The Shape of Art in the Short Stories of Donald Barthelme Wayne B. Stengel, 1985-01-01 **The woman of the crowd** Daniela Daniele, 2021-12-28 This book traces the origins of the Postmodern eclectic grammar of linguistic collision back in the Surrealist poetics of ruins Keeping in mind the images of lost direction in the big city as a central figure in the discussion of both the Modern and Postmodern aesthetics of displacement Daniele starts comparing the epiphanic encounters of the Baudelairian fl neur in metropolitan Paris in constant search for the traces of a lost symbolic order with Breton s enigmatic pursuit of Nadja the elusive sphinx in the crowd who moves in a mental territory of puzzling condensations and of ineffable objets trouvés In his visual and written work Marcel Duchamp was probably the first artist to envision the space of the crowd as a trans urban multiple dimension a cool arena of disjunctive encounters contributing to transform the Surrealist erotic space of desire in a cooler open field of performance Deeply influenced by Duchamp s hybrid aesthetics American Postmodern writers such as Donald Barthelme and Thomas Pynchon and the performance artist Laurie Anderson represent metropolis as a geographical incest as a plural entropic semiosphere which transcends the notion of urban community to become the tolerant receptacle of an ethnic and discursive multiplicity an electronic area of linguistic collisions translatable in new fragmented and unfinished narratives Evoking the assemblages of Abstract Expressionists the debris of Simon Rodia junk art and the hybrid language of Postmodern architecture this neo Surrealist narrative discourse transforms the epiphanic traces envisioned by the Baudelairian and Bretonian heroes in partial parodies in enigmatic fragments whose ultimate source transcends the narrator s knowledge The conceptual strategy which is constitutive of these texts implicitly asks the puzzled reader to disentangle the entropic plots immersing him in the midst of a linguistic wilderness where all opposites fact and fiction man and machine man and female enigmatically and humorously coexist [A Reader's Companion to the Short Story in English](#) Erin Fallon, R.C. Feddersen, James Kurtzleben, Maurice A. Lee, Susan Rochette-Crawley, 2013-10-31 Although the short story has existed in various forms for centuries it has particularly flourished during the last hundred years Reader s Companion to the Short Story in English includes alphabetically arranged entries for 50 English language short story writers from around the world Most of these writers have been active since 1960 and they reflect a wide range of experiences and perspectives in their works Each entry is written by an expert contributor and includes biography a review of existing criticism a lengthier analysis of specific works and a selected bibliography of primary and secondary sources The volume begins with a detailed introduction to the short story genre and concludes with an annotated bibliography of major works on short story theory **Handbook of the American Short Story** Erik Redling, Oliver Scheiding, 2022-01-19 The American short story has always been characterized by exciting aesthetic innovations and an immense range of topics This handbook offers students and researchers a comprehensive introduction to the multifaceted genre with a special focus on recent developments due to the rise of new media Part I provides systematic overviews of significant contexts ranging from

historical political backgrounds short story theories developed by writers print and digital culture to current theoretical approaches and canon formation Part II consists of 35 paired readings of representative short stories by eminent authors charting major steps in the evolution of the American short story from its beginnings as an art form in the early nineteenth century up to the digital age The handbook examines historically methodologically and theoretically the coming together of the enduring narrative practice of compression and concision in American literature It offers fresh and original readings relevant to studying the American short story and shows how the genre performs American culture

Donald Barthelme Jerome Klinkowitz, 1991-05-22 Donald Barthelme 1931 1989 is regarded as one of the most imitated and influential American fiction writers since the early 1960s In Donald Barthelme An Exhibition Jerome Klinkowitz presents both an appreciation and a comprehensive examination of the life work of this pathbreaking contemporary writer A blend of close reading biography and theory this retrospective informed by Klinkowitz's expert command of postmodern American fiction contributes significantly to a new understanding of Barthelme's work Klinkowitz argues that the central piece in the Barthelme canon and the key to his artistic method is his widely acknowledged masterpiece The Dead Father In turning to this pivotal work as well as to Barthelme's short stories and other novels Klinkowitz explores the way in which Barthelme reinvented the tools of narration characterization and thematics at a time when fictive techniques were largely believed to be exhausted Klinkowitz who was one of the first scholars to study Barthelme's work and became its definitive bibliographer situates Barthelme's life and work within a broad spectrum of influences and affinities A consideration of developments in painting and sculpture for example as well as those of contemporaneous fiction contribute to Klinkowitz's analysis This astute reading will provide great insight for readers writers and critics of contemporary American fiction seeking explanations and justifications of Barthelme's critical importance in the literature of our times

Liminality and the Short Story Jochen Achilles, Ina Bergmann, 2014-12-05 This book is a study of the short story one of the widest taught genres in English literature from an innovative methodological perspective Both liminality and the short story are well researched phenomena but the combination of both is not frequent This book discusses the relevance of the concept of liminality for the short story genre and for short story cycles emphasizing theoretical perspectives methodological relevance and applicability Liminality as a concept of demarcation and mediation between different processual stages spatial complexes and inner states is of obvious importance in an age of global mobility digital networking and interethnic transnationality Over the last decade many symposia exhibitions art and publications have been produced which thematize liminality covering a wide range of disciplines including literary geographical psychological and ethnicity studies Liminal structuring is an essential aspect of the aesthetic composition of short stories and the cultural messages they convey On account of its very brevity and episodic structure the generic liminality of the short story privileges the depiction of transitional situations and fleeting moments of crisis or decision It also addresses the moral transgressions heterotopic orders and forms of ambivalent self reflection negotiated

within the short story's confines This innovative collection focuses on both the liminality of the short story and on liminality in the short story
