She Is With Angels My Mothers Suicide A Childs Journey:

She is with Angels August Swanenberg, 2001 *She Is With Angels* recounts the journey from a child's encounter with mental illness and suicide to the adult's quest for understanding the mysteries from thirty years ago. August's childhood is changed forever when his mother becomes clinically depressed. After five years of struggle, his mother ends her life. August, his brother, and his father face their own and other people's taboos about mental illness and suicide. After his father dies many years later, August discovers carefully hidden notes that help him to understand what happened to his mother. *She Is With Angels* is written for survivors of suicide and for those who have experienced mental illness either first hand or through family members or friends. Each year in the U.S. 32,000 people die from suicide, more than from murder. Suicide is the leading cause of death among adolescents. A suicide occurs every 15 minutes in the U.S. and it is estimated that an attempt is made about once a minute. Over 40 million Americans will suffer an episode of depression during their lifetimes. One in four families will directly feel the impact of mental illness. [New Books on Women and Feminism](#), 2004
