Eizehu Gibor: Living Jewish Values Joel Lurie Grishaver, Torah Aura Productions, 2011-06 **Shalom, Haver - Goodbye Friend** Barbara Sofer, 1996 A photo essay in memory of Yitzhak Rabin the Israeli prime minister who was assassinated in 1995 **Contemporary Israel** Robert O Freedman, 2018-05-04 This book provides the reader with a balanced understanding of both the dynamism and the complexity of Israeli politics It is devoted to Israel's domestic politics which includes right wing and left wing parties Israel's main interest group parties Israeli security and foreign policy issues The Fall of the House of Bush Craig Unger, 2007-11-13 The presidency of George W Bush has led to the worst foreign policy decision in the history of the United States the bloody unwinnable war in Iraq How did this happen Bush's fateful decision was rooted in events that began decades ago and until now this story has never been fully told From Craig Unger the author of the bestseller House of Bush House of Saud comes a comprehensive deeply sourced and chilling account of the secret relationship between neoconservative policy makers and the Christian Right and how they assaulted the most vital safeguards of America's constitutional democracy while pushing the country into the catastrophic quagmire in the Middle East that is getting worse day by day Among the powerful revelations in this book Why George W Bush ignored the sage advice of his father George H W Bush and took America into war How Bush was convinced he was doing God's will How Vice President Dick Cheney manipulated George W Bush disabled his enemies within the administration and relentlessly pressed for an attack on Iraq Which veteran government official with the assent of the president's father protested passionately that the Bush administration was making a catastrophic mistake and was ignored How information from forged documents that had already been discredited fourteen times by various intelligence agencies found its way into President Bush's State of the Union address in which he made the case for war with Iraq How Cheney and the neocons assembled a shadow national security apparatus and created a disinformation pipeline to mislead America and start the war A seasoned award winning investigative reporter connected to many back channel political and intelligence sources Craig Unger knows how to get the big story and this one is his most explosive yet Through scores of interviews with figures in the Christian Right the neoconservative movement the Bush administration and sources close to the Bush family as well as intelligence agents in the CIA the Pentagon and Israel Unger shows how the Bush administration's certainty that it could bend history to its will has carried America into the disastrous war in Iraq dooming Bush's presidency to failure and costing America thousands of lives and trillions of dollars Far from ensuring our security the Iraq War will be seen as a great strategic pivot point in history that could ignite wider war in the Middle East particularly in Iran Provocative timely and disturbing The Fall of the House of Bush stands as the most comprehensive and dramatic account of how and why George W Bush took America to war in Iraq **A Covenant in Shanghai** David Brailovsky, 2000-01-20 A Covenant in Shanghai is about survival and alienation We follow

Daniel and his three friends as they grow from childhood to adolescence and to early manhood We share their tensions frustrations and their anxieties as they struggle to survive by overcoming the temptations that this sybaritic and decadent city offers at every corner It is about alienation of not accepting and of not being accepted by an ancient and proud culture The four friends do not feel at home in the East nor are they comfortable in the West They have to learn how to live and survive in this limbo The four boys of different backgrounds American English French and Russian accentuate the kaleidoscopic nature of a fascinating yet often ominous and tragic lifestyle This is also the story of the survival of a majestic and resilient city that suffers with dignity the humiliations of shortages the ravages of epidemics the conflict of political ideologies and refuses to be conquered by desecrations of wars This multi ethnic multicultural metropolis is neither Western nor Chinese Like its population it is alien to both It is a tragic hybrid grafted on the map of China
