history of ethics.
