Shaping Society Through Dance Mestizo Ritual Performance In The Peruvian Andes:

Shaping Society Through Dance Zoila S. Mendoza, 2000-08 Considers the way that the comparsas Peruvian dance troupes exert influence on Peruvian society and hasten social change Contains several excerpts of comparsas performances

Shaping Society Through Dance Zoila S. Mendoza, 2011-02 During the patron saint fiesta in the Andean town of San Jer nimo Peru crowds gather at sunset in the town square eagerly awaiting the entrance of the colorful dance troupes or comparsas With their masks music and surprising interpretations of contemporary events the comparsas of the Cusco region are the focus of this multifaceted work At the crossroads of folklore and ritual mass media and local preferences and regional and national identity the comparsas recorded here on video and compact disc have become a powerful way for the local people to make sense of their place in Peru and in the world As Zoila Mendoza shows they do more than reflect societal changes they actively transform society In this fluid world she argues racial and ethnic identities are shaped more by notions of what is decent elegant and modern rather than by skin color or status As the different troupes vie for the townspeople s recognition as the most authentic group these notions are challenged and reworked A fascinating look at a rich tradition this innovative work is also a compelling example of the critical anthropology of performance

Shaping Society Through Dance Zoila S. Mendoza, 1993 *Lines in the Water* Ben Orlove, 2002-06-13 This beautifully written book weaves reflections on anthropological fieldwork together with evocative meditations on a spectacular landscape as it takes us to the remote indigenous villages on the shore of Lake Titicaca high in the Peruvian Andes Ben Orlove brings alive the fishermen reed cutters boat builders and families of this isolated region and describes the role that Lake Titicaca has played in their culture He describes the landscapes and rhythms of life in the Andean highlands as he considers the intrusions of modern technology and economic demands in the region *Lines in the Water* tells a local version of events that are taking place around the world but with an unusual outcome people here have found ways to maintain their cultural autonomy and to protect their fragile mountain environment The Peruvian highlanders have confronted the pressures of modern culture with remarkable vitality They use improved boats and gear and sell fish to new markets but have fiercely opposed efforts to strip them of their indigenous traditions They have retained their customary practice of limiting the amount of fishing and have continued to pass cultural knowledge from one generation to the next practices that have prevented the ecological crises that have followed commercialization of small scale fisheries around the world This book at once a memoir and an ethnography is a personal and compelling account of a research experience as well as an elegantly written treatise on themes of global importance Above all Orlove reminds us that human relations with the environment though constantly changing can be sustainable

Decolonizing the Sodomite Michael J. Horswell, 2010-01-01 Early Andean historiography reveals a subaltern history of indigenous gender and sexuality that saw masculinity and femininity not as essential absolutes Third gender ritualists Ipas mediated between the masculine and feminine spheres of culture in important ceremonies and were recorded in fragments of myths and transcribed oral accounts Ritual performance by cross dressed men symbolically created a third space of mediation that invoked the mythic androgyne of the pre Hispanic Andes The missionaries and civil authorities colonizing the Andes deemed these performances transgressive and sodomitical In this book Michael J Horswell examines alternative gender and sexuality in the colonial Andean world and uses the concept of the third gender to reconsider some fundamental paradigms of Andean culture By deconstructing what literary tropes of sexuality reveal about Andean pre Hispanic and colonial indigenous culture he provides an alternative history and interpretation of the much maligned aboriginal subjects the Spanish often referred to as sodomites Horswell traces the origin of the dominant tropes of masculinist sexuality from canonical medieval texts to early modern Spanish secular and moralist literature produced in the context of material persecution of effeminates and sodomites in Spain These values traveled to the Andes and were used as powerful rhetorical weapons in the struggle to justify the conquest of the Incas

Historical Dictionary of Peru Peter F. Klarén, 2017-09-22 With 10 000 years of history Peru with its formidable Inca and pre Inca civilizations and its rich colonial and post colonial past formed the very foundations of multi ethnic South American history and society It is a country rich in natural and human resources but has

been largely confined to a state of underdevelopment for much of its history. However, since 2000, Peru has shown significant signs of economic and political progress as its economy grew rapidly and its polity democratized. The Historical Dictionary of Peru packages in a unique way the course of Peru's evolution and recent trajectory with substantial sections devoted to describing and analyzing the country's history, politics, and social order combined with shorter entries on the important people and events that have contributed to its current state of affairs. It also includes a comprehensive profile of the country based on an array of data tables and statistics. In short, PERU will be an indispensable introduction and source for high school, college, and graduate students, travelers, and tourists, and American government and business personnel with Peru as a destination. The Historical Dictionary of Peru contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture.

Honor, Status, and Law in Modern Latin America Sueann Caulfield, Sarah C. Chambers, Lara Putnam, 2005-06-08. This collection brings together recent scholarship that examines how understandings of honor changed in Latin America between political independence in the early nineteenth century and the rise of nationalist challenges to liberalism in the 1930s. These rich historical case studies reveal the uneven processes through which ideas of honor and status came to depend more on achievements such as education and employment and less on the birthright privileges that were the mainstays of honor during the colonial period. Whether considering court battles over lost virginity or police conflicts with prostitutes, vagrants, and the poor over public decorum, the contributors illuminate shifting ideas about public and private spheres, changing conceptions of race, the growing intervention of the state in defining and arbitrating individual reputations, and the enduring role of patriarchy in apportioning both honor and legal rights. Each essay examines honor in the context of specific historical processes, including early republican nation building in Peru, the transformation in Mexican villages of the cargo system by which men rose in rank through service to the community, the abolition of slavery in Rio de Janeiro, the growth of local commerce and shifts in women's status in highland Bolivia, the formation of a multiethnic society on Costa Rica's Caribbean coast, and the development of nationalist cultural responses to U.S. colonialism in Puerto Rico. By connecting liberal projects that aimed to modernize law and society with popular understandings of honor and status, this volume sheds new light on broad changes and continuities in Latin America over the course of the long nineteenth century.

Andean Lives Ricardo Valderrama, Fernández, Carmen Escalante Gutiérrez, 2010-07-05. Gregorio Condori Mamani and Asunta Quispe Huamán were runakuna, a Quechua word that means people, and refers to the millions of indigenous inhabitants neglected, reviled, and silenced by the dominant society in Peru and other Andean countries. For Gregorio and Asunta, however, that silence was broken when Peruvian anthropologists Ricardo Valderrama, Fernández, and

Carmen Escalante Gutierrez recorded their life stories. The resulting Spanish Quechua narrative published in the mid 1970s and since translated into many languages has become a classic introduction to the lives and struggles of the people of the Andes. *Andean Lives* is the first English translation of this important book. Working directly from the Quechua, Paul H. Gelles and Gabriela Martinez Escobar have produced an English version that will be easily accessible to general readers and students while retaining the poetic intensity of the original Quechua. It brings to vivid life the words of Gregorio and Asunta, giving readers fascinating and sometimes troubling glimpses of life among Cuzco's urban poor with reflections on rural village life, factory work, haciendas, indigenous religion, and marriage and family relationships.

Weaving a Future Elayne Zorn, 2004. The people of Taquile Island on the Peruvian side of beautiful Lake Titicaca, the highest navigable lake in the Americas, are renowned for the hand-woven textiles that they both wear and sell to outsiders. One thousand seven hundred Quechua-speaking peasant farmers who depend on potatoes and the fish from the lake host the forty thousand tourists who visit their island each year. Yet only twenty-five years ago few tourists had even heard of Taquile. In *Weaving a Future*, Tourism, Cloth, and Culture on an Andean Island, Elayne Zorn documents the remarkable transformation of the isolated rock

Dancing Spirit, Love, and War Evadne Kelly, 2019-07-09. Meke, a traditional rhythmic dance accompanied by singing, signifies an important piece of identity for Fijians. Despite its complicated history of colonialism, racism, censorship, and religious conflict, meke remained a vital part of artistic expression and culture. Evadne Kelly performs close readings of the dance in relation to an evolving landscape following the postcolonial reclamation that provided dancers with political agency and a strong sense of community that connected and fractured Fijians worldwide. Through extensive archival and ethnographic fieldwork in both Fiji and Canada, Kelly offers key insights into an

underrepresented dance form region and culture Her perceptive analysis of meke will be of interest in dance studies postcolonial and Indigenous studies anthropology and performance ethnography and Pacific Island studies

Itinerant Ideas Joanna Crow, 2022-09-10 This book explores how ideas about race travelled across national borders in early twentieth century Latin America It builds on a vast array of scholarly works which underscore the highly contingent and flexible nature of race and racism in the region The framework of the nation state dominates much of this scholarship in part because of the important implications of ideas about race for state policies This book argues that we need to investigate the cross border elaboration of ideas that informed and fed into these policies It is organized around three key policy areas labour cultural heritage and education and focuses on conversations between Chilean and Peruvian intellectuals about the indigenous question Most historical scholarship on Chile and Peru draws attention to the wars fought in the nineteenth century and their long term consequences which reverberate to this day Relations between the two countries are therefore interpreted almost exclusively as antagonistic and hostile Itinerant Ideas challenges this dominant historical narrative
