Brendan Cropley, Zoe Knowles

Shared Reflections Of My Impressions:

Norms, Realities and Lies Juan Antonio Rodriguez, 2005 Norms Realities and Lies is a poetry collection that explores some current social religious and personal issues in verse It is a call for the recognition of the oppression of social norms and religious dogmas on the individual The author stresses emphasis on individualism and spiritualism as factors that can truly free humanity to live a happier life Furthermore it confronts stereotypes that are based on weight height physical attraction language and culture just to name a few Norms Realities and Lies overtly points out how most of us have preconceived notions of others based on some imaginary measure of human worth that uses physical appearance as its foundation without actually getting to personally know an individual The importance of the recognition of each matchless individual as a cure for prejudice is also evident Dr Rodriguez maintains the same precision and beauty in Norms Realities and Lies as he does in all of his previous seven poetry collections Juan Antonio Rodriguez BA MA Ph D was born in the Dominican Republic and was raised in New York City He has written six academic books on English instruction and seven collections of poetry five in Spanish and two in English One of his books won an international sonnet prize El Premio Internacional El Eria de Sonetos 2003 in Spain

Shared Reflections of My Impressions Juan Antonio Rodriguez, 2004-06-01 The book s title embraces this writer s concept of poetry writing Juan Rodriguez shares his reactions to critical issues and experiences lived in New York Texas California and the Dominican Republic and his cruises to other countries These poems present many facets of life through the impressions within the soul of this bilingual bicultural poet whose horizon transcends cultural boundaries with passion and eloquence This work covers human aspects of life in a manner that only a sensitive and experienced poet can reflect Different phases of life in America are presented through the reflections of a young man a mature man and a middle aged man whose soul and passion extend throughout the book The collection is varied in topics and style and it demonstrates as similar a command of language as his five Spanish poetry books do Dr Rodriguez writes to communicate feelings and concepts with precision not to confuse or to impress
